Status: Passed; final vote 66-0

Summary:

Existing law under the Act prohibits an officer of an agency from accepting, soliciting, or directing a contribution of more than \$250 from any party, participant, or a party or participant's agent, while a proceeding involving a license, permit, or other entitlement for use is pending before the agency and for 3 months following the date a final decision is rendered in the proceeding, if the officer knows or has reasons to know that the participant has financial interest, as defined. The Act also prohibits a party, participant, or participant's agent from making a contribution of more than \$250 to an officer of the agency during the proceeding and 3 months following the date of the final decision. The

Act exempts certain entities from these requirements, including local government agencies whose members are directly elected by the voters.

SB 1439 would remove that exception for local government agencies, thereby subjecting them to the prohibition described above.

The bill would additionally:

- Apply the contribution limits above to contributions from a spouse of a party if the contribution was made from a joint account.
- Extend the prohibition on contributions from 3 to 12 months following the date a final decision is rendered in the proceeding.
- Allow an officer to cure a violation for an improper contribution accepted after the proceeding by returning the contribution within 14 days, if the acceptance was not knowing and willful.
