**In the Matter of Robert Lovingood; FPPC No. 14/1149**

The FPPC should feel insulted by San Bernardino Supervisor Robert LOVINGOOD'S unbelievable excuse and that the weak punishment of \$6,000 does not serve as an appropriate deterrent for future politicians thinking about playing fast and loose with the law. This is a travesty and mockery of justice. It's also offensive that LOVINGOOD he can pay that fine out of his campaign account.

I am fed up with corrupt politicians abusing their power and getting slapped on the wrist.

I ask that the FPPC pull his item from the March 16 consent calendar.

Thank you in advance for reviewing my request.
