EXTERNAL EMAIL

Good Afternoon,

I hope this message finds you well. I am writing to express our disappointment and concern regarding the recent FPPC ruling on the Form 700 filing.

We were recently approved to use Netfile for filing Form 700s, and we were never notified about any potential changes to the filing process or regulations prior to September. Had we received any such notice, we would have reconsidered acquiring Netfile, which required a substantial investment in both financial resources and staff time to configure and implement.

Given the significant efforts and costs we have already incurred, we kindly request that the FPPC consider making an exception for organizations like ours that have already implemented systems under the previous guidelines. This would greatly help mitigate the unforeseen impact this ruling has on our operations.

Thank you for your attention to this matter.

Kimberly Guillen
