Subject: RE fining Susan Shelley.

Warning: it will NOT GO WELL at election time for politicrats who insist on fining Susan Shelley "for being late" (due to unnecessary delays in obtaining info, etc.) in handing report in 2013... Mr. Newsom's head is now formally on the block due to some rather arbitrary decisions he has made for the citizens of Cal and it will be quite easy to tar any politicians behaving as he does with his brush. They can be the next in line for the old block at voting time...plus, Susan has the PUBLIC FORUM. This is what got D.T. elected and the eyes of Joe Citizen opened...
The current Democrat regime in Cal. is next to go....
