Dear Fair Political Practices Commission,

Our elected DA, Mark Peterson, has been caught misusing funds. It wasn't a one time deal, the abuse of power has been going on for years. Before you pen your resolve I respectfully request for you to ask yourself,

'How would I feel if I lived in Contra Costa County with a DA that has a history of not embracing the laws?'

Mark Peterson is a criminal, needs to be made financially and criminally responsible. You have power and resources to help the people of the county, please refer this case to the attorney general in addition to a sever financial penalty.

Fed Up Contra Costa Resident (Pacheco),
