Dear Chairman Miadich, Commissioners Cardenes, Hatch, Hayward General Counsel Bainbridge, and Assistant General Counsel Brian Lau,

My name is Muni Madhhipatla and I am a resident of Cupertino for 7 years living more than 1 mile away from closest edge of Vallco property.

Thank you for ruling in favor of residents voice by allowing our elected council member and vice mayor Ms. Liang Chao to weigh in on Vallco development proposals. This is important in our democracy as every citizen should be heard and their voice should be respected.

I understand the Vallco developer Sandhill Properties has filed an appeal to get Ms.Chao disqualified from weighing on their development proposals. Ms. Chao was elected with record breaking vote tally of 2nd highest votes in 2018 breaking a record that stood for ~20 years. It would be a travesty to our democracy if she were to be disallowed from voting on Vallco development proposals.

I humbly request you to uphold your previous ruling by allowing Ms. Chao to vote on Vallco matters.

Thank you for listening.

Respectfully,  
Muni Madhhipatla  
Cupertino Resident
