INTRODUCTION

The purpose of California’s Political Reform Act (“Act”) is to ensure that disclosure of political payments is accurate, timely, and made in a transparent manner. Clear and accurate disclosure is essential for making voters aware of who is paying for political messages so they may evaluate the content and make informed decisions when voting.

In California, the true source of a contribution must be disclosed. This manual sets out the campaign reporting requirements for primarily formed ballot measure committees and general purpose ballot measure committees.

Since the Political Reform Act was approved by California voters in 1974, there have been more than 200 amendments to the Act’s campaign disclosure provisions. This manual has been prepared to assist committees in complying with the Act’s numerous and often detailed rules. The manual is written in a “user friendly” format so that committees have a resource guide. Each chapter provides a list of statutes and regulations that provide authority for the information in that chapter. The statutes and regulations may be accessed on the FPPC website.

In addition, federal and state tax laws and other rules may also apply. The Appendix contains telephone numbers and website addresses for the Federal Election Commission, the Internal Revenue Service, the California Franchise Tax Board, and the Federal Communications Commission.

Controlling Law

This manual summarizes key campaign disclosure laws and regulations and draws from years of FPPC staff advice on complying with the Act’s campaign disclosure laws. Each committee’s activity is different, however, and may raise issues not discussed in this manual. If there are any discrepancies between the manual and the Act or its corresponding regulations, the Act and its regulations will control.

Need Help?

If you need assistance, the Fair Political Practices Commission (FPPC) provides advice by email and through a toll-free telephone advice line. The FPPC does not provide third party advice or advice on past conduct. The FPPC website (www.fppc.ca.gov) contains forms, manuals, and a wealth of other helpful information.

WHAT IS A CALIFORNIA BALLOT MEASURE COMMITTEE?

This manual is for “primarily formed” and “general purpose” ballot measure committees. A ballot measure committee is any person or group receiving contributions of \$2,000 or more in a calendar year for the qualification, passage, or defeat of a ballot measure or ballot measures. Certain multipurpose organizations (e.g., nonprofits) may qualify as ballot measure committees. (See Chapter 13.)

A. What is a Measure?

Under the Political Reform Act (“Act”), “measure” includes any proposition that is submitted or is intended to be submitted to a popular vote at an election by initiative, referendum, or recall procedure whether or not it qualifies for the ballot. An initiative, referendum, or recall becomes a measure when the proponents begin to circulate signature petitions to qualify the proposal for the ballot.

A “measure” also includes any constitutional amendment or other proposition, including an advisory ballot question, which is submitted to a popular vote at an election by action of a legislative body (e.g., city council or county board of supervisors). A proposition becomes a measure when the legislative body takes the action necessary to submit the proposition to the voters.

A Local Agency Formation Commission (LAFCO) proposal is considered a measure from the outset. For example, it may begin when a county, city or district proposes a change of organization by adopting a “resolution of application” or when voters or landowners circulate a petition for a change of organization. See Government Code Sections 56069 and 56067.

A “measure” also includes elections held for general and special taxes placed on the ballot by local governments for voter approval as required by Proposition 218. However, “measure” **does not include** the mail ballot and protest procedures for property-related assessments required by Proposition 218.

Once a proposal becomes a “measure,” all contributions received and expenditures made to influence voters for or against qualification or passage of the measure must be reported. This includes funds received prior to the measure’s qualification as discussed later in the chapter.

Proposal	Measure?
School bond placed on the ballot for voter approval.	Yes
Local citizens circulate petition to incorporate a new city. The petition must be submitted to the Local Agency Formation Commission (LAFCO).	Yes
An irrigation district wishing to expand its function approved a resolution of application to submit to the county’s LAFCO.	Yes
Initiative campaign begins gathering signatures but does not receive the necessary number of signatures to qualify for the ballot.	Yes
City council places a one-half cent sales tax increase on the ballot.	Yes
A special district informs property owners of a new benefit assessment. A group of owners campaigns to defeat the assessment in the mail ballot election to follow.	No
A group of residents circulates a petition to recall a local elected official.	Yes

B. Recall Elections

A recall election has the characteristics of both a ballot measure election and a candidate election:

- (1) Should the officeholder be recalled? (Ballot measure election.)
- (2) Who should replace the recalled officeholder? (Candidate election.)

A committee that is formed to support or oppose the recall is considered to be a primarily formed ballot measure committee and should use this manual. An officeholder who is the subject of a recall should use this manual if they establish a new committee for the purpose of defeating the recall. An officeholder who uses their election committee to oppose the recall should use the campaign manual for candidates. A candidate to replace the officeholder should also use the campaign manual for candidates. See Regulation 18531.5 for more information about recall elections. Local jurisdictions may have additional disclosure requirements for recall committees. Contact the local agency for guidance.

C. Multipurpose Organizations Spending on Ballot Measures

If a multipurpose organization (e.g., nonprofit, federal PAC, out-of-state PAC) makes contributions or expenditures to support or oppose a ballot measure, the organization may be required to file campaign reports. If the organization makes independent expenditures of \$1,000 or more to support or oppose a ballot measure, it will qualify as an independent expenditure committee. (Campaign Disclosure Manual 6 describes the reporting requirements for independent expenditure committees.) If the organization makes contributions of \$10,000 or more to support or oppose a ballot measure, it will qualify as a major donor committee. (Campaign Disclosure Manual 5 describes the reporting requirements for major donor committees.)

QUICK TIP: A multipurpose organization (MPO) that qualifies as a recipient committee by spending on a ballot measure (as described in Chapter 13) will qualify as either a primarily formed ballot measure committee or a general purpose ballot measure committee. When determining which type of committee it qualifies as, the organization includes only its payments for contributions and expenditures in California. Many MPOs qualify as primarily formed if they are spending on one measure or multiple measures on one ballot.

If a multipurpose organization makes contributions or expenditures totaling more than \$50,000 in a period of 12 months or more than \$100,000 in a period of four consecutive calendar years, or specifically solicits funds to use on a measure, it may qualify as a recipient committee and be required to disclose its political expenditures and the donors whose funds were used to make the expenditures. See Chapter 13 for the reporting requirements for multipurpose organizations that are making contributions or expenditures to support or oppose California ballot measures.

Ex 1.1 - Citizens for Public Libraries is a multipurpose organization. The organization sends a mailer to its members asking for \$200 for the sole purpose of supporting library bond measures throughout the state and at various elections. Once \$2,000 is received, the organization qualifies as a general purpose ballot measure committee because it will be supporting bond measures in several counties and cities. If the committee spends more than 70 percent of its funds on a single election, it will become a primarily formed ballot measure committee.

D. Determining if the Committee is Primarily Formed or General Purpose

“Primarily Formed” Ballot Measure Committees

A committee is “**primarily formed**” to support or oppose a ballot measure if:

- The committee is created for the purpose of running the principal campaign for or against a single measure or two or more measures being voted on in the same election;
- The committee’s primary purpose and activities are to support or oppose a single measure or two or more measures being voted on in the same election; or
- The committee makes more than 70 percent of its total contributions and expenditures to support or oppose a single measure or two or more measures being voted on in the same election. The time period for determining the committee’s total percentage is the immediately preceding 24 months or the current two-year period beginning with January 1 of an odd-numbered year.

QUICK TIP: Primarily formed committees that qualify within 90 days before the election, or on the date of the election, are required to report contributions of \$1,000 or more received during those 90 days or on the date of the election within 24 hours. If the committee qualifies outside of the 90-day election cycle, it must report contributions received of \$5,000 or more within 10 days.

A committee that is primarily formed within 90 days prior to an election must maintain that status up to the date of that election and through the end of the post-election reporting period.

New committees: A committee that is formed within six months of a statewide regular primary or general election, or within 30 days of a state special election, is presumed to be primarily formed if the committee makes at least \$25,000 in independent expenditures to support or oppose a state measure listed on that ballot. The presumption may be rebutted under certain circumstances.

Any other committee that is formed within six months of an election in connection with which the committee makes contributions and expenditures must determine if it is primarily formed at the end of each month prior to the election. The review is not required if the committee has not made contributions and/or expenditures of \$1,000 or more to support or oppose measures during that month.

Ex 1.2 - A local agency places a measure on the November ballot to outlaw cigarette smoking anywhere within the city limits. A group of citizens raises \$2,000 or more to buy newspaper ads to encourage their neighbors to vote for the new law. The group is a primarily formed ballot measure committee.

Ex 1.3 - A city council approves a zoning ordinance. A group of companies attempt to qualify a referendum on the ordinance; the group is a primarily formed ballot measure committee.

Ex 1.4 - A community college district places a bond measure before the voters. The district boundaries include parts of three counties. Any committee formed only to support or oppose the measure would be a primarily formed ballot measure committee because the measure is being voted on at a single election in a single multi-county jurisdiction.

Ex 1.5 - A group of businesses and trade associations formed a committee for the sole purpose of supporting two state ballot measures and opposing one state ballot measure, all of which are listed on the November ballot. The committee must register as a primarily formed ballot measure committee.

“General Purpose” Ballot Measure Committees

A “**general purpose**” ballot measure committee is formed to support or oppose ballot measures in more than one election or in more than one jurisdiction. Typically, a general purpose ballot measure committee’s purpose is related to a specific issue(s). These committees are often referred to as “issues” committees and will spend money in connection with ballot measures related to the specific issue(s). While a primarily formed ballot measure committee is typically formed for a single election, a general purpose ballot measure committee may be active for a number of years.

E. Changing Committee Status from General Purpose to Primarily Formed

A general purpose ballot measure committee is required to review its expenditures on a quarterly basis if it is close to triggering the primarily formed committee threshold because its spending is concentrated on a single measure or two or more measures on a single ballot.

If a general purpose committee, after reviewing its expenditures, determines that more than 70 percent of its total contributions and expenditures made were to support or oppose a single measure or two or more measures on the same ballot, it must change its status to a primarily formed ballot measure committee if the committee also:

- Made at least \$100,000 of contributions and/or expenditures to support or oppose a single state measure or two or more state measures on the same ballot; or
- Made at least \$10,000 of contributions and/or expenditures to support or oppose a single local measure or two or more local measures on the same ballot.

If it is determined that the committee’s status has been changed to “primarily formed,” the committee must file an amended Form 410 to change the committee type and the committee name. The committee naming requirements are discussed later in this chapter.

A general purpose ballot measure committee that becomes primarily formed within 90 days prior to an election must maintain its primarily formed status up to the date of that election and through the end of the post-election reporting period.

A primarily formed ballot measure committee has different reporting requirements than a general purpose ballot measure committee. Some of the key differences are:

- **Committee Name:** A primarily formed ballot measure committee must include specific identifying information in the committee name, such as the measure number or letter and whether the committee supports or opposes the measure.
- **Advertisement Disclosures.** A primarily formed ballot measure committee must include specific disclosures on certain advertisements.
- **24-Hour/10-Day Reports.** A primarily formed ballot measure committee must report receipt of each contribution totaling \$1,000 or more within 24 hours during the 90 days before the election, including the date of the election.
- **State Committees - \$5,000 Reports.** A **state** primarily formed ballot measure committee that is required to file electronically with the Secretary of State must report each contribution of \$5,000 or more received at any time, other than during the 90-day election cycle, within 10 days.

F. Controlled and Sponsored Ballot Measure Committees

A ballot measure committee may also be “controlled” by a candidate or state ballot measure proponent, or it may be “sponsored” by an entity or organization.

Controlled Ballot Measure Committees

A ballot measure committee is considered to be controlled by a candidate if the candidate (or their representative) has significant influence on the actions or decisions of the committee. A primarily formed or general purpose ballot measure committee that is controlled

by a state or local candidate has additional disclosure requirements when reporting expenditures made for gifts, meals, and travel. (See Chapter 9.) If the committee is controlled by a state candidate, it is also subject to certain restrictions and other additional reporting requirements, as discussed throughout this manual. (See Regulations 18421.8 and 18521.5 for more information.)

A ballot measure committee is considered to be controlled by a state measure proponent if the proponent or their agent has significant influence on the actions or decisions of the committee.

QUICK TIP: A committee may have more than one sponsor, but an individual is never considered a sponsor. If you are uncertain whether your committee is controlled or sponsored (it cannot be both), contact the FPPC.

Sponsored Ballot Measure Committees

A ballot measure committee is considered to be sponsored by an entity or organization if the entity or organization (including a multipurpose organization such as a nonprofit entity) does any of the following:

- Contributes 80 percent or more of the committee's money.
- Collects money for the committee using payroll deductions or dues.
- Provides all or nearly all the administrative services for the committee.
- Sets the policies for soliciting or spending committee funds.

G. Qualifying and Registering as a Primarily Formed Ballot Measure Committee

A person or group qualifies as a primarily formed ballot measure committee upon receiving contributions of \$2,000 or more in a calendar year. The obligation to begin reporting contributions received and expenditures made arises when a proposal becomes a measure.

For example, if a group of citizens begins collecting funds to qualify a measure; those funds are reportable once the petition circulation begins. As discussed below, certain contributions received and expenditures made before the reporting requirements were triggered may be reportable.

A person or group must file a Statement of Organization (Form 410) within 10 calendar days of qualifying as a committee. If the person or group raises \$2,000 or more before a proposal becomes a measure, the 10-day period for filing the Form 410 begins the first day proponents begin to circulate petitions or when the legislative body acts to place the proposal on the ballot. If a person or group begins to raise contributions after the proposal becomes a measure, the 10-day period begins on the day the group raises \$2,000 or more.

Once a person or group qualifies as a committee, reporting obligations are triggered, including the 24-Hour/10-Day contribution reports. If the committee qualifies in the 90 days before the election, or on the date of the election, it must file the Form 497 (24-Hour/10-Day Contribution Report) to report contributions received of \$1,000 or more within 24 hours. **The Form 497 is often the first report a committee must file. See Chapter 8 for more information about the Form 497.**

Ex 1.6 - A statewide initiative is being drafted. In anticipation of the initiative qualifying for the ballot, a group sends solicitation requests to oppose the proposal and raises \$20,000. The group is not required to file disclosure reports listing the sources of the \$20,000 until the proponents sponsoring the initiative begin to circulate petitions. On the first day the petition circulation begins, the group opposing the measure qualifies as a committee and is subject to reporting obligations. The committee must file a Statement of Organization, Form 410, within 10 calendar days. The committee is also required to file quarterly, semi-annual, and pre-election statements as well as special reports discussed in this manual.

Committees Primarily Formed to Oppose the Qualification of a Measure

A committee that is formed to oppose the qualification of a measure must begin to file campaign disclosure statements once the proponents begin to circulate petitions. Because the actual date that petition circulation begins can vary, opposing committees often begin filing as soon as \$2,000 or more is received or as soon as they know the date of “proof of publication” (for local measures) or the date of “issuance of title and summary” (for state measures).

H. Reporting Contributions and Expenditures Before the Proposal Became a Measure

Once a proposal becomes a measure, a primarily formed ballot measure committee must begin reporting contributions received and expenditures made, including certain contributions received and expenditures made before the proposal became a measure.

Contributions Received Before the Proposal Became a Measure

The committee must disclose the names of contributors who knew or had reason to know their contributions would be used to support or oppose the qualification or passage of the measure. A contributor would have reason to know if, for example, the committee had sent out a solicitation or placed an advertisement asking for contributions for petition circulation or to support or oppose the measure.

Expenditures Made Before the Proposal Became a Measure

The following expenditures may be reportable even if the payments were made before the proposal became a measure:

- The cost of a poll or survey if the results are used in a communication to influence voters regarding the qualification or passage of a measure.
- Payments to defray the costs of conducting an election.
- Filing fees.
- Legal costs related to gaining or retaining a place on the ballot, or keeping a measure off the ballot.

Common expenditures that are not reportable include:

- The cost of a poll or survey to determine the feasibility of drafting a measure if the results are not used in a communication to influence voters.
- Certain legal costs incurred prior to the circulation of petitions, including legal costs related to drafting the proposed measure.

Committees primarily formed to support or oppose a LAFCO proposal are not required to report the following expenditures:

- Payments made for the cost, including staff time, of preparing reports, studies or analyses, including environmental impact reports, feasibility studies, and fiscal analyses.
- Processing fees and similar fees paid to a LAFCO.

I. Receiving Funds for Litigation Expenses

If a person or group receives payments for litigation expenses related to a ballot measure (e.g., to challenge the measure's placement on the ballot), and the payments are received for "political purposes," the person or group may qualify as a recipient committee. The determination as to whether or not the payments are received for political purposes is based on the facts of the case. It is best to email your facts to the FPPC for advice, but some common issues relating to litigation are described below.

QUICK TIP: If an existing committee pays for litigation expenses in connection with a ballot measure, the expenses are reportable.

- **Measure's Description.** Generally, if a person or group raises money to challenge the wording of a measure's description in the ballot pamphlet, the payments are made for the purpose of influencing voters, so they may cause the person or group to become a recipient committee.

- **Petition Signatures.** If a person or group raises money to challenge the validity of petition signatures, if the outcome is expected to affect the election, the payments may cause the person or group to become a recipient committee.
- **Constitutionality.** If a person or group receives money for the sole purpose of challenging the constitutionality or legality of a newly-enacted law approved by a ballot measure, such payments are generally not made to influence voters and the person or group would not become a recipient committee.

J. Naming a Primarily Formed Ballot Measure Committee

The Act requires that primarily formed ballot measure committees include specific identifying information in the committee's name, including each of the following:

- **Sponsor.** If the committee is sponsored, the name of the sponsor. If the committee has more than one sponsor and the sponsors are members of an industry or other identifiable group, a term identifying the industry or group.
- **Controlling Candidate.** If the committee is controlled by a **state or local** candidate, the last name of the controlling candidate. If the committee is controlled by a **state** candidate, the committee name must also expressly state that it is a ballot measure committee.

QUICK TIP: Ballot measure committees controlled by state elected officials or candidates are subject to additional restrictions. See Regulation 18521.5.

- **Measure Identification.** The measure's ballot number or letter and the committee's position on the measure. For example, "a committee for Proposition ____"; "a committee against Proposition ____"; "Yes [or No] on Proposition ____"; "Yes [or No] on ____"; or, "Yes [or No] on Measure ____" are all acceptable.

- **Recall.** If the committee is primarily formed to support or oppose the recall of an officeholder, the name of the officeholder who is the subject of the recall and whether the committee supports or opposes the recall must be in the name of the committee. A committee formed by an officeholder who is the subject of a recall must include the word “recall” in the name of the committee.

It may be necessary to change the name of the committee during the course of the campaign. For example, as new contributions are received, the sponsor(s) of the committee may change. The discussion later in this chapter details the deadlines for certain changes that must be identified on the Form 410.

QUICK TIP: The FPPC provides a Fact Sheet on Committee Naming Requirements.

QUICK TIP: No number/letter designation yet? Use a temporary name such as “Yes for Kids” and include a description of the committee’s intended activities on the Form 410. Amend the Form 410 within 10 days of when the measure is designated with a number/letter to: Yes for Kids, Committee for Proposition ___.

The following are examples of acceptable names for primarily formed ballot measure committees.

Ex 1.8 - A local tax measure would increase the city’s sales tax with all funds earmarked for firefighting services. A local firefighter’s union formed a primarily formed ballot measure committee and raised a total of \$5,000 from its members to support the measure.

The committee must include the name of the union in the name of the committee because it qualifies as a sponsor, and it must identify that it supports the measure: “The Pasadena Firefighters, Local 1210 Committee for Measure A” or “A Committee in Support of Measure A, Sponsored by the Pasadena Firefighters, Local 1210.”

Ex 1.9 - Jerry Fair is the subject of a recall. They form a separate committee and raise \$10,000 to oppose the recall.

The committee name must include the name of the officeholder and include the word “recall.” “A Committee Against the Recall of Jerry Fair” or “The Committee to Oppose the Recall of Jerry Fair.”

Ex 1.10 - A group of individuals representing their businesses establishes a bank account to raise contributions to support a transportation bond measure. ABC Company provides all of the administrative support for the primarily formed ballot measure committee. No other business qualifies as a sponsor. The committee raises \$15,000.

The committee name must include the name of the sponsoring business and must identify that it supports the measure. “The Committee in Support of Measure X, Sponsored by ABC Company” or “Yes on Measure X, Sponsored by ABC Company.”

Ex 1.11 - A group collects \$3,000 and all contributions were under \$100 and from individuals. The committee is formed to support a library tax measure.

The primarily formed ballot measure committee name must identify that it is in support of the measure. “Committee to Support Measure B” or “Yes on Measure B Committee.”

Ex 1.12 - Proposition 110 is a state ballot measure that will provide bond funding specifically for improving the state parks system. The committee primarily formed to support the measure received two contributions of \$50,000 or more; \$75,000 from the Parkland Foundation and a personal contribution of \$55,000 from Linda Nelson. The administrative support for the measure is provided by a union representing park rangers, Park Rangers, Local 1010. All additional contributions are less than \$50,000. No candidate controls the committee and no other entity qualifies as a sponsor.

The committee name must identify: 1) the sponsor, and 2) the committee's position on the measure.

"Citizens for Proposition 110, a Committee in Support of Expanding California Parks, Sponsored by the Park Rangers, Local 1010" or "Support Proposition 110, Sponsored by the Park Rangers, Local 1010."

NOTE: Advertisements must indicate that major funding was provided by the Parkland Foundation and Linda Nelson. See Chapter 7.

Ex 1.13 - Senator O'Leary supports Proposition 114, a measure that would fund state museums, and contributes \$100,000 from their reelection committee to the committee primarily formed to support the measure. The committee has also received a contribution of \$75,000 from the California Museum Curators Association. No contributor qualifies as a sponsor and no other contribution of \$50,000 or more was received. Senator O'Leary Controls the committee.

The committee name must include the senator's name and whether the committee supports or opposes the measure. Examples of names would include: "Increase Funding for State Museums, Yes on Proposition 114 controlled by Senator O'Leary," or "Yes on Proposition 114, a Measure to Fund State Museums controlled by Senator O'Leary."

Ex 1.14 - Assembly Member Chiu controls a primarily formed ballot measure committee to support a statewide measure to increase the sales tax. All contributions are less than \$5,000.

The committee name must include the Assembly Member's last name, expressly state that it is a ballot measure committee, and the committee's position on the measure. "Assembly Member Chiu's Ballot Measure Committee to Support Proposition 115."

K. Qualifying and Registering as a General Purpose Ballot Measure Committee

Typically, a general purpose ballot measure committee is formed when a person or group sends solicitations asking for contributions that will be used for future ballot measures related to a particular issue. Once the person or group receives \$2,000 or more in a calendar year, the person or group qualifies as a general purpose ballot measure committee.

The committee must file a Statement of Organization (Form 410) within 10 calendar days of qualifying as a committee and begin reporting contributions received and expenditures made on the campaign reports discussed in this manual.

Ex 1.15 - Several corporations begin soliciting funds for the purpose of opposing several foreseeable environmental measures relating to water distribution rights. At the time donors were solicited there was discussion of a possible local measure or a state referendum; however, no measure had qualified for a ballot. The group will not make expenditures in connection with candidate elections or to other political committees such as a political party. The group is a general purpose ballot measure committee.

L. Naming a General Purpose Ballot Measure Committee

The name of a general purpose ballot measure committee must include both of the following, if applicable:

- **Sponsor.** If the committee is sponsored, the name of the sponsor. If the committee has more than one sponsor and the sponsors are members of an industry or other identifiable group, a term identifying the industry or group.
- **Controlling Candidate.** If the committee is controlled by a **state or local** candidate, the last name of the controlling candidate. If the committee is controlled by a **state** candidate, the committee name must also expressly state that it is a ballot measure committee.

Ex 1.16 - Senator White is raising funds for future ballot measures related to education reform. Acceptable names for the general purpose ballot measure committee include “Education Performance, a ballot measure committee controlled by Senator White” or “Californians for Education Reform, a ballot measure committee controlled by Senator White.”

Ex 1.17 - A trade association collects contributions for its general purpose ballot measure committee which supports or opposes health related measures depending upon the particular measure’s content. Because the trade association qualifies as a sponsor, the trade association’s name must be in the name of the committee. For example, Voters for Wellness, sponsored by the ABC trade association or ABC trade association’s sponsored issues committee.

M. Statement of Organization (Form 410)

Before money is raised or spent in connection with an election, committee treasurers should become familiar with the various campaign disclosure forms applicable to the type of campaign or committee involved. This section describes how to complete and file the Statement of Organization (Form 410).

A recipient committee is required to file the Form 410, which provides the public with information about the purpose of the committee and identifies the committee's treasurer. The Form 410 also identifies the committee's controlling candidate or state measure proponent, if any. A ballot measure committee that is not controlled by a candidate must identify the committee's "principal officer(s)."

A principal officer is an individual that is responsible for the following type of activities:

- Authorizing the content of committee communications
- Authorizing expenditures
- Determining the committee's campaign strategy

If the committee has more than three principal officers, only three must be identified on the Form 410.

QUICK TIP: If a person or group qualifies as a committee within the 90 days before an election, including the date of the election, and the committee receives contributions of \$1,000 or more or makes contributions of \$1,000 or more to a candidate or another ballot measure committee, the Form 497 (24-Hour/10-Day Contribution Report) must be filed. The Form 497 may need to be filed before the Form 410 has been filed. See Chapter 8 for information about the Form 497.

Annual Committee Fees

All committees that file a Form 410 must pay a \$50 fee to the Secretary of State no later than 15 days after the Form 410 is filed. Committees must pay the fee annually by January 15 until the committee terminates. Committees that are created and pay the initial \$50 fee in October, November, or December of a calendar year are not subject to the annual fee in the subsequent year. A committee that fails to timely pay the fee is subject to a penalty of \$150.

QUICK TIP: Although the Secretary of State assigns committee identification numbers, because the numbers are required on FPPC forms, many people refer to the numbers as “FPPC ID numbers.”

Committee ID Number

Upon receipt of the Form 410, the Secretary of State’s office will assign the committee an identification number. This number is used on all campaign forms. After filing the Form 410, the committee may go to the Cal-Access section of the Secretary of State’s website to obtain the committee identification number. Contact the Secretary of State’s office at (916) 653-6224 with any other questions about committee identification numbers.

A Statement Type

Check the “Initial” box if this is the first filing and indicate the date on which the committee met the \$2,000 threshold or check the “Not Yet Qualified” box if the threshold has not been met. If the “Not Yet Qualified” box is checked, an amended Form 410 must be filed within 10 days of reaching the \$2,000 threshold to provide the date the committee qualified. See Chapter 10 for information about filing a “termination” Form 410.

1 Committee Name

Provide the full name of the committee. See discussion on previous pages and on the form instructions. For multipurpose organizations that qualify as committees, see the committee name information in Chapter 13.

Committee Address

Use a street address as the address of the committee. A post office box may be used as a mailing address. The committee may have more than one mailing address.

County of Domicile and Jurisdiction Where Committee is Active

Indicate the county in which the committee is located and the jurisdiction where the committee is active and must file its campaign statements (i.e., State, County of Sacramento, City of San Diego).

2 Treasurer, Assistant Treasurer, and Other Principal Officers

The committee must have a treasurer and may have an assistant treasurer. Report the names of the treasurer and assistant treasurer along with their mailing addresses, email addresses, and phone numbers. If the committee has principal officers other than the treasurers, list each officer's full name, position held, and street address. If no individual other than the treasurer has the responsibility for approving the political activity of the committee, the treasurer must be identified as both the treasurer and the principal officer.

An individual must be at a minimum 18 years of age to serve as a treasurer, assistant treasurer, responsible officer, or principal officer.

3 Verification

The treasurer or assistant treasurer (if there is one) must complete the verification. In the case of a controlled committee, the treasurer, assistant treasurer (if there is one), **and** the candidate/state ballot measure proponent must sign the verification. If the controlling candidate/state ballot measure proponent serves as the treasurer, they must sign on both lines.

When two or three candidates control a committee, each candidate must sign the verification. If more than three candidates control the committee, one of the candidates may sign on behalf of all controlling candidates.

Bank Account

On page 2 of the Form 410, enter the name and address of the financial institution where the committee's campaign bank account is located, as well as the campaign bank account number. Qualified committees must also list the names of persons, other than the treasurer, who are authorized to obtain the bank records of the committee from the financial institution where the committee bank account is maintained. If there are more than two persons other than the treasurer authorized to obtain the bank records, the committee need only list two persons. Disclose the names in the "Name of Financial Institution and Person(s) Authorized to Obtain Bank Records" field. If additional space is needed, an attachment must be used. If a bank account has not been opened at the time of filing an "Initial" Form 410, amend the Form 410 within ten days of opening the bank account to provide this information. Non-qualified committees are not required to list a bank account or the names of those person(s) authorized to obtain the committee bank records.

4 Type of Committee

Primarily Formed Ballot Measure Committees

Identify the measure's title and, if assigned, the ballot number or letter. State the measure's jurisdiction and whether the committee supports or opposes the measure.

4 Type of Committee Complete the applicable sections.

Controlled Committee

- List the name of each controlling officeholder, candidate, or state measure proponent. If candidate or officeholder controlled, also list the elective office sought or held, and district number, if any, and the year of the election.
- List the political party with which each officeholder or candidate is affiliated or check "nonpartisan." Stating "No party preference" is acceptable.
- If this committee acts jointly with another controlled committee, list the name and identification number of the other controlled committee.

State committees: Prior to the assignment of a state ballot measure number, a committee must also include the Attorney General's Office assigned identification number and title if the committee is one that:

- Submits the proposed state ballot measure to the Attorney General's Office for title and summary;
- Is primarily formed for the measure; or
- Spends \$100,000 or more on circulation of petitions for the state ballot measure.

State and local committees must also complete the sponsored or controlled sections, if applicable.

QUICK TIP: Committees formed to support or oppose the recall of an officeholder are considered primarily formed ballot measure committees. Officeholders may choose to use their existing campaign committees from their last election.

General Purpose Ballot Measure Committees

Mark the appropriate state, county or city box, and provide a brief description of the committee's political activities, such as the types of measures it supports or opposes.

If a general purpose ballot measure committee is controlled by a state candidate or officeholder, each measure on which the committee anticipates spending, or has spent \$50,000 or more in a two year period beginning with January 1 of an odd-numbered year, must be identified. If the measure has not yet received a ballot designation letter or number, a description of the anticipated measure's purpose must be identified. Committee expenditures are restricted to only those related to the measures identified and reasonable fundraising and operating costs. Such committees may not make a contribution to a candidate controlled committee for elective office. Other restrictions also apply. See Regulation 18521.5 for additional information.

N. When & Where to File the Form 410

The original Form 410 is filed with the Secretary of State within 10 days of raising \$2,000 or more in contributions in connection with a measure.

File the paper Form 410 with:

Secretary of State
Political Reform Division
1500 11th Street, Room 495
Sacramento, CA 95814

Filers required to file a report or statement by paper with the Secretary of State may instead file the paper report or statement by email. All statements must be signed using a verified digital signature. Please access the Secretary of State's [website](#) for more information on how to file with a digital signature.

Ex 1.18 – A city council votes to place a bond measure on the ballot. Following the vote, a group of citizens open a bank account and begin collecting money to oppose the measure. The group must file a Statement of Organization, Form 410, within 10 calendar days of raising \$2,000. The committee is also subject to quarterly, semi-annual, and preelection statements, as well as special reports as discussed in this manual.

In addition, if the committee is primarily formed to support or oppose a county or city measure, a copy of the Form 410 must be filed with the county registrar or city clerk, respectively, within the same time frame.

The Form 410 may be filed prior to raising \$2,000, but then must be amended within 10 days to disclose the date qualified as a committee.

24-Hour Deadline for the Form 410

A primarily formed ballot measure committee that qualifies during the last 16 days before the election must file Form 410, **within 24 hours** of qualifying. The Form 410 must be provided to the filing officer with whom the committee will be filing its original campaign disclosure statements by email, fax, guaranteed overnight delivery, online transmission, or personal delivery. In addition, an original Form 410 must be filed with the Secretary of State within 10 days of qualifying as a committee (regular mail or email may be used).

QUICK TIP: If a person or group qualifies as a committee within the 90 days before the election or on the date of the election, contributions received of \$1,000 or more are required to be disclosed within 24 hours. See Chapter 8 for information about the Form 497 (24-Hour/10-Day Contribution Report).

Amendments to the Form 410

When any information on the Form 410 changes, a committee must file an amendment **within 10 days** of the change. However, an exception exists for committees amending their statement of organization to include the numerical or letter designation of the ballot measure. Within 30 days of the number or letter designation for the ballot measure, a committee primarily formed to support or oppose the measure must include the statement, “a committee for Proposition __,” or, “a committee against Proposition __,” whichever is applicable, in any reference to the committee required by law, including the name of the committee.

24-Hour Deadline for Amendments to the Form 410

Changes to important information require a primarily formed ballot measure committee to file an amendment. If, during the last 16 days before the election, any of the following changes occur, the committee must file an amendment to the Form 410 within 24 hours with the filing officer with whom the committee files its original campaign statements:

- The name of the committee
- The treasurer or other principal officers
- Any candidate or state ballot measure proponent who controls the committee
- Any committee with which the committee acts jointly

The amendment provided to the filing officer with whom the committee files its original campaign statements must be delivered by email, personal delivery, guaranteed overnight delivery, fax, or online transmission. The amendment must also be filed with the Secretary of State within 10 days.

Ex 1.19 – Fourteen days before a county election, the group opposing Measure A received a contribution of \$900 bringing their cumulative contributions received to date to \$2,250. Because they qualified as a committee within 16 days before the election on which the ballot measure would be voted, they must file the Form 410 with the **county registrar** within **24 hours** of qualifying as a committee. They must also file an original Form 410 **within 10 days with the Secretary of State**.

Ex 1.20 – The Committee to Protect Our Coast qualified as a committee in May. On July 15, the Secretary of State issued the designated number of the measure for the ballot. By August 14, the committee must file another Form 410 amending its name to include the ballot number and the committee's position. For example, Committee to Protect Our Coast, A Committee for Proposition 310.

O. Campaign Reports

During the 90 days prior to the election, including the date of the election, a primarily formed ballot measure committee is required to report contributions received of \$1,000 or more within 24 hours on the Form 497. At any time other than during the 90-day election cycle, a primarily formed committee must report contributions received of \$5,000 or more within 10 business days on the Form 497. The Form 497 (24-Hour/10-Day Contribution Report) is often the first report a committee is required to file. See Chapter 8 for more information about the Form 497.

In addition, the committee is required to file quarterly, semi-annual, and preelection statements. The Form 460, which details contributions received and expenditures made by the committee, is the main committee report and is used for quarterly, semi-annual, and preelection statements. Committees with little or no activity in a reporting period may be eligible to use the Form 450 (Short Form) or Form 425 (Semi-Annual Statement of No Activity). See Chapter 9 for additional information.

QUICK TIP: State ballot measure committees are required to file electronically with the Secretary of State once they receive contributions totaling \$25,000 or more, or make expenditures totaling \$25,000 or more. See Chapter 10 for information about electronic filing requirements.

Answering Your Questions

A. Must we wait until \$2,000 is received to file the Form 410 (Statement of Organization)?

No. You may file the Form 410 prior to committee qualification. Check the “Not Yet Qualified” box. When the committee qualifies, file an amendment within 10 days to report the date of qualification.

B. May our committee use a mail receiving and forwarding service as the committee’s street address on the Form 410 (Statement of Organization)?

No. A post office box or lock box number is not acceptable as a street address. You may use a post office box address on a mass mailing as long as you indicate this address as your mailing address on the Form 410.

C. As the state ballot measure proponent, may I be the designated treasurer on the Form 410 (Statement of Organization)?

Yes, you may designate yourself as the treasurer or assistant treasurer.

D. Our political action committee has been registered for several years as a general purpose recipient committee and has supported and opposed candidates and measures in various elections. This year, the committee plans to raise and spend the majority of its funds to support a county ballot measure. Must we amend our registration to become a primarily formed ballot measure committee?

Possibly. An existing committee that has reason to know it may qualify as a primarily formed committee must review its status on a quarterly basis to determine whether it is primarily formed. If, upon review, the committee has made more than 70 percent of its total contributions and expenditures to support the county ballot measure, it will be required to change its status from general purpose to primarily formed. (See Regulation 18247.5.)

E. May a candidate control a ballot measure committee? If so, must the candidate file a Form 501 (Candidate Intention Statement) for the committee?

A candidate may control a ballot measure committee so long as the committee's funds are not used to support the candidate's election, or for contributions or independent expenditures to support or oppose another candidate. This manual addresses special rules for such committees. Campaign funds may not be commingled with personal funds. No Form 501 is required.

F. Is my committee required to file the Form 497 (24-Hour/10-Day Contribution Report) even if we have not yet filed the Form 410 (Statement of Organization)?

Yes, if the committee is formed within the 90 days before the election, including the date of the election. Because the Form 497 is required to be filed within 24 hours of receiving a contribution of \$1,000 or more, and generally the Form 410 is not due until 10 days after qualifying as a committee (receiving \$2,000 or more), the committee may be required to file the Form 497 before the Form 410 is due.

G. Earlier this year, our ballot measure committee, Yes on Measure X, Citizens For Grape Valley Expansion, received a contribution of \$35,000 from James & Johansen Housing Developments, LLC. Last week we received another contribution of \$15,000 from the company. Now that we have received \$50,000, must we include a name or phrase that identifies the company in our committee name?

No. Effective January 1, 2018, a ballot measure committee is no longer required to include information related to its major contributors of \$50,000 or more in the committee name. However, the names of the top three contributors of \$50,000 or more are required on certain advertisements. See Chapter 7 for advertisement disclosure rules.

H. If an individual uses personal funds to pay for the required “Notice of Intent to Recall” to be published in the newspaper, does this count toward the committee qualification threshold?

No. The “Notice of Intent to Recall” that is filed in the newspaper is akin to a filing fee. Personal funds that are used to pay filing fees do not count towards the threshold for committee qualification. (See Sections 84101(d) and 84206(b)). In the case of an initiative, referendum, or recall procedure the item becomes a “measure” under the Act when the proponents begin to circulate signature petitions to qualify the measure for the ballot. (See Crane Advice Letter, No. A-15-233.) The Notice of Intent to Recall newspaper publication occurs prior to when the proponents begin to circulate signature petitions to qualify for the ballot. Once a proposal becomes a measure, all contributions received and expenditures made must be reported, including those received and made before the campaign reporting requirements were triggered.

FINANCE RULES

In any campaign, an accurate and organized record must be kept of all campaign receipts and expenditures. All individuals who handle receipts and make expenditures must be aware of and practice the recordkeeping procedures required by the Political Reform Act (“Act”) and FPPC regulations outlined in this manual.

While others may be involved, the treasurer, ballot measure proponent, and principal officer(s), as listed on the committee’s Statement of Organization (Form 410), remain legally responsible for the accuracy of the records.

A. Campaign Bank Account

Primarily formed and general purpose ballot measure committees should maintain a separate bank account. Pre-numbered and pre-printed checks with the committee’s name are useful in complying with the recordkeeping requirements discussed in this chapter. Ballot measure committees may not commingle campaign funds with any individual’s personal funds. The committee may not accept contributions or make expenditures in cash of \$100 or more.

B. Record Retention

Committees must keep all records, including original source documentation such as bank statements and other records reflecting account activity, and copies of completed campaign statements, for a period of four years from the date the campaign statement relating to the records was filed. Exception: The electronic filing declaration required to be filed with Form E-530 (Communications Identifying State Candidates) must be kept for five years following the date the report is filed. (See Chapter 11.)

Ex 2.1 – San Franciscans for Parks, a Committee for Measure F, a city ballot measure committee, filed its first campaign statement on January 31, 2018. The records associated with completing that statement, such as receipts and information on contributors, must be retained until January 31, 2022.

C. Records of Contributions Received

Two types of records are required for receipts: a **daily record**, showing how much money was received on any given day; and a **contributor record**, with detailed information on each contributor of \$25 or more. The daily record requirement may be met simply with bank statements, copies of checks received, and other documentation that reflects a continuous computation of account balances.

Date Received

A monetary contribution is received on the date that the committee, or an agent of the committee, obtains possession or control of the cash, check, or other form of contribution, not the date it is deposited in the bank account. Contributions received by electronic methods such as wire transfer, credit card or debit account transactions are also received on the date the committee obtains possession or control of the funds. The following list provides examples:

- A contributor makes a contribution over the telephone. The contribution is “received” by the committee on the date the contributor gives their debit/credit account information to the committee.
- A contributor makes a contribution via the Internet and the committee reviews the on-line transaction before the contribution is processed. The contribution is “received” by the committee on the date the committee receives the payment information.
- A contributor makes a contribution via the Internet and the funds are transmitted to the committee by direct deposit without review and before transaction reports are produced. The contribution is “received” when the committee has possession of the funds.

- A contributor makes a contribution by text message. The contribution is “received” by the committee on the date that the mobile fundraising vendor, acting as an agent of the committee, obtains possession or control of the contribution and is attributed to the person who subscribes to the cell phone that made the text message.
- A contributor agrees to make contributions via installment payments by authorizing the committee to periodically charge their credit card or withdraw funds from their account. The contribution is “received” when the committee, or an agent of the committee, obtains possession or control of the funds for each installment payment. The contribution reported is only the amount of each installment payment when received. Installment payments scheduled to take place in the future, but not yet received, are not reportable.

Receipts Under \$25

A daily lump sum total must be kept for contributions received under \$25 and miscellaneous receipts under \$25.

Contributor Record

Contributions: \$25 to \$99.99

For each monetary or nonmonetary contribution, loan or receipt of \$25 or more, the date received, amount of the contribution, and full name and address, including zip code, of the contributor must be documented. In addition, the total amount received from the contributor over the course of the current calendar year (the “cumulative amount”) must be recorded.

Additional name information must be recorded for contributions from limited liability companies (LLCs). For contributions received from an LLC that has qualified as an independent expenditure committee or major donor, record the name of the LLC and the full legal name of the LLC’s responsible officer as defined in Regulation 18402.2. For contributions received from an LLC that has qualified as a recipient committee, record the name of the committee and its principal officer as defined in Section 82047.6. For an LLC that has not qualified as a committee, record the name of the LLC and the full legal name of the

individual primarily responsible for approving the contribution. If more than one individual shares in the primary responsibility of approving a contribution, at least one such individual must be identified and recorded.

Intermediaries and Earmarked Funds

For contributions of \$25 or more made through an intermediary (See Chapter 3), records with the above information for **both** the intermediary and the contributor are required.

Records must also include a notation that the funds have been earmarked, the amount of earmarked funds, and the specific ballot measure, candidate or committee for which the funds have been earmarked.

A committee making contributions with earmarked funds must maintain documentation showing which earmarked funds were contributed.

For purposes of Sections 84501(c)(3)(A) and 85704(d) if a primarily formed committee that received earmarked funds makes contributions and still has earmarked or non-earmarked funds remaining, it must retain documentation showing how a determination of which top contributors to disclose on its advertisements was made. (See Chapter 8.) This determination must be done using a reasonable accounting method such as, but not limited to, the last in first out accounting method. Earmarked funds must be taken into account first before non-earmarked funds.

Nonmonetary Contributions

If the contribution is nonmonetary and worth \$25 or more, a description and the fair market value of the contribution must be recorded. (See “Valuing Nonmonetary Contributions” in Chapter 3.)

Loans

If the contribution is a loan of \$25 or more, in addition to the above information for monetary contributions, the following information must be recorded:

- Interest rate of the loan, if any;
- Due date of the loan; and
- Name and address of any guarantor and the amount guaranteed. The occupation and employer of any individual who guarantees a loan of \$100 or more must also be recorded.

Contributions: \$100 or More (Occupation and Employer Information)

If contributions totaling \$100 or more are received from an individual, in addition to the above information, the contributor's occupation and employer are recorded.

If the contributor is self-employed, that fact also must be noted along with the name of their business. Generally, if a check is received from a business entity, the contributor is the business entity, not the person who signs the check.

Documentation

The committee must keep copies of all documents reflecting deposits made and all records reflecting campaign bank account balances such as bank statements, check registers, and passbooks.

The following documents produced or received by the committee also must be kept for receipts of \$25 or more: copies of contributor checks; contributor cards; letters of transmittal; notices received from contributors; memoranda or other records that describe the method used to determine the fair market value of donated goods or services (nonmonetary contributions); and loan agreements or other documents that reflect indebtedness. In addition, documentation for electronic transactions must include information collected when debiting the contributor's account such as itemized transaction reports (including the credit card confirmation number), debit/credit account transaction records, credit card receipts, or vouchers. Documentation of contributions received over the Internet must include a record of the transaction created and transmitted by the cardholder including the cardholder's name and address and the last four digits of the card number.

QUICK TIP: When receiving contributions via electronic transaction, the total amount is reported as a contribution. The fees deducted by the vendor before the contributions are sent to the committee are reported as expenditures; the fees are not deducted from the amount of each contribution reported.

For contributions or other receipts of \$100 or more, copies of any letters or other communications sent by the committee to obtain the documents listed above must be kept.

The following is an example of acceptable documentation for a contribution received through an online money transfer vendor (e.g., PayPal):

D. Returning a Contribution Due to Missing Contributor Information

A contribution of \$100 or more must be returned if the contributor's name, address, and, if the contributor is an individual, their occupation and employer, are not in the committee's records within 60 days from receipt of the contribution. Additionally, contributions of \$100 or more from a limited liability company (LLC) must be returned if, within 60 days, the committee's records do not contain the following: the name of the LLC and the full legal name the LLC's responsible officer (for an LLC that has qualified as an independent expenditure committee or major donor); the name of the LLC's committee and the LLC's principal officer (for an LLC that has qualified as a recipient committee); or, for an LLC that has not qualified as a committee, the full legal name of the individual primarily responsible for approving the contribution.

Ex 2.3 – The Streets are for Bikes, Yes on Measure A, a city ballot measure committee, received a contribution of \$100 from Martha Andersen on June 1. The only information the committee's treasurer had was Martha's name and address as listed on Martha's check. On the committee's semi-annual statement, covering the reporting period through June 30, the treasurer reported receiving \$100 from Martha, listed Martha's name and address, and indicated that the committee would amend its statement when it received Martha's occupation and employer information. By July 31 of that same year, even after writing to Martha, the treasurer still did not have Martha's occupation and employer. The committee must return \$100 to Martha.

The committee must record the date the contributor information is received, if that date is different from the date the contribution is received.

Contributions may be deposited in the committee's bank account pending receipt of the information, in which case they must be reported on the next campaign statement required to be filed (including the Form 497, 24-Hour/10-Day Contribution Report). The Form 460 must be amended within 70 days from its closing date to disclose the missing contributor information unless the contribution is returned to the donor. The Form 497 need not be amended to disclose the missing contributor information.

Unable to return a contribution: When a contribution cannot be returned to the contributor within 60 days from the date the contribution was received, the contribution amount must be paid to the Secretary of State for deposit in the State General Fund. City and county committees must make the payments to the general fund of the local jurisdiction in which the committee is active (e.g., a city general purpose committee must make the payment to the city's general fund).

If a contribution is returned to the contributor by check but the check is not cashed by the contributor within 90 calendar days, the contribution amount must be paid within 30 days to the Secretary of State for deposit in the State General Fund. City and county committees must make the payments to the general fund of the local jurisdiction in which the committee is active.

E. Records of Expenditures

The Act and the Elections Code set forth restrictions on the use of campaign funds for ballot measure committees. The permissible uses of funds and restrictions contained in the Act are described in detail in Chapter 5. The Elections Code information may be obtained at www.sos.ca.gov.

Expenditures Under \$25

A daily lump sum total of all expenditures of less than \$25 must be kept.

Expenditures: \$25 or More

For expenditures of \$25 or more to a single payee, or a series of payments for a single product or service that totals \$25 or more, the following must be recorded:

- Full name and street address, including zip code, of payee;
- Expenditure amount;
- Date each expenditure was made or, in the case of accrued expenses, the date the goods or services were received; and
- Description of the goods or services received.

Contributions to Candidates or Other Committees and Independent Expenditures

For expenditures that are contributions to an officeholder, candidate, or committee, or independent expenditures (See Chapter 6) to support or oppose a candidate or other ballot measure, the amount of the expenditure and the cumulative amount paid in that calendar year in connection with the officeholder, candidate, committee, or ballot measure must be recorded.

For all such expenditures of \$25 or more, the following information is required:

- Date the contribution or independent expenditure was made;
- Whether the expenditure is an independent expenditure;
- Name of the officeholder or candidate and the office and district they hold or for which they seek nomination or election, or number or letter of the measure and the jurisdiction in which the measure is to be voted on; and
- Cumulative amount spent on behalf of the candidate, measure, or committee.

Note: A primarily formed ballot measure committee that makes contributions to other committees or independent expenditures to support or oppose candidates or other ballot measures, may need to change the nature of the committee. A state general purpose ballot measure committee controlled by a state candidate may not make a contribution to a candidate's committee for elective office. There are also additional expenditure restrictions discussed in Chapter 5.

Loans Made to Others

The following additional information must be kept for loans made by the committee: interest rate, if any; due date, if any; and full name and street address of anyone guaranteeing the loan or who is liable directly, indirectly, or contingently for the loan. (For restrictions on loans to others, see Chapter 5.)

Documentation

All bank and credit card records for expenditures must be kept.

For expenditures of \$25 or more: bills, invoices or statements, receipts, credit card slips, vouchers, contracts, loan agreements, and other documents produced or received by the committee reflecting additional obligations also must be kept. Copies of canceled checks may be retained if the copies contain a legible image of the front and back of the canceled check and the copies are obtained from the financial institution.

If no receipt, voucher, or invoice is available, a voucher should be written as soon as possible with the date and amount of the payment, the name of the payee, and a description of the goods or services received. A voucher is not required for payments under \$25.

Additional Expenditure Records for State and Local Candidate Controlled Committees

In addition to the general recordkeeping requirements described above, when any committee (including a primarily formed or general purpose ballot measure committee) that is controlled by a state or local candidate makes an expenditure of \$100 or more for a gift, meal, or travel, the committee must keep a dated memorandum or some other form of dated written record containing a brief description of the political, legislative, or governmental purpose of the expenditure, as well as the information described below:

Gifts: The date of the expenditure, a description of the gift, and the name of any recipient who received a benefit of \$50 or more.

Meals: The date of the meal, the name of each individual who attended the meal, and whether they are a member of the candidate's household or someone who has authority to approve expenditures of campaign funds.

Travel: The dates of travel, the destination, the name of each individual who traveled, and whether they are a member of the candidate's household or someone who has authority to approve expenditures of campaign funds.

Additional Expenditure Records for State Candidate Controlled General Purpose Ballot Measure Committees

A general purpose ballot measure committee that is controlled by a state candidate or officeholder must document which measure or measures benefited from an expenditure of \$100 or more. For example, if an advertisement supported two measures and each measure received equal time/space, 50 percent of the expenditure would be attributed to each measure and such documentation must be in the committee's records. Exception: Attribution is not required if an expenditure is made for operating costs, administrative overhead, fundraising activities, travel, compliance costs, or attorney's fees and cannot be attributed to a specific measure.

Notices to Major Donors, Mass Mailings, Mass Emails, and Telephone Calls

A copy or a record of all “major donor” notices (See Chapter 3) and a copy of any mass mailings, including email (See Chapter 7) sent by the committee must be kept. For certain telephone calls made to 500 or more voters and paid for by the committee (See Chapter 7), a script of the call or a copy of the recorded telephone message also must be kept.

F. Treasurer Duties

Every committee must have a treasurer. An individual must be at a minimum 18 years of age to serve as a treasurer; however, no person should assume the position of treasurer as a mere figurehead. **The committee may not accept contributions or make expenditures before a treasurer is appointed or while the treasurer’s post is vacant, even if there is an assistant treasurer (see below).** If the committee treasurer is unavailable to carry out their duties for an extended time, a new treasurer should be designated and the committee’s Statement of Organization (Form 410) must be amended.

QUICK TIP: Check the FPPC website for webinar training dates (www.fppc.ca.gov.)

QUICK TIP: Section 84104 includes principal officers in the list of individuals with recordkeeping responsibilities.

The committee treasurer must sign and verify all reports and statements filed. The verification is signed under penalty of perjury and indicates that:

- The treasurer has used all reasonable diligence in preparing the statement; and
- To the best of their knowledge, the statement is both true and complete.

The treasurer is legally responsible for the accuracy and completeness of the document even if it is prepared by a third party, including a professional accountant. An unsigned statement is considered “not filed” and is subject to late fines.

In addition, the committee treasurer is required to:

- Establish a system of recordkeeping sufficient to ensure that receipts and expenditures are recorded promptly and accurately in compliance with the Act’s recordkeeping and disclosure requirements. Following the recordkeeping guidelines in this manual ordinarily constitutes compliance with this requirement.
- Maintain campaign records personally or monitor records kept by others.
- Take steps to ensure all of the Act’s requirements are met regarding receipt, expenditure, and reporting of campaign funds.
- Prepare campaign statements personally or carefully review the statements and underlying records prepared by others.
- Correct any inaccuracies or omissions, and inquire about any information that would cause a person of reasonable prudence to question the accuracy of the campaign statements. Among the circumstances that might give rise to an inquiry regarding a contribution are: the size of the contribution; the reported source; the likelihood of that source making a contribution of that size; the manner in which the contribution is recorded in the campaign records; and all other circumstances surrounding receipt of the contribution.

Assistant Treasurer

An assistant treasurer may be designated on the Statement of Organization (Form 410) in the event that the treasurer is unavailable to sign a report when it is due. The assistant treasurer is required, like the treasurer, to use reasonable diligence in preparing and reviewing any campaign statements that they sign, and must certify to that effect under penalty of perjury. For statements signed by the assistant treasurer, both the treasurer and the assistant treasurer are liable for any violations pertaining to that report.

An individual must be at a minimum 18 years of age to serve as an assistant treasurer, although they should know the reporting obligations, restrictions, and prohibitions provided under the law.

G. Candidate Duties for Ballot Measure Committees Controlled by a Candidate

A candidate who controls a ballot measure committee is required to verify to the best of their knowledge that the campaign statements are true and complete and that the treasurer has used all reasonable diligence in the preparation of the statements. To comply with these duties, the candidate must:

- Carefully review campaign statements prepared for filing by the committee.
- Correct any inaccuracies or omissions, and inquire about any information that would cause a person of reasonable prudence to question the accuracy of the campaign statements. Among the circumstances that might give rise to an inquiry regarding a contribution are: the size of the contribution; the reported source; the likelihood of that source making a contribution of that size; the manner in which the contribution is recorded in the campaign records; and all other circumstances surrounding receipt of the contribution.
- Take whatever steps are necessary to replace the treasurer or raise the treasurer's performance to required standards if the candidate knows or has reason to know that the treasurer is not exercising all reasonable diligence in the performance of their duties.
- Perform with due care any other tasks assumed in connection with the raising, spending, or recording of campaign funds insofar as such tasks relate to the accuracy of information entered on campaign statements.

H. Audits

The Act authorizes the FPPC and the State Franchise Tax Board (FTB) to conduct audits of any campaign committee. A mandatory audit is performed on state primarily formed ballot measure committees that raise or spend \$10,000 or more in a calendar year. Future filings may be subject to random audits. The FPPC and the FTB may make preelection investigations and audits with respect to any reports or statements required by the Act.

Answering Your Questions

A. Are there any specific accounting qualifications for someone to be able to serve as treasurer, or any conditions which would disqualify someone from being permitted to serve as treasurer?

An individual must be at a minimum 18 years of age to serve as a treasurer. However, no individual should accept the position as a mere figurehead. To adequately perform the duties, the treasurer must have a basic understanding of the campaign finance laws and the responsibilities of a committee treasurer.

B. Are committee records and source documentation, such as bank statements, required to be kept on paper, or may the committee use an electronic recordkeeping system?

Electronic records are permitted, provided that all of the required information is collected and recorded in a timely and uniform manner that ensures the accuracy and reliability of the information. Committees are responsible for ensuring that electronic records can be read and/or printed for auditing purposes during the applicable retention period.

C. Are form letters thanking contributors required to be retained for recordkeeping purposes?

It is not necessary to keep form letters containing no information necessary to complete or verify the committee's campaign statements.

CONTRIBUTIONS

This chapter begins with a definition of “contribution” and provides guidelines to ensure proper reporting of contributions, including a discussion on valuing nonmonetary contributions.

A. What is a Contribution?

A “contribution” is a monetary or nonmonetary payment received by a committee for which the committee has not provided full and adequate consideration in return. See the definition of “contribution” in Regulation 18215. A contribution may take any of the following forms:

- Money (cash, check, credit card, wire transfers, text contributions);
- Nonmonetary items (donated goods or services);
- Payments made by a third party for advertising or other communications;
- Loans (including loan guarantees, co-signing, and lines of credit); and
- Enforceable promises to make a payment (for example, a contributor promises, in writing, to pay for specific goods or services and, based on that written promise, the committee expends funds or enters into a legally-enforceable contract to purchase the goods or services).

Note: Contributions of \$100 or more may never be made or received in cash. Contributions must be returned if the contributor’s name, address, occupation, and employer are not obtained within 60 days of receipt of the contribution. Additionally, contributions of \$100 or more from a limited liability company (LLC) must be returned if, within 60 days, the committee’s records do not contain the following: the name of the LLC and the full legal name the LLC’s responsible officer (for an LLC that has qualified as an independent expenditure committee or major donor); the name of the LLC’s committee and the LLC’s principal officer (for an LLC that has qualified as a recipient committee); or, for an LLC that has not qualified as a committee, the full legal name of the individual primarily responsible for approving the contribution.

Each type of contribution is reported differently. In fact, the date a contribution is received is determined in part by what type of contribution it is.

In general, a **monetary** contribution is considered to be received on the date that the committee or an agent of the committee obtains possession or control of the cash, check, or other item that constitutes the contribution.

When an agent of the committee, such as a campaign consultant, receives a contribution for the committee, the treasurer must be notified by the agent no later than the closing date of the next campaign statement due. The date of the contribution is the date the agent obtained possession of the contribution. (See Chapter 2 for specific examples.)

Ex 3.1 – A committee’s campaign consultant received a hand-delivered check at a May 14, Friday evening fundraiser. The check was delivered to the committee’s treasurer the following Monday, May 17. The contribution was received on May 14, the day the committee’s agent obtained possession of the check.

The committee also contracts with a website service to receive contributions over the Internet. The website service sends the committee’s treasurer an email each time a contributor logs on to the website service and enters their donor information and credit card number. Logging onto the website service, the treasurer can accept the contribution and receive the funds. The committee reports receipt of the contribution on the date it receives the email because it controls the contribution on that date.

A **nonmonetary** contribution is received on the **earlier** of the following:

- The date funds were expended by the contributor for the goods or services;
- The date the committee or an agent of the committee obtained possession or control of the goods or services;
- The date the committee received the benefit of the expenditure.

A nonmonetary contribution of **employee services** is made by the contributor and received by the candidate or committee on the **payroll date** of the employee. See the discussion later in this chapter for information about how to value a contribution of employee services.

Ex 3.2 – A 501(c)(3) nonprofit organization would like to provide legal assistance to a ballot measure committee. The employees of the organization will assist with drafting the language of the measure, and will train volunteers about how to circulate petitions. Drafting proposed ballot measure language does not constitute a contribution, but training volunteers on how to do petition circulation is a reportable nonmonetary contribution to the ballot measure committee.

A committee may solicit a contribution of **cryptocurrency** as a monetary contribution, subject to specific requirements. Contributions received in cryptocurrency are subject to any applicable limits and may not be accepted from foreign principals, lobbyists, or anonymous sources. Committees cannot receive cryptocurrency contributions directly. However, a committee may receive cryptocurrency contributions through a payment processor selected to act as a vendor on behalf of the committee.

Any cryptocurrency contribution must be made and received through a U.S. based cryptocurrency payment processor registered with the U.S. Department of Treasury, Financial Crimes Enforcement Network, which utilizes know your customer (KYC) protocols to verify the identity of the contributor for all contributions. A committee that chooses to solicit contributions in cryptocurrency must ensure that the payment processor it selects to process these contributions does all of the following:

- Utilizes KYC procedures that enable it to know the identity of each contributor,
- Collects the name, address, occupation, and employer of each contributor at the time the contribution is made and transmits this to the committee within 24 hours of the time the contribution is made, and

- Immediately converts the cryptocurrency to U.S. dollars upon receipt at the prevailing rate of exchange at the time of receipt, and deposits the funds into the committee’s campaign bank account within two business days of receipt.

The amount of a cryptocurrency contribution is the fair market value of the cryptocurrency at the time the payment processor obtains possession of the contribution. A cryptocurrency contribution is received on the date the payment processor, an agent of the committee, obtains possession of the cryptocurrency that constitutes the contribution.

An **enforceable promise** is received on the date the committee or an agent of the committee receives documents verifying that a contributor has made a legally enforceable promise to make a payment. A person makes an “enforceable promise to make a payment” if they:

- Guarantee a loan.
- Furnish security for a loan.
- Endorse a loan.
- Cosign a loan.
- Make and deliver a post-dated check.
- Establish a line of credit at a bank or other commercial lending institution for a candidate or committee.

B. Contribution Exceptions

There are many exceptions to the definition of “contribution,” contained in Regulation 18215. Exceptions for certain types of political communications are also discussed in detail in Chapter 6. Some of the most common exceptions include:

Volunteer Personal Services: If an individual donates their personal or professional services to a campaign (including a volunteer’s travel expenses), no contribution has been made or received as long as there is no understanding of reimbursement. “Volunteer personal services” does not include any tangible items. Donated goods are contributions.

If an employer donates employee services to a committee, and any employee spends more than 10 percent of their compensated time in a calendar month performing campaign activities for one or more campaigns, the employer has made a nonmonetary contribution to the committee. (See “Employee Time” in Section F., Valuing Nonmonetary Contributions.)

Ex 3.3 – A primarily formed ballot measure committee on insurance rates is sponsored by an insurance company. The company has paid for envelopes, postage, and the salaries of employees working more than 10 percent of their compensated time per month on behalf of the ballot measure committee. These expenditures should be reported on the sponsored committee’s report, or on the sponsor’s own report, as nonmonetary contributions to the ballot measure committee. They are not exempt from the definition of contribution as administrative costs of a sponsored PAC under Regulation 18215(c)(16).

Home/Office Fundraisers: If a person, other than a lobbyist (or a cohabitant of a lobbyist) or lobbying firm, holds a fundraiser or other campaign event for a candidate or committee in their home or office, the costs incurred by the occupant of the home or office need not be reported as long as the total cost of the event is \$500 or less. However, if someone else donates food, beverages, or anything else of value to the event, the fair market value of those donated goods is a nonmonetary contribution. In addition, the donated goods must be counted to determine whether the total cost of the event is \$500 or less.

If a fundraiser will exceed \$500, all payments are reportable nonmonetary contributions, including the reasonable rental value of the home/office for the duration of the fundraiser. If the costs of the home/office fundraiser do not otherwise exceed \$500, the reasonable rental value of the space is not factored in.

Ex 3.4 – A committee member holds a fundraiser in their home. As long as all expenses are \$500 or less, the committee does not report the cost of the event as a nonmonetary contribution.

Ex 3.5 – A business hosts a campaign fundraiser at its headquarters. The business spends approximately \$450. A separate business entity provides the beverages valued at \$200. Since the total cost of the event exceeds \$500, both businesses have made a reportable contribution.

Note: The home/office fundraiser exception does not apply to a state lobbyist (or to a cohabitant of a state lobbyist). A registered state lobbyist may not make a contribution to an elected state officer or candidate for elective state office if the lobbyist is registered to lobby the official's agency or the agency for which the candidate is seeking election. A fundraiser held in the home of a lobbyist is considered a contribution; therefore, a lobbyist is prohibited from holding a fundraiser in their home for a candidate seeking election to a governmental agency that the lobbyist is registered to lobby. The same prohibition applies to lobbying firms holding fundraisers at their offices.

Member Communications: Payments made by an organization (including a political party) for certain communications that are sent only to the organization's members, employees, shareholders, or their families, are not contributions to a ballot measure committee whose measure is endorsed in the communication. See Chapter 6 for additional information.

C. Aggregating Contributions

Contributions received from certain individuals and entities must be added together to determine the total amount that will be treated as received from a single contributor.

QUICK TIP: The term “person” includes an individual, proprietorship, firm, partnership, joint venture, syndicate, business trust, company, corporation, limited liability company, and association.

The following are aggregated:

- Contributions from the personal funds of an individual and contributions made by an entity when the same individual directs and controls the entity’s contributions.
- Contributions from two or more entities if a majority of the same persons direct and control the contributions of each entity.
- Contributions made by entities that are majority owned by any person with the contributions of the majority owner and all other entities majority owned by that person, unless those entities act independently in their decisions to make contributions.

The following are basic examples to provide general guidance regarding aggregation of contributions. Every case is unique. If these examples are not helpful for your situation, contact the FPPC for advice.

Ex 3.6 – Sally Perez Jones contributed \$98 from personal funds and another \$98 from the funds of their business, Flowers by Sally, to the Committee for Measure F. Because contributions from an individual and their business, or from any other account they direct and control, are considered to be from a single contributor, the committee must itemize both contributions and report a cumulative amount received of \$196 on its campaign statement.

Ex 3.7 – EXtream Snowboards, Inc., made a contribution of \$99 to the Committee for Measure F. EXtream Snowboards, Inc. is a wholly owned subsidiary of LeesureTech Industries, which also made a contribution of \$99 to the committee. Because there was coordination between EXtream Snowboards and LeesureTech Industries, their contributions are considered to be from a single contributor. The committee must itemize both contributions and report a cumulative amount received of \$198 on its campaign statement.

Ex 3.8 – William Smith is a developer with four separate corporations. William makes political contributions from personal funds and directs and controls the contributions of each of William’s corporations. William made a contribution of \$1,000 from personal funds and contributions of \$2,000 from the funds of each of William’s four corporations to the Committee for Measure F. Because William directed and controlled all of these contributions, they are considered to have been made by a single contributor. The committee must itemize each contribution and show a cumulative amount received of \$9,000.

Ex 3.9 – Southwest TeleCom has a greater than 50 percent ownership interest in American TeleCom. Each entity, entirely on its own, and with separate decision making bodies, makes a contribution of \$1,000 to the Committee for Measure F. The committee does not aggregate these contributions because Southwest TeleCom and American TeleCom acted completely independently in their decisions to make the contributions.

D. Reporting the Intermediary of a Contribution

An intermediary is a person or entity that makes a contribution on behalf of another person and has been or will be reimbursed for the contribution. For each contribution of \$100 or more from an intermediary, the name, address, and, if applicable, the occupation and employer information must be disclosed for both the true source of the contribution and the intermediary. Additionally, for contributions from an intermediary that is a limited liability company (LLC) that has

qualified as an independent expenditure committee or major donor, include the name of the LLC and the full legal name of the LLC's responsible officer as defined in Regulation 18402.2. If the contributor is an LLC that has qualified as a recipient committee, include the name of the committee and its principal officer as defined in Section 82047.6. For an LLC that has not qualified as a committee, include the name of the LLC and the full legal name of the individual primarily responsible for approving the contribution. If more than one individual shares in the primary responsibility of approving a contribution, at least one such individual must be identified.

QUICK TIP: Media reports often refer to the omission of reporting a true source as campaign money laundering.

Failure to disclose the true source of a contribution is considered one of the most serious violations of the Political Reform Act.

Ex 3.10 – Benny Barr and Vienna Waltz each made a \$100 contribution from their personal funds to support the Committee for Measure F, with the understanding that they would be reimbursed by their employer, the Music Company. Benny and Vienna must tell the committee that they are acting as intermediaries on behalf of their employer, the Music Company. The committee must itemize the \$200 contribution from the Music Company, and it must also itemize Benny Barr and Vienna Waltz as intermediaries of \$100 each on its campaign statement.

Ex 3.11 – A corporation has asked its employees to make personal contributions to Friends of the Forest, a Committee for Proposition 305, with the intent of reimbursing its employees for the contributions they make. Neither the employees nor the corporation inform the committee that the employees will be reimbursed. The corporation and the employees have violated the Act.

Ex 3.12 – The Playa del Sol Stockbrokers Emporium requested its employees to attend a fundraiser for Friends of the Forest, a committee for Proposition 305 with the intent of reimbursing the employees for their contributions. The employees informed Friends that their contribution would be reimbursed by the Emporium. When the committee’s treasurer completed the committee’s Form 460, they reported the total of the contributions coming from Playa del Sol Stockbrokers Emporium and itemized those employees who contributed \$100 or more as intermediaries for the Emporium. No violation took place.

Committees are required to check, and, if necessary, correct any information regarding the true source of a contribution that a person of reasonable prudence would question based on all of the surrounding circumstances. If there is reason to believe the information contained on the contribution check does not contain the name of the person who is actually making the contribution, the donor should be asked if they are acting as an intermediary for the true source of the contribution.

E. Earmarked Contributions

A contribution to a committee that is earmarked for a contribution to any other particular committee, ballot measure, or candidate is required to be disclosed as outlined below.

A contribution is earmarked if it is made under any of the following circumstances:

- The committee or candidate receiving the contribution solicited the contribution for the purpose of making a contribution to another specifically identified committee, ballot measure, or candidate, requested the contributor to expressly consent to such use, and the contributor consents to such use.
- The contribution was made subject to a condition or agreement with the contributor that all or a portion of the contribution would be used to make a contribution to another specifically identified committee, ballot measure, or candidate.

- After the contribution was made, the contributor and the committee or candidate receiving the contribution reached a subsequent agreement that all or a portion of the contribution would be used to make a contribution to another specifically identified committee, ballot measure, or candidate.

However, there is an exception for dues, assessments, fees, and similar payments made to a membership organization or its sponsored committee in an amount less than five hundred dollars (\$500) per calendar year from a single source for the purpose of making contributions or expenditures. Such funds are not considered to be earmarked by each individual contributor, instead the membership organization is to be reported as the source for these funds.

The committee making an earmarked contribution shall provide the committee receiving the earmarked contribution with the name and address and, if applicable, the occupation and employer of the contributor who earmarked their funds and the amount of the earmarked contribution at the time it makes the contribution. If the committee making the contribution received earmarked contributions that exceed the amount contributed, or received contributions that were not earmarked, the committee making the contribution shall use a reasonable accounting method to determine which contributors to identify, but in no case shall the same contribution be disclosed more than one time to avoid disclosure of additional contributors who earmarked their funds.

F. Reporting Earmarked Contributions from Another Committee

A committee that makes a contribution to another committee earmarked for a third specifically identified committee must disclose the specifically identified committee as the recipient of the contribution and the other committee as an intermediary at the time the earmarked contribution is made. The specifically identified committee must disclose the contributor and intermediary at the time the funds are received from the intermediary. The intermediary must disclose receipt

of the funds as a miscellaneous increase to cash on Schedule I of Form 460 at the time the funds are received and must disclose the expenditure as the transfer of an earmarked contribution from the contributor to the specifically identified committee at the time the funds are given to the specifically identified committee.

A committee that makes a contribution to another committee and subsequently reaches an agreement with that committee that all or a portion of the contribution would be used for another committee, ballot measure or candidate must include a notation on its next statement that the original contribution was subsequently earmarked, including the name of the specifically identified committee, ballot measure, or candidate. The committee that initially received the funds must also include a notation on its next statement that the original contribution was subsequently earmarked and must disclose the original contributor to any new committee to which it transfers the earmarked funds. The new committee shall disclose the true source of the contribution with a notation that the contribution was earmarked to the specific ballot measure or candidate.

A committee that makes a contribution earmarked for a specifically identified ballot measure or candidate must disclose a contribution to the committee that received the contribution with a notation that the contribution was earmarked to the specific ballot measure or candidate. The committee receiving the earmarked contribution must disclose the contributor with a notation that the contribution was earmarked for the specific ballot measure or candidate when the contribution is received. This committee is solely responsible for disclosing the ultimate use of the earmarked contribution, whether by contribution or expenditure, at the time the funds are used. If the committee receiving the earmarked contribution contributes any portion of the contribution to another committee to support or oppose the specifically identified ballot measure or candidate, that committee shall disclose the true source of the contribution to the new committee receiving the earmarked funds for disclosure on the new committee's campaign report. The new committee shall disclose the true source of the contribution with a notation that the contribution was earmarked to the specific ballot measure or candidate.

G. Reporting Common Contributions

Electronic Receipt of Contributions: Contributions may be received by credit card, wire transfer, Internet, cell phone text message, telephone, debit account transaction, or similar electronic payment options:

- For contributions of \$25 or more, the committee treasurer should send a copy of the credit card voucher or other documentation to the committee as soon as practicable after the contributions are made.
- The entire amount charged to the contributor is reported as a contribution.
- Fees associated with this type of fundraising, or deducted by the vendor before the contributions are sent to the committee, are reported as expenditures; the fees are not deducted from the amount of each contribution reported.

Fundraisers: The full amount (face value) of a fundraiser ticket is a reportable contribution.

Ex 3.13 – Your committee holds a fundraiser and charges \$100 per person. After the event, you determine that your committee spent \$25 per person to pay for the caterer, hall rental, entertainment, invitations, etc. Report on Schedule A of the Form 460 each contributor's name, address, occupation, and employer and the full \$100 per ticket contribution. Do not subtract \$25 from each ticket sold.

Auctions and Garage Sales: When items are donated for auction or sale at a fundraiser, the donated item is a nonmonetary contribution. (See below for determining the value.) When someone buys an item, the payment is reported as a "Miscellaneous Increase to Cash." If any one person pays \$100 or more, the payment is itemized.

When someone pays more for an item than it is worth, the amount that is equal to the fair market value is reported as a miscellaneous increase to cash and the amount over the fair market value is reported as a monetary contribution. Each is itemized at \$100 or more.

Ex 3.14 – Andy Foster owns an electronics store and donates a TV worth \$500 to your committee. At your committee’s auction, Gloria Fernandes bids \$600 for the TV. Itemize \$500 as a nonmonetary contribution from Andy’s store. Then, itemize \$500, the part of Gloria’s payment that is the fair market value of the TV, as a miscellaneous increase to cash. Also itemize \$100, the amount over the fair market value, as a monetary contribution from Gloria.

Bar Receipts: Funds received by selling drinks at a fundraiser at fair market value are reported as miscellaneous increases to cash, not contributions.

Raffles: Receipts from the sale of raffle tickets at a fundraiser are reported as contributions. Items donated for raffle prizes are reported as nonmonetary contributions. (Note that Penal Code Section 319 imposes some restrictions on raffles. Contact your county’s district attorney for further information.)

Joint Checking Accounts: Individuals (including spouses) may make separate contributions from a joint checking account. For reporting purposes, the full amount of the contribution is reported as coming from the individual who signs the check. If two or more individuals sign the check, the contribution is divided equally between or among the signers, unless there is an accompanying document signed by each individual whose name is printed on the check that clearly indicates a different apportionment.

Ex 3.15 – Linda and Jerry Nelson have a joint checking account. From this account, Linda signed a \$100 check payable to Citizens Against Street Crime, Yes on Measure D. The committee identifies Linda Nelson as the contributor of the full \$100.

A check drawn on a joint checking account that is signed by an individual not listed on the check (e.g., an accountant) must be accompanied by a document signed by at least one of the individuals listed on the check stating to whom the check is to be attributed.

Business Accounts: Generally, if a check is drawn on the account of a business entity, the contributor is the business entity, not the person who signs the check.

Minor children: A contribution made by a child under the age of 18 is presumed to be a contribution from their parent or guardian, unless the facts show otherwise, e.g., that the child actually chose to make the contribution.

H. Valuing Nonmonetary Contributions

This section provides assistance in determining how to value nonmonetary contributions so that they may be reported accurately. The varieties of nonmonetary contributions are vast, so not all possibilities are presented. Contact the FPPC for assistance.

Fair Market Value

When a nonmonetary contribution is received, the fair market value of the goods or service must be reported.

If the committee does not know the fair market value of a nonmonetary contribution, such as an original piece of artwork, the committee may send a letter requesting that the contributor provide the value of the contribution in writing. The contributor is legally obligated to provide an amount if the value of the contribution is \$100 or more.

Ex 3.16 – The owner of an audio-visual store donates a television worth \$500 to your committee for sale at an auction. Although the television costs the store owner less than \$500, the fair market value of the television (the amount it would cost any member of the public to purchase the television from the store) is \$500. Therefore, the nonmonetary contribution from the store owner is \$500.

Employee time: If an employer donates the use of an employee to work on campaign activities for one or more campaigns, the amount the individual is paid is reportable as a nonmonetary contribution from the employer if the employee spends more than 10 percent of their compensated time in a calendar month working on campaign activities. To determine the contribution amount, allocate the gross compensation to the time spent on campaign activity. Compensation includes wages paid and any benefits in lieu of wages, such as stock options or an annuity purchase. Compensation does not include routine benefits, such as the employer's payments to a health care or retirement plan.

Ex 3.17 – An accounting firm provides your committee with the services of an accountant during the last month of the campaign. The accountant spends 25 percent of their time working for the campaign, for which their gross compensation from the accounting firm is \$2,500. The amount of the contribution from the accounting firm, therefore, is \$2,500.

Discounts: If the committee receives a discount on goods or services it purchases and the discount is not offered to the public in the regular course of business, the discount is a nonmonetary contribution that must be reported.

Ex 3.18 – Your committee treasurer knows the owner of Janns' Printing Shop and gets the owner to give your committee a 50 percent discount on the printing of a brochure that normally would cost \$1,200. Your committee has received a nonmonetary contribution of \$600 from Janns' Printing Shop.

Email Lists: If a list of email addresses is donated, the fair market value must be reported as a nonmonetary contribution.

Corporate Stock: The contribution of corporate stock must be reported and valued as listed on the stock exchange on the date of receipt. When the stock is sold, the total proceeds of the sale are reported on Schedule I as a miscellaneous increase to cash. If the purchaser is unknown, report the brokerage firm as the source with a notation that the payment represents the sale of stock. Broker's fees must be reported on Schedule E.

Cryptocurrency: The amount of a cryptocurrency contribution is the fair market value of the cryptocurrency at the time the payment processor obtains possession of the contribution. A cryptocurrency contribution is received on the date the payment processor, an agent of the committee, obtains possession of the cryptocurrency that constitutes the contribution. Some tips on reporting cryptocurrency contributions include:

- The entire amount of the cryptocurrency contribution is reported as a monetary contribution. The processing fee charged by the payment processor is not deducted from the amount reported.
- The processing fee is reportable as an expenditure of the committee at the time the fee is deducted or charged.

Ex 3.19 - Your committee contracts with a payment processor, which charges a 2% processing fee, to accept cryptocurrency on its behalf for the upcoming election. The payment processor accepts a contribution in bitcoin valued at \$1,000 on October 15. The committee would report the receipt of the \$1,000 cryptocurrency in the following ways on the Form 460:

- Schedule A: The committee would report the receipt of the \$1,000 as a monetary contribution. The committee would disclose the date received as October 15 and report all the required contributor information.
- Schedule E: The committee would report the processing fee of \$20 as an expenditure.

Please note that if a cryptocurrency contribution is received and valued at \$1,000 or more from a single source in the 90 days prior to or on the date of an election, the committee may incur additional filing obligations such as the Form 497.

I. Valuing Mailings, Telephone Banks, Polls

Multiple Candidates/Measures. If a communication expresses support of or opposition to more than one ballot measure or candidate, the fair market value attributable to each may be calculated by prorating the costs among the featured candidates and ballot measures. The prorated value is based on the amount of space allotted to each candidate or measure supported or opposed in the mailer.

The value of a mailer that supports or opposes candidates and measures being voted on in different jurisdictions may be prorated based on the number of mailers sent to each candidate or ballot measure's jurisdiction.

Ex 3.20 – The Weston Chamber of Commerce produces and mails a one-page flyer urging voters to vote for Proposition 310, and to vote against Propositions 322 and 323. Half of the flyer is devoted to supporting Proposition 310 and the other half equally opposes the other measures. The Chamber coordinates the mailing with the committee primarily formed to support Proposition 310, but does not coordinate with any committee set up to oppose the two other measures. The total cost of producing and mailing the flyer is \$14,000. The committee supporting Proposition 310 has received a nonmonetary contribution valued at \$7,000, and the Chamber has made independent expenditures of \$3,500 each opposing the two other ballot measures. See Chapter 6 for additional information about independent expenditures.

Political and Non-Political Material. The cost of a communication containing both express advocacy in support of or opposition to a ballot measure, as well as non-political material, may be prorated. Costs directly associated with the political message are reportable by the ballot measure committee, including, for example, compensation paid to employees who spend more than 10 percent of their compensated time in a calendar month producing or mailing the political materials, and the pro rata cost of paper, envelopes, and postage. The allocation may be based on the additional weight of the political material or the comparative number of pages between the political and non-political material.

Ex 3.21 – A local association of realtors is holding a golf tournament, which will be featured as a networking and marketing event for its members. The association sends invitations, which include an option for attendees to donate an additional sum earmarked for the association’s sponsored committee. Because the invitations include non-political material as well as political material (i.e., the portion of the invitation that solicits contributions for the association’s sponsored committee), the costs may be prorated. Costs directly associated with the political message are reportable by the committee, including the pro rata costs of paper, envelopes, and postage. The allocation may be based on the comparative amount of space devoted to political versus the non-political material.

Member Communications: Payments made by an organization or its sponsored committee for a communication that supports or opposes a ballot measure are not contributions or expenditures as long as the communication is made only to the organization’s members, employees, or shareholders, or the families of its members, employees, or shareholders. The communication may not be for general public advertising, such as billboards, newspaper ads, or radio or television ads. (See Chapter 6.)

Bulk Rate Permits: Use of another organization’s bulk rate permit is a nonmonetary contribution from the organization. If the committee pays the actual postage costs incurred, the fair market value of the contribution is either:

- The price the organization paid for the bulk mailing permit; or
- The difference in postage costs between the bulk mailing rate and that of regular mail.

If the organization pays for the costs of the mailing using its bulk rate permit, and the committee does not have such a permit, the value of the contribution is (1) the amount it would have cost to pay for the mailing using regular mail; or (2) the cost of the bulk rate mailing plus the cost of a permit.

Phone Banks: Businesses and other entities will sometimes allow a ballot measure committee to use their phones to call prospective voters during non-business hours. The fair market value of the use of the phones is calculated to determine the amount reported as a nonmonetary contribution, even if only local calls are made. One method to determine the fair market value is to contact organizations that provide phone banks as a business.

Polls and Surveys: A person or entity that pays for and provides data to a committee from a public opinion poll or survey is making a nonmonetary contribution if the committee requests the data or the data are used for political purposes. FPPC staff has advised that a formula utilized by the Federal Election Commission may be used for valuing polling or survey data, as long as the formula is used in a reasonable manner to provide a fair estimate. The formula calculates the value based on the age of the data. The chart below illustrates the fair market value of data based on the number of days that pass from the date the entity originally received the data to the date the data were provided to the committee.

Ex 3.22 – A local business association commissioned a public opinion poll to determine voters’ attitudes about three city issues: development of an arena, an expanded no-smoking ban, and a local recreational park bond. The association provided the poll results to the ballot measure committee formed to pass the recreational park bond. Since only a portion of the data pertained to the bond issue, the ballot measure committee reported a prorated amount when disclosing the nonmonetary contribution received.

Age of Data	Value
0 -15 days	Full Value
16 - 60 days	50%
61 - 180 days	5%
More than 180 days	No Value

When only a portion of a survey is provided to or for the benefit of a committee, the nonmonetary contribution is the prorated portion of the total value of the survey.

J. Contributions Between Multipurpose Organizations: Expedited Notice and Filing

If a multipurpose organization (including a nonprofit) identifies another multipurpose organization as a contributor of more than \$50,000 on its campaign report using LIFO, a notice must be sent to the contributing multipurpose organization that the organization may be required to file expedited campaign reports. The notice must include the major donor notification language below (see “Notification to Contributors of \$5,000 or More”), as well as the following **additional language**:

The Political Reform Act requires disclosure of the source of donor funds used for political expenditures and tracks back to the original donors when funds are contributed by one multipurpose organization to another. Your organization was identified as a contributor of more than \$50,000 in funds that our organization used for political expenditures. Therefore, your organization may qualify as a committee under Government Code Section 84222 and Fair Political Practices Commission (FPPC) Regulation 18422, contained in Title 2, Division 6 of the California Code of Regulations, that is required to register with the Secretary of State on FPPC Form 410 and file expedited reports on FPPC Form 460 disclosing donors for such funds within three business days during the 90 days before an election or within 10 business days outside that period.

The notice must be sent by email, overnight delivery, or fax within 24 hours during the 90-day period before an election and within ten business days outside that period. The organization must maintain a record of all notices it sends. (Gov. Code Section 84222; Regulation 18422.)

K. Notification to Contributors of \$5,000 or More

Committees that receive one or more contributions totaling \$5,000 or more in a calendar year from an individual or entity that made the contribution(s) from personal, business, corporate, or general funds must send the contributor written notice that they may have a filing obligation.

QUICK TIP: Once contributions of \$10,000 or more are made, the Form 497 may be immediately required. Committees should provide donors the link to the appropriate FPPC filing schedule.

Generally, the notice must be mailed, faxed or emailed to the contributor **within two weeks** of receiving contributions totaling \$5,000 or more. If a contribution of \$10,000 or more is received in the 90 days prior to or on the date of the election, the notice must be mailed, faxed or emailed to the contributor **within one week**. A copy of each notice or a record of all notices showing the date sent and the name and address of the person receiving the notice must be retained.

QUICK TIP: A multipurpose organization (including a nonprofit) that identifies another multipurpose organization as a contributor of more than \$50,000 on its campaign report by the “last in, first out” (LIFO) accounting method, must send an expedited notice as described in Section H.

The notice need not be sent again for subsequent contributions received from the same contributor in the same calendar year. In addition, the notice does not need to be sent if the source of the contribution is a candidate, officeholder, or an existing committee because they already are required to file campaign statements.

The notice may be tailored as long as it contains language substantially similar to the language below:

Major Donors

If your contribution(s) to this committee and to other California state or local committees total(s) \$10,000 or more in a calendar year, California law requires you to file a Major Donor Committee Campaign Statement (Form 461). The deadline and location for filing this statement will depend upon the timing and type of contribution(s) you have made. For additional information, visit www.fppc.ca.gov and review the available campaign materials.

Multipurpose Organizations Including Nonprofits

If your organization is a multipurpose group, it may qualify as a major donor committee required to file Form 461 or as a recipient committee required to file the Form 460 disclosing donors. Refer to Government Code Section 84222 and FPPC Regulation 18422 to determine your filing requirements. For additional information, visit www.fppc.ca.gov and review the available campaign materials.

24-Hour/10-Day Reports

Major donors and multipurpose organizations that trigger reporting obligations must also file a 24-Hour/10-Day Contribution Report (Form 497) if you:

Make contributions totaling \$1,000 or more to a single candidate, any of the candidate's controlled committees, or to a committee primarily formed to support or oppose a candidate or ballot measure during the 90 days before the election, including the date of the election, in which the candidate or measure is being voted on; or

Make contributions totaling \$1,000 or more to a state or county political party committee during the 90 days prior to, including the date of, a state election, including a state special election.

Electronic Filing

State committees that make contributions of \$25,000 or more must file electronically with the Secretary of State. State committees that are required to file the Form 497 (24-Hour/10-Day Contribution Report) must file this form electronically even if the \$25,000 threshold has not yet been met. For more information on the electronic filing requirements, contact the Secretary of State's office at (916) 653-6224. Local committees should contact the local jurisdiction to determine if there are electronic filing requirements.

Late Filing Penalties and Fines

Failure to file campaign statements may result in late filing penalties of \$10/day (state committees may be fined \$20/day if they must file electronically and on paper) and fines of up to \$5,000 per violation.

FPPC Assistance

For assistance with your filing obligations, contact the Fair Political Practices Commission toll-free at (866) ASK-FPPC, send an email to advice@fppc.ca.gov, or refer to their website: www.fppc.ca.gov.

L. Returning Contributions

There are several provisions in the Act and FPPC regulations that regulate the return of contributions.

General Rules: A contribution may be returned in whole or in part to the contributor at any time. A contribution that is deposited, cashed or negotiated must be disclosed on a campaign statement, even if it is subsequently returned. Only under the first two circumstances below may monetary contributions be returned and not reported.

QUICK TIP: See Chapter 9 for the rules about reporting contributions that are returned.

Outside the 90-Day Election Cycle: A contribution is not required to be reported (by the donor or the committee receiving the funds) if it is not deposited, cashed, or negotiated, and it is returned to the contributor before the closing date of the campaign statement on which it would otherwise be reported.

24-Hour Contributions: A primarily formed committee that receives a contribution of \$1,000 or more during the 90 days before an election, including the date of the election, is not required to report if it is not deposited, cashed, or negotiated, and it is returned within 24 hours of receipt. The donor is also not required to report if it is returned within 24 hours.

Missing Contributor Information: A contribution of \$100 or more must be returned within 60 days of receipt if the committee has not obtained the contributor's name, address, and, in the case of a contributor who is an individual, their occupation and employer. Additionally, contributions of \$100 or more from a limited liability company (LLC) must be returned if, within 60 days, the committee's records do not contain the following: the name of the LLC and the full legal name the LLC's responsible officer (for an LLC that has qualified as an independent expenditure committee or major donor); the name of the LLC's committee and the LLC's principal officer (for an LLC that has qualified as a recipient committee); or, for an LLC that has not qualified as a committee, the full legal name of the individual primarily responsible for approving the contribution.

M. State Contribution Limits

A primarily formed or general purpose ballot measure committee is not subject to state contribution limits, including those committees controlled by a state candidate or officeholder. But funds from a state candidate controlled ballot measure committee may not be used for the state candidate's election.

As described below, contribution limits may apply if a ballot measure committee, at the behest of a state candidate, makes a payment of \$50,000 or more for a communication about a ballot measure that features the state candidate within 45 days of their election.

Communications Identifying State Candidates

Under the Act's issue advocacy provision, a ballot measure committee that pays \$50,000 or more for a communication identifying a state candidate within 45 days of their election must file an online electronic disclosure report (E-530). See Chapter 11 for the Form E-530 reporting requirements.

A committee must file the report and is subject to a contribution limit of \$45,500 per calendar year (through December 31, 2024) from a single source if all of the following conditions are met:

1. The committee makes a payment or a promise of a payment totaling \$50,000 or more;
2. The payment is for a communication that clearly identifies a candidate for elective state office;
3. The communication does not expressly advocate the election or defeat of the candidate;
4. The communication is disseminated within 45 days of an election in which the identified candidate will appear on the ballot; and,
5. The communication is made at the behest of the identified candidate.

Once a committee receives a contribution of more than \$45,500, the committee may not make a payment for a communication described above. (This amount may be adjusted every odd-numbered year based on the Consumer Price Index.)

A candidate is “clearly identified” if the communication:

- States their name;
- Makes unambiguous reference to their office or status as a candidate;
- Unambiguously describes them in any manner; or
- Contains the voice or a visual depiction of the candidate.

QUICK TIP: See Chapter 6 for additional information about communications, including how to determine if a communication “expressly advocates” for or against a candidate, as well as how to determine if the communication is “made at the behest” of a candidate.

Exception: A candidate is not considered “clearly identified” if the candidate’s name is required by the provisions of state or federal law to appear in the communication and the candidate is not singled out in the manner of display.

Ex 3.23 – Two weeks before an election in which Assembly member Caterina Ramos will be listed on the ballot, the Alternative Energy Committee, Yes on Proposition 580, pays \$70,000 for billboard space for an ad campaign. While the ad does not advocate Caterina’s election, it does include Caterina’s name and image and was approved by Caterina. The Yes on Proposition 580 Committee is subject to a contribution limit of \$45,500 (2023-2024 limit) in a calendar year from a single source.

Ex 3.24 – The Santa Monica Neighbors for Reform, Yes on Measure H, buys newspaper ads in the local newspaper that read, “State Senator Juanita Frances supports Measure H.” The committee has coordinated this advertising campaign with the senator, who is running for reelection and will appear on the ballot within 45 days of placement of the ads. Even though this is a local ballot measure committee, because the ad identifies a state candidate, the committee is subject to a calendar year contribution limit of \$45,500 (2023-2024 limit) from a single source.

Ex 3.25 – Save Our Renewable Resources, No on Proposition 444, sponsored by timber industry interests, contracts for a phone message to be distributed to registered voters statewide within 45 days before the state primary election. The phone message includes a statement that reads, “The State Controller says Proposition 444 will hurt the state budget.” The State Controller is not listed on the ballot. Therefore, the ad campaign does not trigger a \$45,500 (2023-2024 limit) calendar year contribution limit.

Answering Your Questions

- A. We are holding a \$100-a-plate fundraiser for our committee. The actual cost of the event to our committee will be \$25 per person. When someone gives us \$100 to attend the dinner, do we report \$100 as a contribution, or do we subtract the \$25 and report receiving a \$75 contribution?**

The cost of the ticket for the fundraiser is the amount of the contribution. Report \$100 as the contribution.

- B. When we send out a fundraising letter, are we required to put our committee identification number on the invitation?**

There is no requirement to put the identification number anywhere on the letter. However, many campaigns do so because if other committees, or others with their own reporting obligations, contribute to your committee, they will need your identification number to complete their campaign reports.

- C. We would like to hold a raffle at our next fundraiser. Are there any restrictions on raffles?**

The Political Reform Act does not restrict raffles. However, Penal Code Section 319 does prohibit some raffles. This code is interpreted and enforced by each county's district attorney. Contact the local district attorney where the raffle will be held for further information. Standard reporting and recordkeeping is required.

- D. If Jan, my next door neighbor, spends \$1,000 on an event to help raise funds for two different ballot measure committees and the event is held in their home, have they made a contribution to each committee?**

Yes. The total cost of a home fundraiser must be \$500 or less, or the payment for the event will qualify as a nonmonetary contribution. This is true no matter how many committees benefit from the event.

E. May a nonprofit organization hold a joint fundraiser with a political committee?

Yes. However, any costs incurred by the nonprofit organization that are not reimbursed by the political committee would be considered a nonmonetary contribution from the nonprofit to the political committee. The nonprofit organization should contact the IRS for any possible restrictions based upon the organization's tax status.

F. Three ballot measure committees wish to conduct individual polls. A polling firm has offered a reduced rate because all three polls can be combined using one very large sample. Are the committees receiving contributions from the polling firm because of the discounted fee, and are the committees making contributions to each other?

If each committee pays only its share of the cost of the poll, the committees are not making contributions to each other. Additionally, if the polling firm provides the discount as part of its standard business policy and does not provide the discount for political purposes, the committees are not receiving contributions from the polling firm.

CONTRIBUTION RESTRICTIONS

Although the Political Reform Act (“Act”) is primarily a disclosure law, there are several important restrictions and prohibitions on receiving contributions. This chapter reviews these restrictions and prohibitions, as well as some that are contained in laws other than the Act.

Ballot measure committees should also consult Elections Code Section 18680 for information relating to permissible expenditures, Section 18650 for use of petition signatures, and Section 18320 for use of websites and other restrictions.

For restrictions and prohibitions related to expenditures made with campaign funds. (See Chapter 5.)

A. Restrictions on Contributions

Reporting the True Donor

Failure to disclose the true source of a contribution is often referred to in media reports as campaign money laundering, which is a serious violation of the Act. Campaign reports are often the only means for the press and the public to determine who is supporting or opposing a ballot measure.

QUICK TIP: Concealing the true identity of a donor is a serious violation.

One type of common violation is when an entity reimburses individuals for contributions so that the committee receiving the contributions discloses the individuals rather than the true donor on campaign disclosure reports.

Another occurrence is when a person (e.g., organization, business, or individual) makes a contribution to another person, with the condition, agreement or understanding that the payment will be subsequently used for political purposes, such as a contribution to another committee. It is a violation for persons to conceal their identities by contributing through another person without proper disclosure.

If it is discovered that a committee received a contribution and the donor and intermediary were not properly identified, the contribution must be paid to the Secretary of State for deposit in the State General Fund. A local agency may deposit laundered funds into its general fund when the action is brought under its local campaign finance law.

As noted in other chapters, if a contribution of \$100 or more is received from a single source in a calendar year, the source must be identified on the committee's Form 460. If a contribution is received through an intermediary, both the intermediary and the true source of the contribution must be identified.

Committee treasurers must check information that a person of reasonable prudence would question based on all available information. It is not possible to describe every situation that might trigger a duty for a treasurer to inquire if a contribution is identified correctly; however, some examples are a contribution's size from the reported source, the likelihood of that source making a contribution of the size reported, and the circumstances surrounding receipt of the funds.

Ex 4.1 - A committee receives contributions of \$5,000 each from ten different individuals in the same week. The committee treasurer and campaign fundraiser did not make specific solicitations to the individuals. Upon the treasurer's request, the individuals state that they all work for the same employer. The committee treasurer has a duty to inquire to determine if the employer reimbursed the employees.

Cash Contributions

A committee may not accept a cash contribution of \$100 or more. Such a contribution may be returned to the contributor prior to the end of the reporting period, provided the cash was not previously deposited or spent.

QUICK TIP: Even if change is immediately provided, a committee may not accept \$100 or more in cash from a single source. For example, if the committee is holding a fundraiser and charging \$50 per person, an attendee may not pay with a \$100 bill. The payment must be made by personal check, debit card, or credit card.

A primarily formed ballot measure committee must return a contribution within 48 hours if the cash contribution is \$1,000 or more from a single source received during the 90 days prior to an election or on the date of the election.

A cash contribution, other than the instance described above, that is inadvertently deposited into the campaign bank account must be refunded within 72 hours of receipt.

QUICK TIP: The FPPC website posts enforcement stipulations and warning letters.

Anonymous Contributions

Anonymous contributions of \$100 or more are prohibited. If the committee receives a cash contribution of \$100 or more from an unknown source, it must be sent to the Secretary of State for deposit in the State General Fund.

Contributor's Legal Name

Contributions must be made in the name by which the contributor is identified for legal purposes.

Commingling Funds

Campaign funds may not be commingled with an individual's personal funds and may not be used for personal expenses. Campaign funds must be kept in an account separate from any account that contains personal funds.

Contributions Made by Money Orders/Cashier's Checks/Traveler's Cheques

All monetary contributions of \$100 or more must be made by written instrument (such as a check) containing the name of the donor and drawn from the account of the donor or the intermediary. Contributions of \$100 or more made by money order, cashier's check, or traveler's cheque are prohibited and must be returned to the contributor, or, if made anonymously, sent to the Secretary of State for deposit in the State General Fund.

Contributions may be received by credit card (including over the Internet), wire transfer, or other electronic means. (See Chapter 2.)

Contributions Delivered in State Office Buildings

A contribution may not be delivered personally or through an agent, in the State Capitol or any other state office building for which the State of California pays the majority of the rent. "Personally delivered" includes the delivery of a copy or facsimile of a contribution, and the original or a copy of a contribution transmittal letter. This prohibition does not apply to contributions received or delivered in a legislative district office, or those sent by postal mail.

Contribution Limits

Contribution limits may apply if a ballot measure committee, at the behest of a state candidate, makes a payment of \$50,000 or more for an ad about a measure that features the state candidate within 45 days of their election. (See Chapter 3.)

Recurring Contributions

A “recurring contribution” is a contribution from a person to a candidate or committee that is automatically charged to the person’s bank account, credit card, or other payment account on a repeated basis, such as weekly or monthly, without approval or any other affirmative consent by the person after their initial contribution to the candidate or committee.

A committee must obtain affirmative consent from a person making a recurring contribution at the time of the initial contribution. Any solicitation for a recurring contribution must be in a form that requires affirmative consent from the person making the contribution. Passive action by the contributor, such as failing to uncheck a pre-checked box authorizing a recurring contribution, does not meet the requirement of affirmative consent. A committee that accepts a recurring contribution is required to provide a receipt for each contribution, provide information necessary to cancel the recurring contribution, and immediately cancel a recurring contribution upon request.

A recurring contribution accepted in response to a solicitation that did not require affirmative consent must be returned to the contributor within 14 days of the earlier of the following:

- receipt of a request from the contributor to return the contribution, or
- the date on which the candidate or committee becomes aware that the solicitation of the recurring contribution was in violation of the Act.

A contribution accepted after a contributor requested to cancel a recurring contribution must be returned to the contributor within 14 days of the request to cancel the recurring contribution.

Contributions from Foreign Governments or Principals in Connection with State or Local Ballot Measures Prohibited

A foreign government or foreign principal may not make contributions, expenditures or independent expenditures in connection with the qualification or support of, or opposition to, any state or local ballot measure. The term “foreign principal” includes:

- A foreign political party;
- An individual outside the United States, unless the individual is a U.S. citizen;
- A person, other than an individual, outside the United States unless the person is organized under or created by the laws of the United States or of any state or other place subject to the jurisdiction of the United States and has its principal place of business within the United States;
- A partnership, association, corporation, or organization organized under the laws of, or having its principal place of business in, a foreign country; and
- A domestic subsidiary of a foreign corporation if the decision to contribute or expend funds is made by an officer, director, or management employee of the foreign corporation who is not a U.S. citizen or lawful permanent resident.

Contributions, expenditures, or independent expenditures made by a lawfully-admitted permanent resident (e.g., a “green card” holder) of the United States are permitted. (See Government Code Section 85320.)

Federal Law Prohibitions: Contributions from Foreign Nationals (including Foreign Principals and Foreign Governments)

Committees may not solicit or accept contributions from foreign nationals. Federal law prohibits contributions and expenditures solicited, directed, received or made directly or indirectly by or from foreign nationals in connection with any election — federal, state or local. This prohibition includes contributions made to political committees. Furthermore, it is a violation of federal law to knowingly provide substantial assistance in the making, acceptance or receipt of contributions or in connection with federal and nonfederal elections to a political committee. This prohibition includes, but is not limited to, acting as an intermediary for foreign national contributions. (52 USCS Section 30121.) Contact the Federal Election Commission for information at (800) 424-9530 or info@fec.gov.

Federal Law Prohibitions: Contributions from National Banks or Federally-Chartered Corporations

National banks and federally-chartered corporations are subject to federal law prohibiting particular contributions and expenditures in connection with local, state, or federal elections. (The Federal Election Campaign Act, 52 USCS Section 30101, et seq. and specifically Section 30118; and see 11 C.F. R. Section 114.2.) Contact the Federal Election Commission for information at (800) 424-9530 or info@fec.gov.

B. Public Funds and Public Resources

Laws outside the Act prohibit the use of public resources, such as office equipment, staff time, etc., for campaign or personal purposes. (Education Code Section 7054; Gov. Code Section 8314; Penal Code Section 426.)

A state or local government agency is prohibited from using public resources to campaign for or against a ballot measure, though they may provide factual information. (*Vargas v. City of Salinas* (2009) 46 Cal. 4th 1, re-affirming *Stanson v. Mott* doctrine.) In addition, Government Code Section 54964 restricts an officer, employee, or consultant of a local agency from expending or authorizing the expenditure of any local agency funds to support or oppose a ballot measure or a candidate. For further information about laws outside the Act, contact the Attorney General's office at (800) 952-5225 or the local district attorney.

Answering Your Question

A. May a school district contribute money or staff time to support a school bond measure?

A school district that contributes money or staff time may become a "committee" and have campaign reporting obligations under the Political Reform Act. Public agencies should consult Regulations 18420 and 18420.1 for guidance on communications and other activity that would be considered a reportable campaign expenditure under the Political Reform Act.

California Government Code Sections 8314 and 54964, Penal Code Section 426, Education Code Section 7054, and *Vargas v. City of Salinas* (2009) 46 Cal.4th 1 in most circumstances restricts the use of public funds and resources for campaign purposes. To determine if such payments are permitted, contact the Attorney General's office .

USE OF CAMPAIGN FUNDS

The Political Reform Act (“Act”) strictly regulates how campaign funds may be spent. The general rule is that the expenditure of campaign funds must be reasonably related to a political, legislative, or governmental purpose.

A campaign expenditure that confers a substantial personal benefit on any individual authorized to approve campaign expenditures, a controlling candidate, or a state ballot measure proponent, must be directly related to a political, legislative, or governmental purpose. A substantial personal benefit means an expenditure of campaign funds which results in a direct personal benefit with a value of more than \$200.

Ex 5.1 – The Thousand Oaks Residents for Libraries, A Committee for Proposition K, offers sodas and snacks for precinct walkers. This is allowed, since there is a **reasonably** related political purpose for this expenditure.

The treasurer of the committee has decided to enter an accounting certificate program at their local community college. While the program may enhance their qualifications as a treasurer, they may not use campaign funds for this purpose; a certificate would confer a personal benefit to them that is not considered directly related to a political, legislative, or governmental purpose.

Ballot measure committees should also consult Elections Code Section 18680, which provides that ballot measure funds are held in trust for use on the measure and specifies permissible expenditures. Under Elections Code Section 18680, expenditures for food, clothing, shelter and other personal needs of the trustee are not permissible.

A ballot measure committee that is controlled by a candidate for state elective office or a state elected officeholder is subject to additional specific restrictions when making campaign expenditures. Some of the expenditures discussed below in Section A that are permissible for most ballot measure committees are not permissible

for a ballot measure committee that is controlled by a state candidate or officeholder (e.g., making a contribution to a candidate). Section B of this chapter discusses the expenditure restrictions for these committees.

QUICK TIP: The FPPC has fined committees for payments made from a campaign account that were used for the following personal purposes: auto care services, doctor visits, clothing, and personal life insurance premiums.

The following are examples of specific expenditures and the rules regarding the use of campaign funds for such purposes. If the examples are not helpful, contact the FPPC for assistance by sending an email with specific facts to advice@fppc.ca.gov.

A. Campaign Expenditures

Election Night Celebrations

Costs associated with election night celebrations or similar campaign events are considered to be directly related to a political, legislative, or governmental purpose; therefore, campaign funds may be used.

Attorneys' Fees

Generally, attorneys' fees and other costs related to administrative, civil, or criminal litigation may not be paid with campaign funds. However, where the litigation is directly related to activities of the committee that are consistent with its primary objectives, campaign funds may be used to pay for expenses related to the following:

- Action to halt defamation;
- Defense of an action to halt defamation;
- Defense of an action for violation of state or local campaign, disclosure, or election laws;
- Litigation to secure a place on the ballot or challenge the wording of the ballot pamphlet;

- Contest an election;
- Election recount; and
- Compliance expenses (for example, completing campaign disclosure reports).

Reimbursements

A volunteer, campaign worker, or any other individual may make expenses from personal funds and be reimbursed, so long as the expenses are incurred for political, legislative, or governmental purposes.

Ex 5.2 – A campaign volunteer buys food and beverages for volunteer workers. The treasurer may reimburse the volunteer for expenses; a receipt is required for expenses of \$25 or more.

Automobile Lease or Purchase

When making payments associated with leasing, purchasing, or operating a vehicle, such as insurance, maintenance, and repairs, the campaign committee must be the lessee or hold title to the vehicle. Additional titleholders may not be the controlling candidate, treasurer, or any other person who may approve campaign expenditures, or a member of any such person's immediate family (i.e., spouse or registered domestic partner and dependent children). Additional lessees may not be the controlling candidate, treasurer, or a member of any of these persons' immediate family.

Reimbursed Automobile Expenses

A controlling candidate, immediate family member, treasurer, and committee staff may be reimbursed by the committee for use of a personal vehicle if the use is directly related to a political, legislative, or governmental purpose. Documentation should be kept that includes the trip's purpose and mileage in a manner approved by the Internal Revenue Service for deducting mileage expenses. The rate for reimbursement may not exceed that allowed under Internal Revenue Code Section 162. For more details, the Internal Revenue Service may be contacted at (800) 829-1040 (www.irs.gov).

Contributions to Candidates and Other Committees

Campaign funds of ballot measure committees that are not controlled by a candidate for state elective office may be used to make contributions to candidates and other committees, subject to applicable contribution limits. However, if a primarily formed ballot measure committee makes contributions to candidates or other committees, it may qualify as a different type of committee and be required to amend its Statement of Organization, Form 410.

Ballot measure committees controlled by candidates and officeholders for state elective office may not make contributions to other candidates and their election committees. See Regulation 18521.5.

Ex 5.3 – A state elected official is backing a state ballot measure and has a controlled committee for the measure. The state official may make a contribution to their ballot measure committee from their reelection committee; however, funds in the ballot measure committee may not be used for the official's reelection.

Donations

Campaign funds may be used to make donations or loans to bona fide charitable, educational, civic, religious, or similar tax-exempt, nonprofit organizations. The donation or loan must be **reasonably** related to a political, legislative, or governmental purpose. In addition, the donation may not personally benefit the controlling candidate, committee treasurer, or any individual with authority to approve the expenditure of campaign funds, or any such person's immediate family member (spouse or registered domestic partner and dependent children).

Equipment and Appliances

Campaign funds may be used to buy, lease, or refurbish equipment or appliances, but only if their use is directly related to a political, legislative, or governmental purpose. As with restrictions on vehicles, the committee must hold title, or be the lessee, for the equipment; no individual may be listed as owner or lessee.

Food

A committee may purchase a meal with a cost of \$200 or less, so long as the expense is **reasonably** related to a political, legislative, or governmental purpose. However, if the aggregate cost of the meal is more than \$200, the expense must be **directly** related to one of these purposes.

Ballot measure committees controlled by candidates and officeholders for state or local office must itemize meal expenditures. (See Chapter 9.)

Fines, Penalties, Judgments, and Settlements

Generally, campaign funds may be used to pay the following fines, penalties, judgments, and settlements:

- Parking citations received while performing political, legislative, or governmental activities.
- Fines assessed in relation to situations in which the use of campaign funds to pay for an attorney is allowed (discussed above).
- Fines imposed for late filing of campaign statements and Statements of Economic Interests (Form 700).

However, the expenditure of campaign funds of any amount to pay a fine, penalty, judgment, or settlement relating to an expenditure of campaign funds that resulted in a personal benefit to a candidate or officer is prohibited if it is determined that the expenditure was not reasonably related to a political, legislative, or governmental purpose.

The same prohibition applies with respect to a fine, penalty, judgment, or settlement relating to an expenditure of campaign funds that resulted in a substantial personal benefit (more than \$200) to a candidate or officer if it is determined that the expenditure was not directly related to a political, legislative, or governmental purpose. In addition, campaign funds may not be used to pay a restitution fine imposed under Section 86 of the Penal Code.

Gifts

Unless **directly** related to a political, legislative, or governmental purpose, personal gifts may not be paid for from campaign funds. However, gifts of less than \$250 in a calendar year to campaign employees or workers are permitted because they are considered directly related to a political, legislative, or governmental purpose.

Ballot measure committees controlled by candidates and officeholders for state or local office must itemize gift expenditures. (See Chapter 9.)

Health-Related Expenses

A committee may use campaign funds to pay for health care benefits for its employees or independent contractors. However, campaign funds may not be used to pay for other health-related expenses, such as health club dues, special dietary foods, or medical check-ups.

Loans

Except for committees controlled by a candidate for state elective office, campaign funds may be used to make loans to other political committees. Loans to state candidate committees are subject to limits. However, if a primarily formed ballot measure committee makes contributions to candidates or other committees, it may qualify as a general purpose committee and be required to amend its Statement of Organization, Form 410.

The use of campaign funds must always be related to the measure or potential measure so contact the FPPC before making a loan. Ballot measure committees controlled by a state candidate or officeholder may not make a contribution to another committee if that committee is formed for an elective office.

Professional Services

When the committee reasonably requires the services of professionals, such as accountants or attorneys, their fees may be paid with campaign funds as these expenditures are considered to be **directly** related to a political, legislative, or governmental purpose. (See below for restrictions on salary and compensation paid to a controlling candidate.)

Real Property

The committee may not purchase real property. It may, however, lease property for up to one year, so long as its use is directly related to a political, legislative, or governmental purpose. Neither the controlling candidate, committee treasurer, any individual with authority to approve the committee's expenditures, or an immediate family member (i.e., spouse or registered domestic partner and dependent children) of any of these persons may be a lessee or sublessor, or hold legal title to the leased property.

Refunding Contributions

The return of contributions to contributors is permitted.

Returning Contributions Lacking Contributor Information

When a contribution of \$100 or more in a calendar year is received from a single contributor, the committee must report the contributor's name and address, and, if the contributor is an individual, their occupation and employer. If the committee does not have this information in its records within 60 days of receipt, the contribution must be returned. (See Chapter 2.) Additionally, contributions of \$100 or more from a limited liability company (LLC) must be returned if, within 60 days, the committee's records do not contain the following: the name of the LLC and the full legal name the LLC's responsible officer (for an LLC that has qualified as an independent expenditure committee or major donor); the name of the LLC's committee and the LLC's principal officer (for an LLC that has qualified as a recipient committee); or, for an LLC that has not qualified as a committee, the full legal name of the individual primarily responsible for approving the contribution.

Ex 5.4 – Paula Greene, a member of Senator Howard's staff, is also the treasurer of the Senator's state ballot measure committee. Paula does all recordkeeping for the committee and completes the committee's campaign reports. Paula also has authority to approve committee expenditures. Campaign funds may be used to pay Paula Greene for services provided as committee treasurer; however, campaign funds may not be used to supplement or pay Paula's government salary. Note: Other laws require that campaign activity be conducted on Paula's personal time.

Salary and Compensation

A candidate or officeholder, or any individual authorized to approve the committee's expenditures, may not receive a salary or other compensation from the committee for the performance of political, legislative, or governmental activities. The committee may pay for professional services such as an accountant, however, even if the accountant has authority to sign committee checks.

A spouse or domestic partner of an elected officer or a candidate for elective office may not receive, in exchange for any services rendered, compensation from campaign funds held by a controlled committee of the officer or candidate.

Tickets for Entertainment and Sporting Events

Campaign funds may not be used to purchase entertainment and sporting event tickets for use by the controlling candidate or officer, director, employee, or staff of the committee, unless attendance at the event is **directly** related to a political, legislative, or governmental purpose.

Tickets to Political Fundraisers

A committee may purchase tickets to political fundraisers (subject to any applicable contribution limits) for the controlling local candidate, or officer, director, employee, or staff of the committee. However, if a primarily formed ballot measure committee makes contributions to candidates or other committees, it may qualify as a general purpose committee and be required to amend their Statement of Organization, Form 410.

Ballot measure committees controlled by state candidates for elective state office may not make contributions to candidate controlled committees for elective office.

Travel

A committee may use campaign funds to pay for travel or accommodations for the controlling candidate, any individual with authority to approve the committee's expenditures, or employees or staff of the committee so long as the standards set by Internal Revenue Code Sections 162 and 274 (deduction of travel expenses for tax purposes) are complied with. The Internal Revenue Service may be contacted at (800) 829-1040 or www.irs.gov for more information. Candidate controlled committees must itemize travel expenses.

Ballot measure committees controlled by candidates and officeholders for state or local office must itemize travel expenditures. (See Chapter 9.)

Airline Mileage Programs

Some airlines have mileage programs that allow individuals to earn free tickets or other awards. These mileage credits and awards belong to the individual traveler, not the committee. The committee is not required to report either the receipt of the mileage credit awards or the redemption of the credits.

Leftover Campaign Funds

Chapter 12 discusses the permissible uses of funds for a ballot measure committee with funds remaining after the election. Different restrictions are imposed on local measure committees, state measure committees and measure committees controlled by state elected officers.

B. Use of Campaign Funds by State Candidate Controlled Ballot Measure Committees

A ballot measure committee that is controlled by a state candidate or officeholder may use campaign funds only to make expenditures related to the measure or potential measure, such as payments for reasonable and ordinary operating costs, administrative overhead, fundraising activities, travel, compliance costs and attorney's fees incurred as a result of the committee's activities. The committee may also return a contribution to a contributor at any time. (See Regulation 18521.5 for additional information.)

When a general purpose ballot measure committee controlled by a state candidate or officeholder reports an expenditure of \$100 or more, it must specify the amount of the expenditure attributed to the support or opposition of each measure or anticipated measure. But, attribution is not required for expenditures made for operating costs, administrative overhead, fundraising activities, travel, compliance costs, and attorney's fees incurred in general support or opposition to the measures or potential measures if the expenditure cannot be attributed to a specific measure or potential measure. (See Regulation 18421.8 for additional information.)

While a ballot measure committee controlled by a state candidate or officeholder is actively involved in the ballot measure effort, campaign funds may not be used to make contributions to political parties or donations to a nonprofit organization. But, when the committee is preparing to terminate, within 60 days prior to the termination date, the funds may be used for the following purposes:

- Donations to a bona fide charity, educational, civic, religious or similar nonprofit organization, so long as there are no financial ties to the candidate, their family members, or the treasurer.
- Contributions to a political party committee, including a county central committee, so long as the funds are not used for a contribution to a candidate or for a communication which supports or opposes a candidate.

Committees may seek advice from the FPPC to determine if the final expenditures of a committee are permitted.

Answering Your Questions

A. I am the committee treasurer and make long distance campaign phone calls on my personal phone. How may I pay for them?

One method is to calculate the portion of the phone bill that is campaign related and have the committee write a check for that portion directly to the phone company. Or, you may pay the bill with personal funds and subsequently request reimbursement from the committee treasurer by providing a copy of the bill.

B. As the principal officer of a local ballot measure committee, I will be using my personal car to get around during the campaign. Is mileage considered a reportable contribution if I do not want to be reimbursed?

No. Incidental use of your personal car for campaign purposes is not considered a contribution and is not reportable.

C. May campaign funds be used to purchase a cell phone?

Yes, so long as the phone and service is used for campaign purposes only. If, after the campaign, an individual chooses to retain the phone for personal purposes, the individual must pay the committee the fair market value for the phone.

D. Is it permissible for a local ballot measure committee to have an agreement with an independent contractor (e.g., the campaign consultant) to pay additional money if the committee's measure is successful?

Yes, under the Act you may make contingency agreements that the committee will not pay a contractor unless the election is won, or that the committee will pay an additional amount to the contractor if the committee is successful. The arrangement should be made part of the written contract. (No contingency fee is permissible when paying a lobbyist.)

E. May we give bonuses to our campaign workers and/or hold a victory party?

Yes, but in most cases, bonuses and the food, beverages, and entertainment provided at an event are considered gifts and must be limited to less than \$250 per calendar year per individual.

COMMUNICATIONS

Ballot measure campaigns reach the voters through communications including television, radio and Internet advertising, mailers, billboards, precinct walking and flyers. The Political Reform Act (“Act”) requires reporting of most payments in connection with political communications and requires “paid for by” disclosures on ballot measure ads to inform voters who is paying for a communication.

This chapter reviews common communications in a ballot measure campaign and how payments for the communications are required to be reported. The next chapter discusses the disclosure requirements that apply to ballot measure communications.

A. Payments for Ballot Measure Communications

Most payments made by a committee primarily formed for a measure for communications will likely be **direct expenditures** or **contributions** to other committees. Ballot measure committees may also receive significant **nonmonetary contributions** when others pay for communications, such as phone banking or precinct walking, and the payments are coordinated with the committee.

QUICK TIP: A primarily formed ballot measure committee that is making expenditures on behalf of the measure for which it is formed is not making independent expenditures. This includes communications that ask voters to oppose a rival measure.

In some circumstances, ballot measure committees may make **independent expenditures**. If a general purpose committee spends money for communications to support or oppose a measure without coordinating with the affected ballot measure committee, the general purpose committee’s expenditures are considered to be independent expenditures. A general purpose committee making independent expenditures on a ballot measure must file additional reports, including 24-Hour/10-Day reports and verifications. (See Chapter 11.)

B. Coordinated Communications

When someone other than the ballot measure committee pays for a communication that is coordinated with, or “made at the behest of” the ballot measure committee, the communication is a nonmonetary contribution to that committee.

Coordination – “Made at the Behest”

A payment is coordinated with or “made at the behest” of a ballot measure committee under each of the following:

- It is made at the request, suggestion, or direction of, or in cooperation, consultation or coordination with the committee for whose benefit the expenditure is made.
- The committee or their agents have made or participated in making any decision about the content, timing, location, mode, intended audience, distribution, or frequency of placing the communication.
- The creator, producer, or distributor of the communication, or person paying for the communication has had discussion and agreement with the committee, or its agents, regarding the content, timing, location, mode, intended audience, distribution, or placement of the communication.

There is a rebuttable presumption that an expenditure is coordinated with or “made at the behest of” a committee if:

- **Committee’s Needs.** It is based on information about the committee’s campaign needs or plans provided to the expending person by the committee, such as information concerning campaign messaging, planned expenditures, or polling data.

- **Agent.** It is made by or through any agent of the committee in the course of the agent’s involvement in the current campaign. “Current campaign” means the period beginning 12 months prior to the date of the primary or special election in which the candidate is on the ballot for an elective office and ending on the date of the general or special runoff election for that office. For a measure, “current campaign” means the period beginning 12 months prior to the date of the election in which the measure is on the ballot.
- **Common Consultants.** The person making the expenditure retains the services of a person who provides either the candidate or the committee supporting or opposing the ballot measure with professional services related to campaign or fundraising strategy for the current campaign.
- **Republication.** The communication reproduces, republishes, or disseminates a communication designed, produced, paid for, or distributed by the committee in whole or substantial part.
- **Fundraising.** The committee making the expenditure is primarily formed to support the candidate or oppose their opponent and in the course of the current campaign, the candidate who benefits from the expenditure solicits funds for or appears as a speaker at a fundraiser for the committee making the expenditure.
- **Former Staff.** The person making the expenditure is established, run, or staffed in a leadership role, by an individual who previously worked in a senior position or advisory capacity on the candidate’s or officeholder’s staff within the current campaign.
- **Candidate’s Family.** The person making the expenditure is established, run, staffed in a leadership role, or principally funded by an individual who is an immediate family member of the candidate.

However, an expenditure is **not coordinated with** or made at the behest of a candidate or committee merely because:

- **Interview.** A person interviews the committee or committee's agent on issues affecting the person making the expenditure.
- **Photograph or Press Release.** The person making the expenditure has obtained a photograph, position paper, press release, or similar material from the committee or the committee's agents.
- **General Request for Support.** The person makes the expenditure in response to a general, non-specific request for support by a candidate or committee, provided that there is no discussion with the candidate or committee prior to the expenditure relating to details of the expenditure.
- **Meeting with Members or Employees.** The person making the expenditure has invited committee representatives to make a public appearance before the person's members, employees, shareholders, or their families provided that there is no discussion with the committee prior to the expenditure related to details of the expenditure.
- **Prior Contribution.** The person making the expenditure has made a contribution to the candidate or committee.
- **Informed after the Expenditure is Made.** A person informs a candidate or committee that the person has made an expenditure, provided that there is not exchange of information, not otherwise available to the public, relating to details of the expenditure.
- **Expenditure Benefits Another Candidate or Committee.** The expenditure is made at the request or suggestion of the candidate or committee for the benefit of another candidate or committee.

Ex 6.1 – A business entity printed campaign literature stating, “Vote for Measure B.” The communication included reasons why voters should vote for the measure. The business entity did not prepare the literature with assistance from the committee primarily formed to support Measure B. The business entity made an independent expenditure, not a contribution to the Measure B committee.

On the other hand, if the business entity contacted the Measure B committee and arranged for the committee’s staff to help draft and design the literature, the business entity would have made a nonmonetary contribution to the committee primarily formed to support Measure B.

- **Hyperlink.** The communication includes a hyperlink to the Internet website or other social media page of a candidate or ballot measure committee.

Regulation 18225.7, summarized above, specifies when a communication is considered independent versus made at the behest of a committee. Because the determination is based on specific facts, persons may contact the FPPC for guidance.

C. Independent Expenditures

An independent expenditure is a payment for a communication that:

- **Expressly advocates** the election or defeat of a clearly identified candidate or the qualification, passage or defeat of a **clearly identified measure**, and
- The communication is **not coordinated** with or “made at the behest” of the affected committee.

Ex 6.2 - An individual paid \$4,000 for a newspaper ad stating “Vote for Measure A.” The communication expressly advocates support for a clearly identified ballot measure. It must be reported either as a contribution or independent expenditure, depending upon whether it was coordinated with a primarily formed ballot measure committee.

Later, the same individual paid \$2,000 for post card-sized flyers that simply stated, “Vote on Election Day.” This communication is not reported as a contribution or independent expenditure because it did not expressly advocate support of or opposition to a measure.

Clearly Identified Measure

A communication clearly identifies a measure when the measure’s name, popular title, or official title is used.

Express Advocacy

A communication expressly advocates support of or opposition to a clearly identified ballot measure under the following scenarios:

- **Magic Words.** The communication uses words such as “vote for,” “elect,” “cast your ballot,” or “defeat.”
- **Unambiguously Urges.** The communication is made within 60 days prior to an election, it refers to a clearly identified ballot measure, and when taken as a whole, it unambiguously urges a particular result in an election. The message must be susceptible of no reasonable interpretation other than as an appeal to vote for or against a specific ballot measure.

A committee or person making independent expenditures must be aware that the communication cannot be coordinated with the affected measure committee. If there is coordination, the payments are reported as contributions.

D. Government Agency Communications

A state or local government agency may provide factual information and analysis about the purposes, provisions, or estimated impact of bond issues or ballot measures in some circumstances, and this does not constitute a contribution or independent expenditure. However, a state or local government agency is prohibited from using public resources to campaign for or against a ballot measure. (See Chapter 4.)

A state or local agency making payments for campaign activities may become a committee subject to reporting under Regulation 18420 if the payments qualify as contributions or independent expenditures.

Governmental agencies must refer to Regulation 18420.1 concerning payments for communications that expressly advocate the election or defeat of a clearly identified measure, or taken as a whole and in context, unambiguously urge a particular result in an election. The express advocacy rules are somewhat different than those provided for non-governmental entities. For example, the factors a governmental entity will use to determine if a communication unambiguously urges a particular result in an election include either of the following: 1) the agency prepared campaign material such as bumper stickers or television or radio spots; 2) the style, tenor and timing of the communication can be reasonably characterized as campaign material and is not a fair presentation of facts serving only an informational purpose.

E. Reporting

There are different reporting requirements for contributions and independent expenditures. When a person or group of persons makes expenditures for a communication at the behest of a committee, the committee must report the receipt of a nonmonetary contribution. The person making the expenditure may also have to file reports.

Ex 6.3 - The president of a police officers' association announces at its annual meeting that the association endorses county Measure Y. Merely making an oral endorsement is not a contribution or independent expenditure to the committee supporting Measure Y.

Closer to the election, in coordination with the committee formed to support Measure Y, the association mails a special flyer to the voters announcing its endorsement. The association has now made a nonmonetary contribution to the committee.

Committees that are the beneficiaries of independent expenditures do not report them. However, the person making the independent expenditures will have filing obligations.

Endorsements

An endorsement of a measure may become a contribution or an independent expenditure when a payment is made in connection with the endorsement.

If a candidate pays for a communication supporting their own candidacy and also supporting or opposing a ballot measure, the payment is not a contribution to the ballot measure committee nor is it an independent expenditure.

Communications Identifying State Candidates

If a ballot measure committee makes a payment or a promise of a payment totaling \$50,000 or more for a communication disseminated within 45 days of an election that clearly identifies a candidate for elective state office, but does not expressly advocate the election or defeat of the candidate, the committee must report the payment. The committee must file Form E-530 with the Secretary of State within 48 hours. (See Chapter 11.)

“Lt. Gov. Ramos says YES on
155 - Support Seismic Retrofitting and CA jobs.”

Ex 6.4 - Two weeks before a 2020 election in which Lt. Gov. Ramos will be listed on the ballot, the committee primarily formed to support Proposition 155 pays more than \$50,000 for billboard ads in Ramos’s district stating “Lt. Gov. Ramos says YES on 155 - Support Seismic Retrofitting and CA Jobs.” The ads do not advocate Ramos’s election, but include Ramos’s name and image and were approved by Ramos. The measure committee must file an E-530 report and is subject to a contribution limit of \$45,500 (2023-2024 limit) in a calendar year from a single source.

If the communication is made at the behest of the candidate, the ballot measure committee is subject to the political party contribution limits of \$45,500 (limit through December 31, 2024) per contributor. Once a ballot measure committee receives a contribution in excess of that contribution limit, the committee may not make a payment for such a communication. (See Chapter 3.)

F. Non-Contributions

Debates

If an organization or entity hosts a debate or other forum about a ballot measure and invites the proponent of a ballot measure and at least one opponent, or their respective representatives, to participate in equal numbers, a payment for the event is not a contribution to the ballot measure committees.

Ex 6.5 - The League of Women Voters invited the proponent and an opponent of Proposition 310 to speak at a forum. Only the proponent attended. Because both sides of the ballot measure were invited, the cost of the meeting is not a contribution to the committee established to support the measure.

Meetings

A payment made by a bona fide service, social, business, trade, union, or professional organization for reasonable overhead expenses associated with a regularly-scheduled meeting at which an individual representing either side of a ballot measure speaks is not a contribution, if the organization pays no additional costs in connection with the speaker's attendance.

Member Communications

Payments made by an organization or its sponsored committee for a communication that supports or opposes a ballot measure are not contributions or expenditures as long as the communication is made only to the organization's members, employees, or shareholders, or the families of its members, employees, or shareholders. The payments may not be for general public advertising, such as billboards, newspaper ads, or radio or television ads. If made by the organization's sponsored committee, the committee would report the payments as being made for general member communications.

Ex 6.6 - Your campaign consultant asks a labor organization to send a mailing to only labor union members supporting your committee's position on a ballot measure. The mailing is not a contribution to your committee.

Later, the campaign consultant asks the organization to send the mailing to all registered voters in the district where the measure will appear on the ballot. The mailing to the voters is a contribution to your committee.

Payments made by a political party for a communication that supports or opposes a ballot measure are not contributions or independent expenditures as long as the communication is distributed only to the party's members, employees, and families of its members and employees. However, the party must report the payments as if they were contributions or independent expenditures.

News Stories

A payment for the cost of publishing or broadcasting a news story, commentary, or editorial is not a contribution when the payment is made by a federally-regulated broadcast outlet or a regularly-published newspaper, magazine, or other periodical of general circulation that routinely carries news, articles, and commentary of general interest.

ADVERTISEMENT DISCLOSURES

This chapter describes the disclosures required on mailings and other advertisements made by ballot measure committees. A disclosure is the portion of a political message that identifies the committee that paid for and authorized the communication.

QUICK TIP: Advertisement disclosures are required even during the ballot qualification period.

The basic disclosure for most communications is “Ad paid for by [committee name].” The disclosure ensures that the committee paying for the ad is identified. The Act does not regulate the truth or accuracy of political communications given that the First Amendment provides broad protection for political speech. Some advertisements must also include the words “Ad Committee’s Top Funder(s)” followed by the names of the top contributors to the committee paying for the advertisement.

A. Top Three Contributors of \$50,000 or More

“Top contributors” means the persons from whom the committee paying for an advertisement has received its three highest cumulative contributions of fifty thousand dollars (\$50,000) or more. If two or more contributors of identical amounts qualify as top contributors, the most recent contributor of that amount must be listed as the top contributor.

QUICK TIP: A primarily formed ballot measure committee that has accepted a \$50,000 contribution may not avoid disclosing the contributor by returning \$1,000 of the contribution.

If an advertisement paid for by a committee supports or opposes a candidate, the determination of top contributors may not include any nonprofit organization exempt from federal income taxation pursuant to Section 501(c)(3) of the United States Internal Revenue Code or any person who has prohibited in writing the use of their contributions to support or oppose candidates if the committee does not use such contributions to support or oppose candidates.

When a committee primarily formed to support or oppose a state ballot measure contributes funds to another committee primarily formed to support or oppose the same state ballot measure and the funds used for the contribution were earmarked to support or oppose that measure, the committee receiving the earmarked contribution shall disclose the contributor who earmarked their funds as the top contributor if the definition of top contributor is met. If the committee receiving the earmarked contribution contributes any portion of the contribution to another committee primarily formed to support or oppose the specifically identified state ballot measure, that committee must disclose the true source of the contribution to the new committee receiving the earmarked funds. The new committee must disclose the contributor on the new committee's advertisements if the definition of top contributor is met.

Ex 7.1 – A ballot measure committee has received 15 contributions of \$50,000 or more. The committee will buy 30 second ads on local television stations. The television ads must identify the committee name as it appears on its most recent Form 410 and the names of the top three contributors who donated \$50,000 or more.

Ex 7.2 – An elected officeholder made a \$10,000 contribution to a ballot measure committee that is not controlled by the officeholder. Must the officeholder's name be identified in the committee's advertisements?

No. The officeholder's name would be required in advertisements if the officeholder was a top three contributor of \$50,000 or more.

Ex 7.3 – A non-controlled ballot measure committee’s four highest contributors are a corporation (\$150,000), an individual (\$100,000), a state officeholder using personal funds (\$85,000) and the same state officeholder’s controlled committee (\$50,000).

The contributions from the state officeholder’s personal funds and controlled committee funds are cumulated, for a total of \$135,000. Therefore, the ranking of the contributors are (1) the corporation, (2) the officeholder, and (3) the individual.

Disclosure Examples

The disclosure must include, unless otherwise noted: “Ad paid for by [committee’s name]” and “Ad Committee’s Top Funder(s) [names of top three contributors of \$50,000 or more]” each listed on a separate horizontal line in descending order.

“Ad paid for by Citizens in Support of Measure B, sponsored by the Taxpayers Alliance, Ad Committee’s Top Funders
Pacific Productions
XYZ Partnership”

“Ad paid for by Californians for Education Issues PAC, Ad Committee’s Top Funders
Student Political Action Committee
ZZZ Trade Association and Teachers United Organization”

“Ad paid for by Voters in Support of Measure A” (*no sponsors or \$50,000 contributors*)

B. Summary of Advertisement Disclosures for Ballot Measure Committees

The disclosures that a ballot measure committee must put on its ads are summarized in this chapter and discussed below. For more information on specific advertisement disclosures, please refer to the [political advertisement disclosure charts](#) available on the FPPC's website. Generally, ballot measure committees will reference ad chart #6 on the FPPC's website.

Please note that advertisements that are “online platform disclosed advertisements” have different disclosure requirements than other types of online advertisements. “Online platform disclosed advertisements” are either (1) electronic media advertisements made via an online platform that allows users to engage in discourse and post content, or any other type of social media, for which the committee pays the online platform or (2) electronic media advertisements that are in the form of a graphic, image, animated graphic, or animated image that an online platform hosting the advertisement does not allow to hyperlink to an internet website containing required disclosures. For more information on “online platform disclosed advertisements” please refer to the “Online Platform Disclosed Advertisement Requirements” chart later in this chapter.

Electronic media advertisements that are not “online platform disclosed advertisements” shall follow disclosure requirements described in this chapter, other than those listed in the “Online Platform Disclosed Advertisement Requirements” chart.

C. Online Platform Disclosed Advertisements

“Online platform disclosed advertisements” are either (1) electronic media advertisements made via an online platform that allows users to engage in discourse and post content, or any other type of social media, for which the committee pays the online platform, or (2) electronic media advertisements that are in the form of a graphic, image, animated graphic, or animated image that an online platform hosting the advertisement does not allow to hyperlink to an internet website containing required disclosures.

Electronic media advertisements that are not “online platform disclosed advertisements” shall follow disclosure requirements described previously in this chapter.

Communication	Disclosure and Manner of Display
Type of Advertisement Law Applies To:	Either (1) electronic media advertisements made via an online platform that allows users to engage in discourse and post content, or any other type of social media, for which the committee pays the online platform or (2) electronic media advertisements that are in the form of a graphic, image, animated graphic, or animated image that an online platform hosting the advertisement does not allow to hyperlink to an internet website containing required disclosures.

Communication	Disclosure and Manner of Display
<p>Ad Disclosure that Online Platform is Required to Place on Advertisement:</p>	<p>An Online Platform Must Do One of the Following:</p> <ol style="list-style-type: none"> 1) Display “Paid for by” or “Ad Paid for by” followed by “Ad Committee’s Top Funders” followed by the committee’s top three contributors of \$50,000 or more, followed by a colon, followed by surrounded in quotation marks, the name of the committee easily readable to the average viewer located adjacent to any statement the communication is an advertisement (or is promoted or sponsored). The online platform may display only one hundred or more characters of the “Ad Committee’s Top Funders” followed by the committee’s top three contributors and name of the committee disclosures if followed by a “...” that is clearly clickable and that links to a page that provides the disclosures. The ad may instead link to a website that the committee has created pursuant to other provisions of the Act that contains the committee’s name, top contributor information, and whether the ad was authorized by a candidate for independent expenditure ads on candidates. 2) Display a hyperlink, icon, button, or tab with the text “Who funded this ad?,” “Paid for by,” or “Ad Paid for by” that is clearly clickable and links to a page that provides the “Ad Committee’s Top Funders” followed by the committee’s top three contributors of \$50,000 or more, followed by a colon, followed by the committee’s name disclosures. This text must be easily readable to the average viewer, in the same or similar font and in at least the same font size as the online platform’s text stating that the communication is an advertisement (or is promoted or sponsored). The ad may instead link to a website that the committee has created pursuant to other provisions of the Act that contains the committee’s name, top contributor information, and whether the ad was authorized by a candidate for independent expenditure ads on candidates. <p>Fewer than three contributors qualify as top contributors, only those contributors that qualify shall be disclosed. If there are no contributors that qualify as top contributors, the top contributor disclosure is not required.</p> <p>The Online Platform Must Also:</p> <p>Display a prominent button, icon, tab, or hyperlink with the text “View Ads” or similar text. The button, icon, tab, or hyperlink shall link to a page containing the records required to be displayed in the publicly available online database in one of the following locations:</p> <ol style="list-style-type: none"> 1) Near the top of a profile, landing page, or similar location of a committee that paid for an advertisement in a position that the average viewer will readily see it upon viewing that page. 2) On a page that displays the committee’s profile information or biographical information. 3) On a page on which the average viewer would normally navigate to view additional information about a committee.

Communication	Disclosure and Manner of Display
<p>Information Committee Paying for Advertisement is Required to Provide to Online Platform:</p>	<p>Upon requesting the dissemination of the advertisement, committee must do all of the following:</p> <ol style="list-style-type: none"> 1) Expressly notify the online platform that the advertisement is one that falls under the Act. 2) Provide the online platform with committee's top contributors and the committee's name and identification number. 3) Provide the online platform with the name of the candidate to which the advertisement refers and the office to which the candidate is seeking election, or number or letter of the ballot measure and the jurisdiction to which the advertisement refers. 4) Update the online platform with any change in the name of the committee or its top three contributors within 5 business days.
<p>Records Required to be Kept and Provided to the Public in Online Platform's Public Database:</p>	<p>For all committees that purchased online platform disclosed ads and paid for five hundred dollars (\$500) or more in advertisements to the online platform during the preceding 12 months the database must contain:</p> <ol style="list-style-type: none"> 1) A digital copy of the advertisement. 2) The approximate number of views generated from the advertisement and the date and time that the advertisement was first displayed and last displayed. 3) Information regarding the range charged or the total amount spent on the advertisement. 4) The name of the candidate to which the advertisement refers and the office to which the candidate is seeking election, as applicable, or number or letter of the ballot measure and the jurisdiction to which the advertisement refers. 5) The name and identification number of the committee that paid for the advertisement, if the committee is assigned an identification number. <p>These records are required to be made available by the online platform as soon as practicable and must be retained by the online platform for 4 years.</p>

D. Mass Mailings – Postal Mailings and Emails

Mass Mailings That Are Not Ads

Unless otherwise covered in the chart above, all **mass mailings** that are not considered ads of more than 200 similar pieces sent in a calendar month must contain:

- the words “Paid for by” immediately adjacent to and either above or in front of the committee’s name and address on the outside of the mailing and on at least one of the inserts
- in no less than 6-point type and in a color or print that contrasts with the background

If the sender is a single committee, the name and address need only be shown on the outside of each piece of mail.

Unless otherwise covered in the chart above, all **mass emails** that are not considered ads of more than 200 similar pieces sent in a calendar month must contain:

- the name of the committee sending the email preceded by the words “Paid for by” in at least the same size font as the majority of the text

Communications That Are Ads

For communications that are considered ads under the Act, please refer to the [political advertisement disclosure charts](#) available on the FPPC’s website.

Recordkeeping for Mass Mailings (Including Emails)

For each mass mailing and electronic mailing, the committee must retain the following for four years:

- A sample of the mailing;
- The date of the mailing;
- The number of pieces sent; and
- The method of postage used for postal mailings.

Answering Your Mailing Questions

A. Must the committee's identification number appear on a mailing?

No. The committee may include its committee ID #, but it is not legally required.

B. If an organization includes a copy of a committee's flyer in its regularly published newsletter, is the committee required to be identified on the outside of the mailer?

No. The committee's name and address must be identified on the flyer only.

C. A committee has more than one address. Which address must be used on mailings?

Any address that appears on the committee's Statement of Organization (Form 410) on file with the Secretary of State may be used.

D. A committee pays for a ballot measure committee's mailing as a nonmonetary contribution. Which committee must be identified on the outside, the committee paying for the mailing or the ballot measure committee?

Only the committee that pays for the mailing is required to be identified on the outside of the mailing.

E. Disclosures – Clear and Conspicuous

Disclosures on political ads and literature must be shown clearly so as to be understood by the intended public. Written disclosures must be printed clearly and legibly.

Spoken disclosures must be clearly audible and intelligible. Specific requirements for color contrast, print font size and time appearing on screen are listed in the [political advertisement disclosure charts](#) available on the FPPC’s website.

For political advertisements in **languages other than English**, disclosures should be written or spoken in the same language used in the advertisement.

F. Updating a Disclosure

When a committee’s name changes, when there are new top contributors or when the order of the top contributors change, advertisement disclosures must be revised. Television, radio, electronic media, or robocalls must be amended within five business days. Print media, mailings, or other tangible items must be amended every time an order to reproduce is placed.

G. Electronic Media Ads

Different disclosures are required depending on the type of electronic media ad. For example, the “Ad paid for by” and “Ad Committee’s Top Funder(s)” disclosures are required on websites, emails and social media. Other types of electronic media ads must include a hyperlink to a website that includes the “Ad paid for by” and “Ad Committee’s Top Funder(s)” language. Please see the [political advertisement disclosure charts](#) available on the FPPC’s website for details or contact the FPPC for specific questions. Additionally, as noted at the beginning of this chapter, “online platform disclosed advertisements” have their own separate disclosure requirements. Please refer to the Online Platform Disclosed Advertisements chart in this chapter for those requirements. Moreover, special requirements for third-party influencer online advertisement posting are discussed later in this chapter under Section L.

Space or Time-Limited Ads

For certain audio, video and television ads or small-size print ads, the Act permits the full disclosure to be shortened.

- **Radio and prerecorded phone ads.** Only the top two contributors of \$50,000 or more must be disclosed. If the ad lasts 15 seconds or less or the disclosure statement would last more than eight seconds, only the top contributor must be disclosed.
- **Television and video ads.** The size for the smallest letters in the disclosure must be four percent of the height of the display screen and must be displayed at the beginning or end of the ad for at least five seconds of a broadcast of 30 seconds or less or for at least 10 seconds for a broadcast of longer than 30 seconds.

Ex 7.4 – If a committee purchases radio time for ads 15 seconds or less in duration, the ads must identify the name of the committee and the highest single contributor of \$50,000 or more.

H. Exceptions

A disclosure is not required on regular-size campaign buttons (less than 10 inches in diameter), pins, bumper stickers (less than 60 square inches), or magnets. It is not required on pens, pencils, rulers, mugs, potholders, key tags, golf balls and similar small campaign promotional items where a disclosure cannot be conveniently printed.

The disclosure is not required on t-shirts, caps, hats, and other articles of clothing; skywriting and airplane banners; or committee checks and receipts.

Member Communications

A disclosure is not required on communications from an organization to its members, but a disclosure is required on communications from a political party committee to its members.

I. Ballot Measure Ad – Paid Spokesperson

When a ballot measure committee makes an expenditure of \$5,000 or more to an individual for their appearance in an advertisement to support or oppose a ballot measure, the advertisement must include a statement that the individual is being paid for their appearance. For example, “Dr. Jane Miller is being paid by this campaign or its contributors.”

Also, when a ballot measure committee makes any payment to an individual in an advertisement portraying a member of a licensed occupation (e.g., nurse, doctor, firefighter, scientist, engineer, lawyer, etc.) who is not actually a member of that occupation, the advertisement must include a disclosure stating “Persons portraying members of an occupation in this advertisement are compensated spokespersons not necessarily employed in those occupations.”

If the individual is actually a member of the occupation portrayed, the committee may omit this disclosure and shall maintain documentation of the individual’s license or certification for the occupation. Upon request from the FPPC, documentation of an individual’s occupation must be provided by electronic means within 24 hours.

The statement must be in highly visible font, shown continuously if the advertisement consists of printed or televised material, or spoken in a clearly audible format if the advertisement is a radio broadcast or telephone message. In addition, the committee must file the Paid Spokesperson Report, Form 511. (See Chapter 11.)

Ex 7.5 – “Paid for by Yes on 88, Tobacco Tax Funds Research, Ad Committee’s Top Funders the CA Nurses Association and American Medical Association PAC. Dr. Jane Miller is being paid by this campaign or its contributors.”

J. Slate Mailer Disclosure Requirements

A slate mailer is a mass mailing that supports or opposes four or more candidates or ballot measures. A ballot measure committee may be subject to slate mailer disclosure and identification requirements if it:

- Is involved in the production of one or more slate mailers and exercises control over the selection of candidates and measures to be supported or opposed in the slate mailers; and
- Receives or is promised payments that total \$500 or more in a calendar year for the production of one or more slate mailers.

For more information on slate mailer disclosures, consult the FPPC and Section 84305.5.

K. Penalties

The penalty for failing to comply with the Act's disclosure requirements is a fine of up to \$5,000 per violation. In addition, any person who violates the disclosure requirements concerning ballot measure and independent expenditure advertisements may be liable for a fine of up to three times the cost of the advertisement, including placement costs.

L. Third-Party Influencer Online Advertisement Posting Rules

The Act requires specific disclosures on campaign advertisements posted by third parties who are paid by a committee to post content, such as a social media "influencer," instead of the committee posting content itself or paying a traditional vendor (e.g., television or radio) to post the content.

A third-party who is paid by a committee to post content on an internet website, web application, or digital application, including content posted on internet platforms such as social media accounts and blogs, to support or oppose a candidate for elective office or a ballot measure must include a disclaimer with that content stating that the person was paid by the committee in connection with the posted content.

The Act requires a committee to notify the person paid to post the content to include a required disclaimer, which may read: “The author was paid by [name of committee and committee identification number] in connection with this posting” or something substantially similar.

Please note that the third-party influencer advertisement disclaimer requirements do not apply where the electronic media disclosures of Section 84504.3 apply or to content posted on the committee’s own website, profile, or landing page by a person compensated by the committee to post such content, or to content requiring a spokesperson disclosure under Section 84511. (See Section I of this chapter.) Additionally, these disclaimer requirements do not apply to content posted by a compensated employee of a committee on the employee’s own social media page or account where the only expense or cost of the communication is compensated staff time.

If a third-party influencer fails to post the advertisement disclaimer, the Commission is authorized to seek injunctive relief to compel disclosure and may not seek administrative, civil, or criminal penalties against the third-party poster.

For more information on third-party influencer advertisement posting rules, please see Section 84513 and Regulation 18450.10.

24-HOUR/10-DAY CONTRIBUTION REPORTS (FORM 497)

The Political Reform Act (“Act”) requires primarily formed ballot measure committees to file the Form 497 within 24 hours of **receiving** contributions totaling \$1,000 or more from a single source during the 90 days before an election, including the date of the election. In addition, committees primarily formed to support or oppose a **state** ballot measure that file electronically with the Secretary of State must file the Form 497 within 10 business days of **receiving** a contribution of \$5,000 or more at any time other than during the 90-day election cycle, including contributions received after the election.

Committees that file electronically with the Secretary of State must also file the Form 497 within 10 business days of **making** contributions totaling \$5,000 or more to support or oppose the qualification or passage of a state ballot measure.

Ex 8.1 - A group forms to oppose a ballot measure that will be voted on in the June 3 county election. The group receives its first contribution on March 10 in the amount of \$2,500. The group now qualifies as a committee and because a contribution of \$1,000 or more was received within 90 days of the election, a Form 497 must be filed within 24 hours. The Form 410 (Statement of Organization) must be filed within 10 calendar days. (See Chapter 1.) The committee will also file quarterly, semi-annual, and preelection statements, and depending on the committee’s activity, additional reports as discussed in Chapter 11.

This chapter discusses the Form 497 requirements in detail. All contributions reported on the Form 497 must also be reported on the committee’s next regular campaign statement (e.g., Form 460). (See Chapter 9.)

A. What Activity Triggers the Form 497 (24-Hour/10-Day Contribution Report) Requirement?

The Form 497 must be filed in each of the following situations:

- A state or local primarily formed ballot measure committee **receives** contributions totaling \$1,000 or more from a single source within 90 days before the election, including the date of the election.

QUICK TIP: A committee must file a Form 497 for each aggregated contribution of \$1,000 or more from the same source. For example, if a committee reported a contribution of \$2,000 on the Form 497 and later the same source made a \$500 contribution, the Form 497 is not required as long as the contributor did not make future contributions that aggregated to \$1,000 or more during the 90-day election cycle.

- A state or local primarily formed or general purpose ballot measure committee **makes** contributions totaling \$1,000 or more to a primarily formed committee or a candidate election committee within 90 days before, including the date of, the measure's or candidate's election, or to a state or county political party committee within 90 days of any state election, including the date of the election.
- A state primarily formed ballot measure committee (including a group circulating a petition to qualify a state measure) that files electronically **receives** a contribution of \$5,000 or more at any time other than during the 90-day election cycle.
- A state general purpose ballot measure committee that files electronically **makes** contributions totaling \$5,000 or more to a state primarily formed ballot measure committee or to a state general purpose committee that will use the funds to support or oppose a state ballot measure outside of the 90-day election cycle.
- A state primarily formed ballot measure committee that files electronically **makes** contributions totaling \$5,000 or more to a state primarily formed ballot measure committee formed for a different measure in a different election.

- A state or local general purpose ballot measure committee **makes** contributions totaling \$5,000 or more to support or oppose the **qualification** of a single **local** initiative or referendum ballot measure.

Ex 8.2 - Forty-five days before the November election, Citizens for the Trolley, Yes on B, a city primarily formed ballot measure committee, received a \$500 contribution. Ten days before the election, the committee received another \$500 contribution from the same source. Because these two contributions in the aggregate total \$1,000, the committee must file a 24-Hour/10-Day contribution report (Form 497) within 24 hours of receiving the second contribution.

The Form 497 requirements are reviewed below for state and local primarily formed ballot measure committees and state and local general purpose ballot measure committees.

Ex 8.3 - In March, a committee is circulating petitions to qualify a state measure for the November ballot. On March 28, the committee receives a \$5,000 contribution. The committee had already reached the \$25,000 electronic filing threshold, so within 10 days of receiving the contribution of \$5,000, the committee must file the Form 497 electronically with the Secretary of State. The committee must also file a quarterly statement by April 30 and a semi-annual statement by July 31. If the measure qualifies for the November ballot, the committee will also be required to file preelection statements. In addition, beginning 90 days before the November election, including the date of the election, each time the committee receives contributions totaling \$1,000 or more from a single source, the Form 497 must be filed within 24 hours. See Chapter 10 for additional information about quarterly, semi-annual, and preelection statements (Form 460).

B. Where to File the Form 497

State Committees: All state committees file the Form 497 electronically with the Secretary of State's office. No paper copies of the report are required to be filed with the Secretary of State or other filing officers.

Local Committees: The Form 497 must be filed in the same locations as the committee files its regular campaign reports. The Form 497 must be filed by personal delivery, guaranteed overnight service, fax, email or online, if available. Regular mail may not be used. Local agencies that have an approved electronic filing program may eliminate the filing of a paper copy of the Form 497.

Exception: The Form 497 filed by a state or local general purpose ballot measure committee when it makes contributions totalling \$5,000 or more to support the qualification of a local initiative or referendum ballot measure must be filed in the place(s) where the committee would be required to file the campaign statements as if it were formed or existing primarily to support or oppose the local measure.

C. When to File the Form 497 – Primarily Formed Ballot Measure Committees

24-Hour/10-Day Reports – State and Local Primarily Formed Ballot Measure Committees

A state or local primarily formed ballot measure committee must file the Form 497 **within 24 hours** in each of the following situations:

- The committee **receives** contributions totaling \$1,000 or more from a single source within 90 days before the election, including the date of the election.
- The committee **makes** contributions totaling \$1,000 or more to a primarily formed committee or a candidate election committee within 90 days before, including the date of, the measure's or candidate's election, or to a state or county political party committee within 90 days before any state election, including the date of the election.

Filing deadlines for the 24-Hour/10-Day reports are extended to the next business day when the deadlines fall on Saturdays, Sundays, or official state holidays, but the extension does not apply to the Saturday, Sunday or an official state holiday immediately prior to the election.

QUICK TIP: A loan of \$1,000 or more that is forgiven during the 90-day election cycle, including the day of the election, triggers a 24-Hour/10-Day Contribution Report.

QUICK TIP: Committees should refer to the campaign filing schedules on the FPPC website.

Ex 8.4 - A statewide initiative is being drafted. In anticipation of the initiative qualifying for the ballot, a group sends solicitation requests and raises \$55,000. The group is not required to file disclosure reports listing the sources of the \$55,000 until petition circulation begins. On the first day of petition circulation, the group qualifies as a committee and is subject to reporting obligations. The committee must file a Form 410 within 10 calendar days and, because the committee raised \$25,000 or more, it must file the Form 497 electronically within 10 business days listing any single contributor of \$5,000 or more. If the measure is placed on the ballot, the committee must file the Form 497 for each \$1,000 contribution received during the 90-day election cycle, including the day of the election.

10-Day Reports – State Primarily Formed Ballot Measure Committees that File Electronically

A state primarily formed ballot measure committee that is required to file electronically must file the Form 497 **within 10 business days** in each of the following situations:

- The committee **receives** a contribution of \$5,000 or more at any time other than during the 90-day election cycle.
- The committee **makes** contributions totaling \$5,000 or more to support or oppose a different state ballot measure in another election at any time.

Form 497 Requirements for Committees Qualifying a State or Local Ballot Measure for the Ballot

24-Hour Reports. A committee that is circulating petitions for a state or local ballot measure to appear on a ballot is not subject to the 90-day, 24-hour reporting requirements for contributions received until the measure is approved for the ballot.

Form 497 Requirements for Committees Qualifying a State Ballot Measure for the Ballot

10-Day Reports. A committee that files electronically and is circulating petitions for a state measure to appear on a ballot must file the Form 497 **within 10 business days** in each of the following situations:

- The committee **receives** a contribution of \$5,000 or more.
- The committee **makes** contributions totaling \$5,000 or more to support or oppose a different state ballot measure.

QUICK TIP: The Form 497 required for contributions received of \$5,000 or more is often the first report required by a committee raising funds while circulating petitions to qualify a state measure.

D. When to File the Form 497 – General Purpose Ballot Measure Committees

24-Hour Reports – State and Local General Purpose Ballot Measure Committees

A state or local general purpose ballot measure committee must file the Form 497 **within 24 hours** if the committee **makes** contributions totaling \$1,000 or more to a committee that is primarily formed to support or oppose a ballot measure or to a candidate's election committee within 90 days before, including the date of the measure's or candidate's election, or to a state or county political party committee, within 90 days of any state election, including the date of the election.

Ex 8.5 - A state general purpose ballot measure committee that is an E-filer, is formed to support water issues. The committee makes a \$40,000 contribution to a state primarily formed ballot measure committee during the petition circulation period. Both committees must file the Form 497 disclosing the contribution.

Filing deadlines for the 24-hour reports are extended to the next business day when the deadlines fall on Saturdays, Sundays, or official state holidays, but the extension does not apply to the Saturday, Sunday or an official state holiday immediately prior to the election.

10-Day Reports – State and Local General Purpose Ballot Measure Committees

A **state** general purpose ballot measure committee that files electronically must file the Form 497 within 10 business days in each of the following situations:

- The committee makes contributions totaling \$5,000 or more to a committee primarily formed to support or oppose a single state ballot measure.

- The committee makes contributions totaling \$5,000 or more to another state general purpose ballot measure committee and the receiving committee files electronically and either:
 - The donor knows the contribution will be used to support or oppose a single state ballot measure; or
 - The receiving committee has reported contributions or expenditures exceeding \$100,000 in the past twelve months to support or oppose a single state ballot measure.

Committees should review Regulation 18466 for additional information about the \$5,000 ballot measure reports. These reports are more frequently filed before or during the period for qualifying a measure for the state ballot. For example, a political party committee may solicit contributions for the purpose of qualifying a state ballot measure.

A **state or local** general purpose ballot measure committee that **makes** contributions totaling \$5,000 or more to support or oppose the **qualification** of a single **local** initiative or referendum ballot measure must file the Form 497 within 10 business days.

E. When to File the Form 497 for Multiple Nonmonetary Contributions

A committee that anticipates receiving more than one nonmonetary contribution from a single contributor during the 90 days before the election, including the date of the election, may, on or before the deadline, file a single Form 497 covering the entire 90-day period. The report should disclose the total value of nonmonetary contributions that will be received, or, if the actual value of nonmonetary contributions is not known at the time of filing, a good faith estimate of the value that will be received during the period.

If the value of the nonmonetary contributions received differs from the estimated amount by 20 percent or more, the estimated report must be amended within 24 hours from the time the committee knows that the estimated value is incorrect.

Ex 8.6 - Trevor Bell is a city council member running for re-election in a June election. Trevor also controls a committee that is formed to support a ballot measure that will be on the city's November ballot. During the 90 days before the June election, including the day of the election, each time Trevor's candidate election committee or their controlled ballot measure committee receives contributions totaling in the aggregate \$1,000 or more from a single source, the receiving committee must file the Form 497 within 24 hours.

F. Candidate Controlled Ballot Measure Committees

A ballot measure committee controlled by a state or local candidate must file the Form 497 **within 24 hours** of receiving contributions totaling in the aggregate \$1,000 or more from a single source during the 90 days before the candidate's election, including the date of the election.

A ballot measure committee controlled by a **state** candidate or officeholder that files electronically must also file the Form 497 **within 10 business days** of receiving a contribution of \$5,000 or more at any time other than during the 90-day, 24-hour reporting period.

A Filer Information

Provide the committee's full name, telephone number, street address, city, state, zip code, and identification number.

B Date, Report Number, Number of Pages

Indicate the date the report is being filed; assign a unique number to each Form 497, such as 1, 2, 3, PR-1, PR-2, PR-3, etc.; and, indicate the number of pages included in the report.

1 For Contributions Received, Provide:

- The date received;
- The contributor's full name, street address, the appropriate contributor code, and, if the contributor is an individual, their occupation and employer, or, if self-employed, enter the name of their business; and
- The amount of the contribution. If the contribution is a loan, check the box and include the interest rate, if any.
- For contributions of \$100 or more received from a limited liability company (LLC) that has qualified as an independent expenditure committee or major donor, include the name of the LLC and the full legal name of the LLC's responsible officer as defined in Regulation 18402.2. For contributions of \$100 or more received from an LLC that has qualified as a recipient committee, include the name of the committee and its principal officer as defined in Section 82047.6. For an LLC that has not qualified as a committee, include the name of the LLC and the full legal name of the individual primarily responsible for approving the contribution. If more than one individual shares in the primary responsibility of approving a contribution, at least one such individual must be identified.

2**2. Contribution(s) Made**

2**For Contributions Made, Provide:**

- The date made;
- Information about the recipient of the contribution. In the case of a nonmonetary contribution, report the committee receiving the benefit of the contribution, not the vendor;
- The name of the candidate and office or measure and jurisdiction;
- The amount of the contribution; and
- For a contribution made to a city or county committee, enter the date of the election.

Amendments

To amend a previously filed Form 497, file a new Form 497 with the corrected information and the “Amendment” box checked. The “Report Number” of the report being amended should be included. There is no deadline for filing amendments. However, they should be filed as soon as practicable. File the amendment in the same location(s) as the original.

COMMITTEE REPORTS

Typically, all general purpose and primarily formed ballot measure committees (state and local) use the Recipient Campaign Statement (Form 460) to report campaign activity for all semi-annual, quarterly, and preelection filings. Committees formed to support or oppose a LAFCO proposal use the Form 460 to report campaign activity on a monthly basis.

The Form 460 is the main campaign disclosure report and provides the public with an overview of the committee's activity, including money coming in and money going out, during a specified reporting period established by law. The report must include all activity during the specified reporting period, even activity that was previously reported. For example, a contribution that was already reported on a Form 497 (24-Hour/10-Day Contribution Report) must still be reported on the committee's next Form 460.

Committees with minimal activity in a reporting period may be eligible to use the Form 450 (Committee Campaign Statement – Short Form) instead of the Form 460. A Form 450 example is provided at the end of this chapter.

A committee with no activity may file the Form 425 (Semi-Annual Statement of No Activity) as a semi-annual statement. The form simply requires the committee's name and address and the treasurer's signature.

The forms reviewed in this chapter can be accessed from the FPPC website. Software programs are also available for purchase. The FPPC does not endorse any specific programs. A list of vendors is available on the Secretary of State's website.

QUICK TIP: Often times, a committee's first report of contributions received is the Form 497 (24-Hour/10-Day Contribution Report). (See Chapter 8.)

Multipurpose Organizations (including nonprofits and federal and out-of-state PACs)

Multipurpose organizations that are required to file the Form 460 should refer to Chapter 13 to determine which of the organization's donors must be listed as contributors. In addition, there are other special filing requirements outlined in Chapter 13. For example, a federal PAC that is filing campaign statements with the Federal Election Commission (FEC) is not required to re-itemize its donors.

4 Verification

I have used all reasonable diligence in preparing and reviewing this statement and to the best of my knowledge the information contained herein and in the attached schedules is true and complete. I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

A. Completing the Form 460 Cover Page

A Statement Covers Period

If this is the first report of the calendar year, the “from” date should be January 1. Otherwise, this date should be the day after the closing date of the most recently filed campaign statement. The closing date is identified on the filing schedule.

B Date of Election

When filing a preelection statement in connection with an election, provide the date of the election.

1 Type of Recipient Committee

Check the appropriate box to indicate the type of committee. A primarily formed ballot measure committee that is also controlled or sponsored must check the applicable circle. (See Chapter 1.)

A general purpose ballot measure committee will mark the “General Purpose Committee” box and check the sponsored circle, if applicable. If the committee is controlled by a candidate, also mark the “Officeholder, Candidate Controlled Committee,” box.

2 Type of Statement

Check the appropriate box to indicate the type of statement being filed. The filing schedule will identify the type of statement (e.g., preelection, semi-annual).

3 Committee Information and Treasurer(s)

This entire section must be completed and should include the same information as provided on the committee's most recently filed Statement of Organization, Form 410. If the committee has not yet received an identification number from the Secretary of State, enter "pending" in the "I.D. Number" box.

4 Verification

The committee treasurer or the assistant treasurer listed on the committee's Statement of Organization, Form 410, must complete the verification. The statement is signed under penalty of perjury that the information is true and correct. If the Form 460 is not signed, it is not considered filed.

If three or fewer officeholders/candidates or state ballot measure proponents control the committee, the officeholders/candidates must also complete the verification. If there are more than three officeholders/candidates controlling the committee, one may complete the verification on behalf of the others.

If the committee is sponsored and the sponsor is reporting contributions received through the sponsor or made by the sponsor, the responsible officer must also complete the verification.

5 Officeholder or Candidate Controlled Committee

Ballot measure committees do not complete this section.

6 Primarily Formed Ballot Measure Committee

Indicate the name of the ballot measure, its number or letter designation (if assigned), the jurisdiction in which the measure will be voted upon, and whether the committee is supporting or opposing the measure.

If the committee is controlled by an officeholder, candidate, or ballot measure proponent, report that person’s name, office held or sought, if applicable, and the district number of the office held or sought, if any.

A general purpose ballot measure committee may identify the general issues but is not required to complete Part 6. As reviewed later, a general purpose ballot measure committee controlled by a state candidate/officeholder must specifically identify, for certain expenditures, the measure(s) associated with the expenditure.

7 Primarily Formed Candidate/Officeholder Committee

Ballot measure committees do not complete this section.

B. Completing the Form 460 Summary Page

The Summary Page provides an overview of the committee's financial activities and must be completed for each filing. Although the Summary Page is located at the beginning of the Form 460, it should be completed last. Totals from certain schedules are carried forward to the Summary Page.

A Column A – Total This Period

This column reflects the committee’s activity during the current reporting period as reported on Schedules A through I. If there is no activity to report on a particular schedule, enter a zero or the word “none” on the appropriate line in Column A. There should be no blank lines.

B Column B – Total to Date

This column generally reflects the cumulative total since January 1 of the current calendar year. However, if the committee began raising funds in connection with the qualification of a measure that extends into two calendar years, the contributions and expenditures must be cumulated beginning January 1 of the year the committee began raising funds.

Add the totals from Column B of the committee’s last campaign statement (if any) to the corresponding amounts in Column A. If this is the first report being filed for a calendar year, only carry forward the amounts for loans and accrued expenses reported on Lines 2, 7, and 9 of Column B (if any) from the committee’s last statement. (Note: The amounts reported on Lines 2, 7, and 9 of Column B should be the same as the total outstanding amounts disclosed in column (d) of Schedules B, F, and H, respectively, of the current report.)

When loans (Schedules B and H) and accrued expenses (Schedule F) are paid, the figures to be carried from the schedules to Lines 2, 7, and 9 of Column A may be negative numbers. In this case, be sure to show them as negative figures on the Summary Page (e.g., with a minus sign (-) or in parentheses), and subtract them when totaling Columns A and B.

1 Lines 1-5 (Contributions Received)

Collectively, these lines represent contributions received: monetary, nonmonetary, and loans.

2 Lines 6-11 (Expenditures Made)

Collectively, these lines represent expenditures made: payments, loans made, accrued expenses (bills that are still outstanding), and nonmonetary adjustments.

3 Lines 12-16 (Current Cash Statement)

The Current Cash Statement section should accurately reflect the committee's cash position at the end of the reporting period. If deposits or expenditures have been made that have not cleared the account, the committee's bank balance may not match the ending cash balance.

Beginning and ending cash balances should include the total amount of funds in the committee's campaign checking and savings accounts, plus any investments that can be readily converted to cash, such as certificates of deposit, money market accounts, stocks and bonds, etc.

Line 12 (Beginning Cash Balance)

The beginning cash balance must be the same as the ending cash balance reported on Line 16 of the previously filed statement's Summary Page.

If this is the first statement of the calendar year and no previous statement was filed but money was raised or spent in the previous reporting period enter the amount of cash on hand on December 31. Otherwise, enter zero.

Line 13 (Cash Receipts)

This amount represents the total of all monetary contributions and loans received during the reporting period. Do not include nonmonetary contributions.

Line 14 (Miscellaneous Increases to Cash)

This amount represents increases to the committee's cash position that are not contributions, loans, or repayments of loans made to others. Miscellaneous Increases to Cash include, for example, interest received to a bank account, refunds received from vendors, certain transfers of earmarked funds, and proceeds from the sale of campaign property or auction items. The amount is carried forward from Schedule I, Miscellaneous Increases to Cash.

Together, Lines 13 and 14 reflect all money that has been received during the current reporting period.

Line 15 (Cash Payments)

This figure represents the total amount the committee has spent during the reporting period, including loans made and any accrued expenses paid.

Line 16 (Ending Cash Balance)

This amount represents the total of Lines 12, 13, and 14 **minus** Line 15. The amount reported on Line 16 must equal the total amount of cash the committee has in its campaign bank account **and** the amount of all funds held in interest bearing accounts, certificates of deposit, money market accounts, shares in government bonds, or any other investments that can be readily converted to cash.

If this is a termination statement, Line 16 must be zero.

4 Line 17 (Loan Guarantees Received)

This figure is carried forward from Schedule B, Part 2. The amount represents the total of all loan guarantees, endorsements, or security received during the period.

5 Line 18 (Cash Equivalents)

This figure includes investments that cannot be readily converted to cash as well as the balance due on all outstanding loans the committee has made to others.

Do not include any amount that is invested in interest bearing accounts, certificates of deposit, money market accounts, or any other investments that can be readily converted to cash. This amount should be part of the ending cash figure reported on Line 16.

6 Line 19 (Outstanding Debts)

Report the total of all money owed by the committee. Using Column B, add Line 2 (loans received) and Line 9 (accrued expenses).

Lines 20, 21 & 22

These lines are for certain state candidate election committees. Ballot measure committees do not complete these lines.

Note: The figures on the Summary Page illustration are representative, but not exact, from the examples in this manual.

Answering Your Questions

A. Is there any circumstance when Line 16, Ending Cash Balance, would be a negative amount?

If you report a negative amount on Line 16, this means that either you have made a mathematical error in your calculations or the committee's bank account is overdrawn. Rounding off also may cause a small negative in the cash on hand balance.

B. Is there any circumstance when an amount in Column A would be negative?

Yes. When you are reporting loans and accrued expenses, as these are paid down, the amount reflected in Column A may be a negative amount.

C. What should I do if I am unable to balance my accounting records by the filing deadline?

Since the Political Reform Act does not provide for extensions of a filing deadline, complete the statement as accurately as you can and file an amendment with the corrections as soon as possible.

D. What is the most common mistake made on the Summary Page?

Committees often report loan repayments twice. A loan repayment should only be reported on Schedule B.

C. General Rules for Reporting Contributions Received

Chapter 3 provides detailed information on the following topics and other contribution reporting rules. The information below is only a quick recap of some of the rules.

\$5,000 Contributor – Major Donor Notice

If \$5,000 or more is received from a single source in a calendar year, a “major donor” notice must be sent to the contributor. Do not send the notice if the contribution is from another recipient committee. (See Chapter 3.)

Joint Checking Account

If a check is received that is imprinted with two individuals’ names, report the contribution as coming from the person who signed the check. However, if both signed the check, or one has signed the check but both have signed an accompanying document indicating that the contribution is from both, then report 50% of the contribution coming from the one individual and 50% coming from the other, unless the document attributes specific amounts to each contributor.

Intermediary

If a contribution of \$100 or more is received from someone who is acting as an intermediary, disclose both the true source of the contribution and the intermediary. Failure to report the true source of a contribution is a serious violation of the law.

Ex 9.1 – Sarah Honey made a contribution to your committee and notified you that Sarah would later be reimbursed by Sarah’s employer, Hilltop Dairy. Your committee will report Hilltop Dairy, and its address, as the source of the contribution and also disclose Sarah as the intermediary, providing Sarah’s address, occupation, and employer.

Contributions from Family Trust

If a contribution is received from a family trust account, it is attributed to the person who directed the contribution.

Contribution Limits

Contribution limits of \$45,500 (2023-2024 limits) may apply if a committee, at the behest of a state candidate, makes a payment of \$50,000 or more for a communication featuring the state candidate within 45 days before their election. (See Chapter 3.)

Aggregating Contributions

There are a variety of situations in which two or more contributions must be aggregated for reporting purposes. For example, when an individual, who is the sole proprietor of a company, makes a contribution from company funds and another contribution from personal funds, these contributions are added together for reporting purposes. See Chapter 3 for additional information and examples.

There are special rules for “major donors” (generally these are individuals and business entities that make contributions totaling \$10,000 or more in a calendar year) when they make contributions that are subject to aggregation. The major donor must notify each committee to which it makes a contribution of the name under which the major donor is filing its report (Form 461). The recipient of the contribution must identify the name of the “filer” and the name of the contributor, if that is different than the name of the filer.

Ex 9.2 – Temple Construction is a subsidiary of Temple Enterprises. Contributions made by the two entities must be aggregated and they qualify as a major donor. Your committee receives a contribution from Temple Construction. Temple Construction is required to notify you that its contribution is reported on a campaign statement filed under the name of Temple Enterprises. Your committee must identify both names on its report and, if you receive contributions from both entities, the contributions must be aggregated for purposes of reporting cumulative amounts.

Contributor Information

A contribution of \$100 or more must be returned to the contributor within 60 days of receipt if the contributor's name, address, and, if the contributor is an individual, their occupation and employer are not in the committee's records. (See Chapter 2.) Additionally, contributions of \$100 or more from a limited liability company (LLC) must be returned if, within 60 days, the committee's records do not contain the following: the name of the LLC and the full legal name the LLC's responsible officer (for an LLC that has qualified as an independent expenditure committee or major donor); the name of the LLC's committee and the LLC's principal officer (for an LLC that has qualified as a recipient committee); or, for an LLC that has not qualified as a committee, the full legal name of the individual primarily responsible for approving the contribution.

Reporting Cumulative Amounts

Contributions from the same source are cumulated from January 1 through December 31 unless the committee began raising funds in connection with the qualification of a measure that extends into two calendar years. In that case, the period over which contributions are cumulated begins January 1 of the year the committee began raising funds.

Donor Disclosure for Multipurpose Organizations

A multipurpose organization (e.g., nonprofit) that qualifies as a recipient committee must identify its funding sources for contributions and independent expenditures made. Chapter 13 discusses when a multipurpose organization qualifies as a recipient committee and provides detailed information about how to determine which donors to a multipurpose organization must be disclosed as contributors on a campaign statement.

QUICK TIP: Chapter 13 includes several examples of how to report donors to a multipurpose organization that qualifies as a recipient committee.

Returned Contributions

Not Deposited: A contribution need not be reported if it is returned to the contributor prior to depositing it and prior to the closing date of the campaign statement on which it would otherwise be reported. A contribution of \$1,000 or more received within 90 days of an election, including the date of the election, is not required to be reported if it is not deposited, negotiated, or cashed and is returned to the contributor within 24 hours of receipt.

Deposited, Negotiated, or Returned After Closing Date:

Contributions that have been deposited or negotiated, or which were not returned prior to the closing date of the campaign statement, are reported on Schedule A. If the contribution is returned within 30 days of receipt, and within the reporting period, the return may be shown as a negative figure on Schedule A. Otherwise, report the return of the contribution on Schedule E.

Returned for Insufficient Funds: If a contribution check is returned from the bank for insufficient funds and the committee returns the check to the contributor during the same reporting period, both the receipt and the return of the contribution may be reported on Schedule A with the return shown as a negative amount. Otherwise, the return is reported on Schedule E.

Enforceable Promises

If a contribution is received in the form of an “enforceable promise” that has not been paid during the period, report the contribution as a memo entry on Schedule A.

Disclose the date of the promise, all of the required information about the contributor, and the amount promised, but do not include the amount in the summary totals. When the contributor makes the actual payment, fully disclose the contribution on Schedule A, if the payment is made to the committee, or on Schedule C, if the contributor pays the vendor directly, and include the amount in the appropriate summary section.

Reporting Funds Received Before Committee is Formed

A group that forms for the sole purpose of beginning a ballot measure campaign and receives funds prior to the time the issue becomes an official ballot measure (e.g., petition circulation drive begins) must disclose the early contributors on the committee's first report.

QUICK TIP: As long as the amount of the contribution of both the true source and the intermediary is clearly disclosed on Schedule A, it is permissible to display the information in other formats.

D. Completing the Form 460 Schedule A – (Monetary Contributions Received)

Report monetary contributions the committee has received on Schedule A, except for loans (reported on Schedule B). Receipt of repayments for loans made is reported on Schedule H, and miscellaneous receipts are reported on Schedule I.

1 Date Received

List the date the committee obtained possession or control of the contribution. For instance, in the case of a check, report the date the check was received, which may differ from the date the check was written or the date the check was deposited.

For contributions received by electronic transaction (such as credit card, debit account, or wire transfer, including those received over the Internet), report the date the committee received or had control of the credit/debit account information or other payment information, or the date the committee received or had control of the funds, whichever is earlier. Chapter 2 has a list of examples.

2 Contributor Information

Itemize persons and organizations who have contributed to the committee a cumulative amount of \$100 or more during the calendar year. Provide each contributor's name, street address, city, state, and zip code. Remember to maintain the names and addresses of contributors of \$25 or more in your records.

- For contributions of \$100 or more received from a limited liability company (LLC) that has qualified as an independent expenditure committee or major donor, include the name of the LLC and the full legal name of the LLC's responsible officer as defined in Regulation 18402.2. For contributions of \$100 or more received from an LLC that has qualified as a recipient committee, include the name of the committee and its principal officer as defined in Section 82047.6. For an LLC that has not qualified as a committee, include the name of the LLC and the full legal name of the individual primarily responsible for approving the contribution. If more than one individual shares in the primary responsibility of approving a contribution, at least one such individual must be identified.

QUICK TIP: Some local agencies require itemization below \$100.

3 Contributor Codes

For each itemized contributor, check the box indicating whether the contributor is an individual, a committee, or “other” (such as a business entity), or a political party. The code “SCC” refers to state small contributor committees.

QUICK TIP: Report on Schedule A contributions of any amount received from the controlling candidate’s election campaign to the same candidate’s ballot measure committee.

4 Occupation and Employer, I.D. Number, and Intermediary Information

If the contributor is an individual, provide the individual’s occupation and employer. If the contributor is self-employed, provide the name of the business. Do not leave this section blank. If this information has not yet been obtained, enter “requested” or similar language in this section and amend Schedule A when the information has been received.

If the contributor is a recipient committee, report that committee’s identification number. If an identification number has not yet been assigned or is unknown, report the full name, street address, city, state, and zip code of that committee’s treasurer.

QUICK TIP: Committees must return contributions of \$100 or more if the required identifying information is not obtained. (See Chapter 2.)

If a contribution is received through an intermediary, provide the name, street address, city, state, zip code, and, if applicable, occupation and employer of both the intermediary and the true source of the contribution. (See Chapter 3 for the definition of intermediary.)

Additionally, for contributions from an intermediary that is a limited liability company (LLC) that has qualified as an independent expenditure committee or major donor, include the name of the LLC and the full legal name of the LLC’s responsible officer as defined in Regulation

18402.2. If the contributor is an LLC that has qualified as a recipient committee, include the name of the committee and its principal officer as defined in Section 82047.6. For an LLC that has not qualified as a committee, include the name of the LLC and the full legal name of the individual primarily responsible for approving the contribution. If more than one individual shares in the primary responsibility of approving a contribution, at least one such individual must be identified.

5 Amount Received This Period

Report the amount of the contribution.

6 Cumulative to Date

Generally, the amount listed in the “Cumulative to Date Calendar Year” column will be cumulated from January 1 through December 31 unless the committee began raising funds in connection with the qualification of a measure that extends into two calendar years. In that case, the period over which contributions are cumulated begins January 1 of the year the committee began raising funds.

QUICK TIP: An individual made a personal contribution of \$50,000 to a nonprofit with the intent, purpose and understanding that the nonprofit would provide the funds to a ballot measure committee. The nonprofit must inform the committee that the individual is the true source of the contribution and that the nonprofit is acting as an intermediary. In addition, a treasurer has a responsibility to contact the nonprofit, if the treasurer has reason to question the true source of a contribution, because of the size, its reported source, the likelihood of the source making a contribution of the size reported and all other circumstances surrounding receipt of the contribution. Campaign transactions vary; contact the FPPC for advice.

7 Per Election to Date

This column does not apply to ballot measure committees, unless otherwise instructed by a local ordinance.

8 Schedule A Summary

Complete the Schedule A summary section by entering the total amount of itemized contributions (\$100 or more) received this period on Line 1 and the total amount of unitemized contributions (less than \$100) received this period on Line 2. Add Lines 1 and 2 and enter that amount on Line 3. The amount on Line 3 is carried forward to the overall Summary Page, Column A, Line 2. Reminder: Once a contributor has contributed \$100 or more in a calendar year, all future contributions received from that person, regardless of the amount, must be itemized.

E. Completing the Form 460 Schedule B – Part 1 (Loans Received)

Schedule B is for reporting activity on loans received by the committee. Outstanding loans are reported on each campaign statement until they are paid off. Schedule B has two parts:

- Part 1 lists loans received or outstanding, and the repayment, forgiveness, or payment by a third party of a loan previously received.
- Part 2 lists information on loan guarantors.

1 Lender Information and Contributor Codes

Provide the name, street address, city, state, and zip code of a lender of \$100 or more. Check the box indicating whether the contributor is an individual, a committee, “other” (e.g., business entity), a political party, or a small contributor committee. For loans that are contributions from Limited Liability Companies (LLCs), please see instructions for Schedule A above for information required to be reported in connection with contributions received from LLCs. Loans received from commercial lending institutions in the normal course of business are not contributions.

QUICK TIP: If the committee has drawn on a line of credit, it is reported as a loan.

2 Individual Lender

If the lender is an individual, also provide the individual’s occupation and employer, or, if the contributor is self-employed, provide the name of the business. Do not leave this column blank. If this information has not yet been obtained, enter “requested” or similar language in this column and amend Schedule B, Part 1 when the information is received. If the information is not received within 60 days of receiving the loan, the committee must return the loan amount to the lender. (See Chapter 2.)

Loan Amounts

a Outstanding Balance Beginning This Period

Enter the outstanding loan balance at the beginning of this reporting period (Column (d) of the last report filed). If the loan was received this period, enter zero.

b Amount Received This Period

Enter the amount received from the lender during this reporting period. If the loan was received in a previous reporting period, enter zero.

Note: A candidate/officeholder for state elective office is not limited in the amount they may personally loan to a ballot measure committee. The \$100,000 loan limit imposed in Government Code Section 85307 does not apply to ballot measure committees.

c Amount Paid or Forgiven This Period

Enter the amount of any reduction of the loan during this reporting period. Check the appropriate box to indicate whether the reduction was a payment or forgiveness. When the lender forgives all or part of a loan, or a third party makes a payment on a loan, also report the lender or third party on Schedule A. Enter zero if no payments were made this reporting period.

d Outstanding Balance at Close of This Period

Enter the outstanding balance of the loan at the close of this reporting period. Enter the due date, if any.

e Interest Paid This Period

Enter the interest rate and the amount of interest paid on the loan during this reporting period. If the lender is not charging interest, indicate “none” on the “interest rate” line. Interest paid is reported separately from payments made on the loan principal. Interest payments are also transferred to the Schedule E summary section.

f Original Amount of Loan

Enter the original amount of the loan and the date it was received. If this is the first time the loan is being reported, this is the same amount as reported in Column (b).

QUICK TIP: A loan is a contribution unless it is received from a commercial lending institution in the ordinary course of business. It is not necessary to disclose cumulative amounts for loans that are not contributions.

g Cumulative Contributions to Date

Enter the cumulative amount of contributions (including loans, loan guarantees, monetary and nonmonetary contributions) received from the lender during the calendar year covered by this statement unless the committee began raising funds in connection with the qualification of a measure that extends into two calendar years. In that case, the period over which contributions are cumulated begins January 1 of the year the committee began raising funds.

3 Schedule B Summary

Complete the Schedule B Summary by entering the total amount of loans received this period on Line 1 and the total amount of loans paid or forgiven on Line 2. Subtract Line 2 from Line 1 and enter the difference (net change this period) on Line 3. The amount on Line 3 will be a negative amount when the loans paid or forgiven this period are more than the amount of new loans received. The amount on Line 3 is carried forward to the overall Summary Page, Column A, Line 2.

Outstanding Loans Received (Summary Page – Column B, Line 2)

Loans received are carried forward on future statements until they are paid off. To determine the amount for Column B, Line 2 of the overall Summary Page, add the amount from Column A, Line 2 of this statement to the amount of Column B, Line 2 of the previous statement. If the amount in Column A, Line 2 is a negative number, subtract it from the amount in Column B, Line 7 of the previous statement.

F. Completing the Form 460 Schedule B – Part 2 (Loan Guarantors)

1 Guarantor Information

If someone guarantees, co-signs, endorses, or provides security for a loan of \$100 or more, enter the name and address of the guarantor.

If the guarantor is a Limited Liability Company (LLC), please see instructions for Schedule A above for information required to be reported in connection with contributions received from LLCs.

2 Contributor Codes

For each itemized guarantor, check the box indicating whether the guarantor is an individual, committee, or “other” (such as a business entity), or a political party. (The code “SCC” is for a small contributor committee.)

3 Individual Loan Guarantor

If the guarantor is an individual, enter their occupation and employer, or, if self-employed, the name of the business.

4 Loan

Enter the name of the lender or the entity at which a line of credit was established and the date of the loan or the date the line of credit was established.

5 Amount Guaranteed This Period

Enter the amount guaranteed this period, if applicable. For lines of credit, enter the full amount established or secured by the guarantor during the period. (Report amounts **drawn on a line of credit on Schedule B – Part 1.**)

6 Cumulative to Date

Enter the cumulative amount of contributions (including loans, loan guarantees, monetary and nonmonetary contributions) received from the guarantor during the calendar year covered by the statement unless the committee's fundraising in connection with the qualification of the measure extends into two calendar years. In that case, the period over which contributions are cumulated begins January 1 of the year the committee began raising funds.

QUICK TIP: Loan guarantees are not included in the Schedule B summary section, but are carried forward in a lump sum to Line 17 of the overall Summary Page.

7 Balance Outstanding to Date

Report the outstanding balance for which the guarantor is liable at the close of this reporting period.

G. General Rules for Reporting Nonmonetary Contributions Received on Schedule C

Schedule C is used to report nonmonetary contributions received by the committee. Nonmonetary contributions are goods or services provided to the committee for which it does not pay the fair market value.

The fair market value is the amount the committee would pay for the goods or services on the open market – whatever it would cost any member of the general public to obtain the same goods or services. (See Chapter 3 for assistance in determining the fair market value of a nonmonetary contribution.)

Examples of Nonmonetary Contributions

- Items donated for a garage sale, raffle, or auction.
- Poll results.
- Signs, postage, and printing.
- Food and entertainment provided for a fundraiser.
- Discounts or rebates that are not extended to the general public.
- Mailing lists, mailings, and other advertising.
- Forgiveness of an accrued expense by the creditor.
- Use of an office, automobile, or airplane.
- Mail production, postage, printing, shipping, data and graphics.
- Phone banking and public communications.
- Media consulting services.
- Video services.

- Staff time and expenses.
- Facebook ads, banner ads.
- Precinct walking and door hangers.
- Food for volunteers.
- Slate mailer/slate cards.
- Campaign materials, flyers for rally, buttons, t-shirts.
- Compensation paid by an employer to an employee who spends more than 10% of their compensated time in a calendar month working on campaign activities for one or more campaigns. Compensation includes gross wages paid and any benefits in lieu of wages, such as stock options or an annuity purchase. Compensation does not include standard benefits, such as the employer's payments to a health or retirement plan.

QUICK TIP: If corporate stock is received as a contribution, the amount reported on Schedule C is the value listed on the stock exchange on the date of receipt. When the stock is sold, the proceeds are reported on Schedule I as a miscellaneous increase to cash.

(See Chapters 3 and 4 for exceptions, such as volunteer personal services, home/office fundraisers, and member communications.)

Administrative Services Provided by Committee Sponsors

If the committee is sponsored and the sponsor pays for the establishment and administrative costs of the committee, the committee is required to report the payments on Schedule C, but they are not considered “contributions” to the committee. Report the payments in the “Description of Goods or Services” column, but do not include the value of the services in the “Amount/Fair Market value” column.

“Establishment and administration” of a sponsored committee means the cost of office space, phones, salaries, utilities, supplies, legal and accounting fees, and other expenses incurred in setting up and running a sponsored committee. In addition, bank fees (including fees for monthly services, purchasing/printing checks, cashier’s checks and money orders, overdraft, stop payments) and third party vendor fees, such as internet account fees and merchant account fees, are considered payments for the establishment and administration of its sponsored committee.

Other costs paid by a sponsoring organization are contributions to the committee (e.g., costs of raising funds for the committee, costs of reviewing a communication to determine the advertisement disclosure requirements, petition gathering) and are subject to regular reporting.

Ex 9.3 – An association forms a committee to oppose Proposition 222. The Association collects contributions from its members, transmits them to the committee, and provides the committee with office space, staff, and accounting services. The committee reports the administrative services from the Association in the “Description of Goods or Services” column on Schedule C of its campaign reports.

The Association pays for the cost of a special mailing to its members to raise funds to support the measure. The Association’s payments are nonmonetary contributions and the amount, if over \$100, is recorded in the field titled: Amount/Fair Market Value.

Ex 9.4 – A union has a sponsored ballot measure committee. A union employee is designated as treasurer and will complete the FPPC and related election reports. The committee reports the union’s costs for the treasurer’s services (which exceed 10% of the employee’s compensated time in a calendar month) in the “Description of Goods or Services” column on Schedule C of its campaign reports.

H. Completing the Form 460 Schedule C (Nonmonetary Contributions Received)

1 Date Received

A nonmonetary contribution is received on the earlier of the following:

- The date funds are spent by the contributor for the goods or services
- The date the committee or an agent of the committee obtains possession or control of the goods or services
- The date the committee receives the benefit of the expenditure

2 Contributor Information

Itemize persons who have contributed to the committee a cumulative amount of \$100 or more during the calendar year. Provide each contributor's name, street address, city, state, and zip code. For contributions received from Limited Liability Companies (LLCs), please see instructions for Schedule A above for information required to be reported in connection with contributions received from LLCs. Remember to maintain the names and addresses of contributors of \$25 or more in your records. (See Chapter 2.)

Ex 9.5 – A third party paid for brochures advocating passage of the committee's ballot measure. The brochures were delivered to your headquarters on February 22 and the third party said the bill would be paid on March 15. Your committee received the nonmonetary contribution on February 22.

3 Contributor Codes

For each itemized contributor, check the box indicating whether the contributor is an individual, committee, or "other" (such as a business entity), or a political party. The code "SCC" is for small contributor committees.

4 Occupation and Employer Information

If the contributor is an individual, provide the individual's occupation and employer. If the contributor is self-employed, provide the name of the business. Do not leave this section blank. If this information has not yet been obtained, enter "requested" or similar language in this section and amend Schedule C when the information has been received.

5 Description of Goods or Services

Provide a brief description of the goods or services received.

6 Amount/Fair Market Value

Report the value of the nonmonetary contribution received.

QUICK TIP: Chapter 3 provides examples on how to value nonmonetary contributions.

7 Cumulative to Date

Enter the cumulative amount of contributions (including loans, loan guarantees, monetary and nonmonetary contributions) received from the contributor during the calendar year covered by the statement unless the committee began raising funds in connection with the qualification of a measure that extends into two calendar years. In that case, the period over which contributions are cumulated begins January 1 of the year the committee began raising funds.

8 Per Election to Date

This column does not apply to ballot measure committees, unless otherwise instructed by a local ordinance.

9 Schedule C Summary

The total of nonmonetary contributions reported on Line 3, Schedule C summary section, is reported on the Form 460 Summary Page as both a contribution (Line 4, Column A) and as an expenditure (Line 10, Column A), because the committee would otherwise have had to pay for the goods or services donated.

I. General Rules for Reporting Expenditures Supporting/Opposing Other Candidates, Measures, and Committees on Schedule D

Schedule D is a summary of payments reported on Schedules E, F, and H that are contributions or independent expenditures to support or oppose candidates, measures, and other committees, including:

- A monetary contribution or loan to a candidate or committee;
- A payment to a vendor for goods or services for a candidate or committee (i.e., a nonmonetary contribution);
- A donation to a candidate or committee of goods on hand, or the payment of salary or expenses for a campaign employee who spends more than 10 percent of their compensated time in a calendar month working for another candidate or committee; and
- A payment for a communication (e.g., a mailing, billboard, radio ad) that expressly advocates the election/passage or defeat of a clearly identified candidate or ballot measure, but the payment is not made to, or at the behest of, the candidate or ballot measure committee.

Note: Expenditures made by a primarily formed ballot measure committee to support or oppose the ballot measure for which it is primarily formed are not independent expenditures or contributions. Unless a primarily formed committee makes a contribution to another committee primarily formed for the same measure, a primarily formed ballot measure committee generally would not have activity to report on Schedule D.

J. Completing the Form 460 Schedule D (Summary of Expenditures Supporting/Opposing Other Candidates, Measures and Committees)

1 Date

Report the date the contribution or independent expenditure was made. A monetary contribution is made on the date it is mailed, delivered, or otherwise transmitted to the committee or an agent of the committee. A nonmonetary contribution is made on the earlier of the following:

- The date funds were expended for the goods or services;
- The date the committee or agent of the committee obtained possession or control of the goods or services; or
- The date the committee otherwise received the benefit of the expenditure.

An independent expenditure is made on the earlier of the following:

- The date the payment is made; or
- The date the committee making the payment receives consideration in exchange for the expenditure(s) (e.g., when the advertisement appears).

For purposes of reporting independent expenditures on Schedule D, the date an independent expenditure is made is the date the communication is mailed, broadcast, or otherwise disseminated to the public. If payments are made in one reporting period for a communication that is disseminated to the public during a subsequent reporting period, report the payments on Schedule E for the period in which the payments they were made and complete Schedule D for the period in which the communication is disseminated. A payment for a communication that is never disseminated to the public is not an independent expenditure and need not be reported on Schedule D. However, the payment must still be reported on Schedule E.

2 Candidate and Office, Measure and Jurisdiction, or Committee

For each contribution or independent expenditure of \$100 or more to support or oppose a candidate, ballot measure, or general purpose committee (e.g., political party, PAC), disclose:

- **Candidate:** Name of candidate, the office sought or held, and the district, if any.
- **Ballot Measure:** Number or letter and jurisdiction of ballot measure. If a number or letter has not been assigned, include the measure's title.
- **General Purpose Committee:** Name of committee.

For each candidate or measure listed, indicate whether the payment was made to support or oppose the candidate or measure. A contribution made to a committee primarily formed to oppose a candidate or measure would be identified as a contribution in opposition of the candidate or measure.

3 Type of Payment

Check the applicable box to indicate whether the payment was a monetary contribution, nonmonetary contribution, or independent expenditure.

4 Description

Because payments must be described when they are reported on Schedules E or F, a description is not required for payments reported on Schedules E or F that are nonmonetary contributions or independent expenditures. However, if no payment was made, describe the goods or services and disclose the fair market value of the contribution. For example, if goods on hand are contributed to a candidate or another committee (e.g., office supplies), a description must be included.

Ex 9.6 – Your primarily formed ballot measure committee made a \$5,000 contribution to another primarily formed committee for the same ballot measure. In addition to reporting it on Schedule D, the expenditure is also reported on Schedule E.

5 Amount This Period

Provide the amount(s) of contributions or independent expenditures made this period relative to each committee.

QUICK TIP: If two or more primarily formed ballot measure committees formed to support or oppose the same ballot measure exchange information between themselves, subsequent expenditures by each committee are not, merely by that exchange, considered to be at the behest of the other committee and, therefore, a contribution. (See Regulation 18225.7.)

6 Cumulative to Date Calendar Year

Report the cumulative amount contributed to or expended to support or oppose each itemized committee since January 1 of the current calendar year.

7 Per Election to Date

This section is generally not applicable for ballot measure committees. This section is for reporting payments to state candidates.

Note: A ballot measure committee controlled by a state candidate or officeholder may not make a contribution to a controlled committee of a candidate for elective office. The committee may contribute leftover funds when the committee is preparing to terminate to a segregated account of a political party committee so long as the funds are not used for candidate contributions or for communications that expressly advocate for or against a candidate. (See Regulation 18521.5.)

8 Schedule D Summary

Complete the Schedule D summary section by entering the total amount of itemized contributions and independent expenditures of \$100 or more (Line 1), the total amount of unitemized contributions and independent expenditures of less than \$100 (Line 2), and the total amount for both (Line 3). Totals from the Schedule D summary section are **not** carried forward to the overall Summary Page.

QUICK TIP: If a primarily formed ballot measure committee makes contributions (including loans) or independent expenditures to support or oppose candidates, officeholders, other committees, or other ballot measures, it may qualify as a general purpose committee, which has different disclosure obligations. (See Regulation 18247.5.)

K. General Rules for Reporting Payments Made and Accrued Expenses (Unpaid Bills) on Schedule E and Schedule F

An expenditure is “made” on the date the payment is made or the date the goods or services are received, whichever is earlier. Expenditures of campaign funds must have a political, legislative, or governmental purpose. (See Chapter 5.)

Use Schedule E to report money spent by the committee during the reporting period. Do not use Schedule E to report the repayment of loans received; use Schedule B, Part 1 instead. Also, do not use Schedule E when reporting loans made to candidates, officeholders, and other committees; use Schedule H instead.

Use Schedule F to report amounts owed by the committee for goods or services received but not paid for by the end of the reporting period.

Unpaid administrative overhead expenses of the committee, such as rent, utilities, phones, or employee salaries, need not be reported on Schedule F if the committee has not received a bill in the normal course of business or if the due date for the payment is after the closing date of the statement. Regular administrative overhead expenses do not include contracts for services such as accounting, legal, campaign consulting, and public relations.

Ex 9.7 – During October and November, you:

Paid a deposit on a room for a fundraiser to be held January 10;

Ordered and received the fundraiser invitations for which you were billed but had not made a payment by December 31; and

Ordered, but did not receive, flowers for the fundraiser for which you will be billed at the end of January.

On the semi-annual statement covering the period ending December 31, report the payment for the room deposit on Schedule E. Because you received the invitations but had not paid for them by December 31, disclose the outstanding amount on Schedule F. The cost of the flowers will not be reported until the next reporting period because you did not pay for nor receive the flowers during the period covered by the statement.

Expenditures Made Before Proposal Becomes a Measure

See Chapter 1 for examples of expenditures made prior to a proposal becoming a measure that may be reportable.

Information Required

Itemize each payment made or accrued expense owed of \$100 or more to a single source, and any payments made totaling \$100 or more for a single product or service during the period.

If the committee has entered into an agreement to make payments over time for a product or service, other than general administrative expenses such as rent and utilities, the unpaid balance may be reportable on Schedule F as an accrued expense.

Payments for Online Communications

As reviewed in Chapter 7, the Act requires specific disclosures on advertisements so that the electorate has the information it needs to weigh the information it receives, whether from a digital or other source. Regulation 18421.5 requires a committee to report certain information when it pays an individual, either directly or through a third party, to create content for a digital platform unless the content provides a clear and conspicuous statement that a committee paid the author for the content.

Schedules E or F must identify such payments using the code “WEB.” In the description field, the following must be identified: the amount of the payment, the payee, the name of the individual providing content, and the name of the website or the URL on which the communication is published in the first instance.

The regulation applies when a campaign committee pays someone to provide favorable or unfavorable content on an Internet website (other than the committee’s own website) about a candidate or ballot measure. It covers such content as a post for a blog, a video produced and posted online, and content created for social media. The regulation requires a campaign to disclose where the initial posting is made (on a supportive blog, for example), but does not require the campaign to know where the content is shared or passed on to after that initial post.

Candidate Controlled Committees – Gifts, Meals, and Travel Payments

Candidate controlled committees must include additional information when itemizing payments made for gifts, meals and travel. Specific instructions are noted in the following pages.

Savings Accounts/Certificates of Deposit/Money Market Accounts

Do not report the transfer of campaign funds into a savings account, certificate of deposit, money market account, or the purchase of any other asset that can be readily converted to cash on Schedule E. Report these amounts as part of cash on hand on the Summary Page, Line 16.

Subvendor Payments (often reported on Schedule G)

Whenever an agent or independent contractor (such as a consulting firm or advertising agency) makes an expenditure, or incurs a debt, of \$500 or more on behalf of the committee, the expenditure must be reported in the same detail as if it had been made directly by the committee. These are commonly known as “subvendor payments.” Following are some examples of the types of subvendor payments that must be itemized.

- Development of campaign strategy;
- Media placements - television, radio, cable, digital (specifically listing the TV or radio stations);
- Commissions paid to media firms for media placements;
- Travel expenses;
- Print or online advertisements;
- Polling and survey research;
- Talent and media services, production costs;
- Voter canvas program*;
- Robocalls;

- Printing and literature; and
- Design or management of campaign literature or advertising.

*When reporting an expenditure made by an agent or independent contractor to an individual for conducting signature gathering, door-to-door solicitations, or canvassing, the committee and the agent or independent contractor are not required to report the name of the individual. See Regulation 18431(e).

QUICK TIP: The names of individuals paid to collect signatures (petition circulators) are not required to be disclosed on the campaign statement. However, a business entity, including a sole proprietorship, that contracts with a committee to obtain signatures must be identified. For example, if Hector Gonzales is an independent contractor that contracts with a ballot measure committee to obtain signatures in Sacramento County and they do not personally ask voters to sign petitions, but contracts the work to college students, the names of the college students are not required to be disclosed. Hector Gonzales must be identified as a vendor to the committee.

Agents and independent contractors must provide the committee with the required payment information **no later than** three working days prior to when the campaign statement must be filed (or within 24 hours for a contribution of \$1,000 or more made within 90 days of the election, including the date of the election).

Expenditures made by the agent or independent contractor for its own overhead and operating expenses need not be itemized. The committee also must obtain and keep receipts, invoices, and other documentation of subvendor payments. (See Chapter 2.)

In many cases, funds paid to an agent or independent contractor in one reporting period will not be used by the agent or contractor until a subsequent reporting period. Report payments to the agent contractor on Schedule E of the campaign statement covering the period in which the payment was made. When the agent or independent contractor spends the money, report subvendor payments on the campaign statement covering the period in which the agent or independent contractor made the expenditures. Itemize payments made by the agent or independent contractor of \$500 or more.

Subvendor payments are most often reported on Schedule G, but committees may instead report subvendor payments on Schedules E or F, along with the payment made or owed to the agent or independent contractor. When itemizing subvendor payments on Schedules E or F, do not include the amounts in the “Amount Paid” column, as this will inflate expenditure totals.

Credit Card Payments

When reporting payments to a credit card company, report the company’s name, street address, city, state, zip code, and the amount of the payment. In addition, provide the name, street address, city, state, and zip code of any vendor that received \$100 or more, the amount paid to each itemized vendor and a code or description of the payment. If a payment on the credit card has not been made by the end of the reporting period, or only partial payment has been made, report the amount outstanding to the credit card company on Schedule F. Payments to the credit card company should be reflected on Schedule E, when payments are made, and Schedule F when there is a balance still owing at the end of the reporting period. Vendors are not required to be listed more than one time on either Schedule E or Schedule F.

Ex 9.8 – A committee used the campaign credit card on December 28 at two different vendors to purchase office supplies and to have invitations to a fundraiser printed. The printing job cost \$560, while the office supplies were under \$100. Since the committee did not make a payment on the credit card by December 31, the end of the reporting period, the amount owed is reported on Schedule F. In addition to the total amount owed to the financial institution that issued the credit card, the committee also itemizes the printer, since the amount owed is \$100 or more. The committee will later report payments it makes to the financial institution, but does not reitemize any vendors.

Contingency Payments

If the committee has entered into an agreement to pay a contingency fee, such as a bonus to a consultant if the campaign is successful, report the fee amount on Schedule F **only** if it is outstanding at the end of the campaign. The fee is not required to be reported as an accrued expense until it is due.

Payments to Businesses Owned by Someone Affiliated with the Committee

A ballot measure committee that makes a payment of \$100 or more to any business entity (1) which is owned 50 percent or more by any of the individuals listed below, or (2) in which any of the individuals listed below is an officer, partner, consultant or employee, must report that individual's name, relationship to the committee, and a description of the ownership interest or position with the business entity. Individuals covered by (1) and (2) include:

- A candidate or person controlling the committee; or
- An officer or employee of the committee; or
- The spouse of any of the above.

**L. Completing the Form 460 Schedule E
(Payments Made)**

1 Name and Address of Payee

Itemize each payment of \$100 or more to a single payee during the reporting period, and any payments totaling \$100 or more made during the period for a single product or service. Include the name, street address, city, state, and zip code of the recipient. Do not use post office box numbers when reporting the address of a payee or creditor.

2 Code or Description of Payment

When itemizing payments, provide either a code or a description of the payment. (Expenditure codes are explained in detail in the Form 460, Schedule E instructions.) If none of the codes fully explains the expenditure, leave the code column blank and provide a brief description of the goods or services purchased.

If several expenditures are made to one vendor during the same reporting period, all of the payments to the vendor may be reported in a single record. When coding the expenditures, use the code that represents the largest share of the expenditures, and the description field for the other codes or a description. Alternatively, expenditures may be reported separately by category.

For expenditures that are contributions or independent expenditures to support or oppose a candidate or ballot measure, provide the applicable code (“CTB” or “IND,” respectively) and disclose the name of the candidate or committee that received the contribution, or the name of the candidate or ballot measure supported or opposed by the independent expenditure. Include a brief description of the payment for a nonmonetary contribution or an independent expenditure. **These expenditures also must be disclosed on Schedule D.**

3 Amount Paid

Enter the total amount paid to the payee during the reporting period.

Payment of Accrued Expenses

When paying accrued expenses previously reported on Schedule F, report all payments on Schedule E, itemizing each payment of \$100 or more. Subvendor information is only required to be reported once, and does not need to be reitemized on Schedule E if it was disclosed on Schedule F of a previous report.

State and Local Candidate Controlled Committees – Gifts, Meals, and Travel Payments

A committee controlled by a state or local candidate or officeholder, including a ballot measure committee, must itemize payments for gifts, meals, or travel. The expenditure must be further explained in the “Description of Payment” column, whether or not an expenditure code is used.

NAME AND ADDRESS OF PAYEE (IF COMMITTEE, ALSO ENTER I.D. NUMBER)	CODE	OR	DESCRIPTION OF PAYMENT	AMOUNT PAID
Bistro California 1900 U Street Los Angeles, CA 90012			Two meals: Candidate and political consultant August 10, 20XX	\$106

Gifts: When reporting an itemized expenditure for a gift, the committee must briefly describe the political, legislative, or governmental purpose of the expenditure. In addition, the committee must provide the date of the gift and a description of the gift. If the gift was made to an individual recipient, the name of the recipient must be included. If a gift was made to a group of recipients, the name of each recipient who received a benefit of \$50 or more is required. When the recipient of a gift with a value of \$50 or more is not known at the time the payment is required to be reported, the committee must report that the gift was for an “undetermined recipient.” Once the gift has been given to the recipient, the campaign statement must be amended within 45 calendar days to disclose the name of the recipient.

Ex 9.9 – The mayor’s ballot measure committee purchased \$50 restaurant gift certificates for two volunteer campaign workers. In the Description of Payment column, the following would adequately describe the payment: “12/5/XX - gift certificates for campaign workers, Linda Davis (\$50) and Richard Bailey (\$50).”

Meals: When reporting an itemized expenditure for a meal (other than a meal reported as an itemized expenditure for travel, as discussed below), the committee must briefly describe the political, legislative, or governmental purpose of the expenditure. In addition, the committee must provide the date of the meal, the number of individuals who were present at the meal, and whether the candidate, a member of their household, or an individual with authority to approve expenditures of campaign funds was present at the meal. It is not necessary to include the names of individual attendees on the report. However, the names of the attendees must be maintained in the committee’s records. (See Chapter 2.)

Ex 9.10 – The committee’s controlling candidate and campaign manager discuss the election campaign during a working lunch meeting at a restaurant. The meal was charged to a campaign credit card. On Schedule E, the payment to the credit card company and the restaurant will be shown. In the Description of Payment column, the following description would be sufficient: “9/1/XX – Lunch meeting regarding campaign attended by campaign manager and candidate.”

Travel Payments: When reporting an itemized expenditure for travel, including lodging and meals, the committee must briefly describe the political, legislative, or governmental purpose of the expenditure. In addition, the committee must also provide the date or dates of the travel, the destination, and the goods or services purchased. The description must also include the number of individuals for whom the payment was made and whether the trip included the candidate, a member of their household, or an individual with the authority to approve expenditures of campaign funds. The names of individuals who traveled are not required to be disclosed on the report. However, the names of the travelers must be maintained in the committee’s records (See Chapter 2.)

Ex 9.11 – The controlling state officeholder of the ballot measure committee attended a fundraising event in San Diego. The committee paid for the travel expenses from Sacramento. The report itemizes the expenditure to the airline. In the Description of Payment column, the following would sufficiently describe the expenditure: “8/1/XX and 8/3/XX – Round trip airfare to San Diego for officeholder to attend campaign event.”

State Candidate Controlled General Purpose Ballot Measure Committees

When reporting an expenditure of \$100 or more, a general purpose ballot measure committee controlled by a state candidate or officeholder (e.g., Governor, legislator) must specify the amount of the expenditure attributed to the support or opposition of each measure or potential measure.

For example, a payment to a campaign consultant for research or polling on a specific measure in a local jurisdiction could state: research/polling Measure B, City of Sacramento.

Attribution is not required for expenditures for operating costs, administrative overhead, fundraising, travel, compliance costs and attorney's fees if the payments cannot be attributed to a specific measure or potential measure.

4 Schedule E Summary

Complete the Schedule E summary section by entering the total amount of itemized payments of \$100 or more (Line 1) and the total amount of unitemized payments of less than \$100 (Line 2). If the committee is paying interest on loans, enter the amount from Schedule B, Part 1, Column (e) on Line 3. The total amount of all payments made is entered on Line 4. The amount on Line 4 is carried forward to the overall Summary Page, Column A, Line 6.

M. Completing the Form 460 Schedule F - Accrued Expenses (Unpaid Bills)

1 Name and Address of Creditor

Itemize each accrued expense of \$100 or more owed to a single creditor. Provide the name, street address, city, state, and zip code of the creditor. Do not use post office box numbers.

QUICK TIP: Continue to list an unpaid debt until it is paid off. Subvendor payments are required to be reported only once.

2 Code or Description of Payment

When itemizing accrued expenses, provide either a code or a description of the outstanding payment. (Expenditure codes are explained in detail in the Form 460, Schedule E instructions.) If none of the codes listed on Schedule F fully explains the outstanding payment, leave the code column blank and provide a brief description of the goods or services.

If several accrued expenses are owed to one vendor during the same reporting period, all of the accrued expenses to the vendor may be reported in a single record. When coding accrued expenses, use the code that represents the largest share of the accrued expenses, and the description field for the other codes or a description. Alternatively, each expenditure may be reported separately by category.

QUICK TIP: See “State and Local Candidate Controlled Committees – Gifts, Meals, and Travel Payments” and “State Candidate Controlled General Purpose Ballot Measure Committees” above for additional disclosure requirements for Candidate Controlled Committees.

For accrued expenses in connection with contributions or independent expenditures to support or oppose a candidate or ballot measure, provide the applicable code “CTB” or “IND” and disclose the name of the candidate or committee that received the contribution, or the name of the candidate or ballot measure supported or opposed by the independent expenditure. Include a brief description of the payment for a nonmonetary contribution or an independent expenditure. **These expenditures also must be disclosed on Schedule D.**

3 Amount Columns

For each itemized accrued expense, report any outstanding balance remaining for the accrued expense from the previous period in column (a), the amount of new accrued expenses incurred this period in column (b), the amount paid this period in column (c), and any outstanding balance at the close of the period in column (d).

When payments on accrued expenses are made, in addition to itemizing payments of \$100 or more on Schedule F, itemize the payments on **Schedule E**. Include unitemized payments on accrued expenses on Line 2 of the summary section of Schedule E.

Ex 9.12 – On its second preelection statement, the committee reported an estimated accrued expense of \$5,000 owed to Fast Printing. An invoice was received during the next reporting period showing the actual amount owed as \$4,500. On Schedule F, column (a) of its next statement, the committee will report an outstanding accrued expense of \$5,000. In column (b), the amount incurred this period will be a negative \$500. The committee paid the entire bill and therefore will report \$4,500 as paid this period in column (c), with a zero balance in column (d).

Estimating Accrued Expenses

If the exact amount of a debt or obligation is unknown, an estimate may be reported. When the exact amount is known, the committee must 1) amend the statement on which the estimated amount was reported; or 2) make an adjustment on the next campaign statement by showing the difference between the estimated amount and the actual amount in column (b), Amount Incurred This Period. If the actual amount is less than the estimate, the amount listed in column (b) should be a negative number and subtracted from the totals. When reporting estimated amounts or corrections to estimated amounts, note that fact on the campaign statement.

Forgiven Accrued Expenses or Third Party Payments

If a creditor reduces or forgives a debt previously reported on Schedule F, or if another person pays a debt for the committee:

- Indicate that the debt was forgiven, reduced, or paid by a third party and write “See Schedule C” in the “Description of Payment” column. Also report the creditor/payor and the amount as a nonmonetary contribution on Schedule C.

- Report the amount forgiven, reduced, or paid by a third party in the “Amount Paid This Period” column and indicate that it was a forgiveness or third party payment **or** report the amount as a negative number in the “Amount Incurred This Period” column. Do not report the amount on Schedule E.

If the decision to forgive or reduce the debt is based on a bona fide business judgment that all or part of the debt is uncollectible, depending on the facts, the creditor may not be making a contribution. The FPPC may be contacted for assistance by sending an email to advice@fppc.ca.gov.

Schedule F Summary

Complete the Schedule F summary section by entering the total amount of accrued expenses **incurred** on Line 1 and the total amount of accrued expenses **paid** on Line 2. Subtract Line 2 from Line 1 and enter the difference (net change this period) on Line 3. The amount on Line 3 will be a negative amount when the accrued expenses paid are more than the amount of new accrued expenses. The amount on Line 3 is carried forward to the overall Summary Page, Column A, Line 9.

Outstanding Accrued Expenses (Summary Page, Column B, Line 9)

Accrued expenses are carried forward on future statements until they are paid off. To determine the amount for Column B, Line 9 of the overall Summary Page, add the amount from Column A, Line 9 of this statement to the amount of Column B, Line 9 of the previous statement. If the amount in Column A, Line 9 is a negative number, subtract it from the amount in Column B, Line 9 of the previous statement.

Answering Your Questions

A. When are unpaid bills reportable as accrued expenses?

The basic rule is that you must report an accrued expense any time you have received goods or services but have not paid for them by the end of the reporting period.

B. What if our committee has not received an invoice from the vendor yet?

If you have received the goods or services, you must report the accrued expense on Schedule F even if you have not received an invoice. If you do not know the actual amount, you may estimate the amount of the expense. Once the committee is made aware of the actual amount, the committee must either amend the statement on which the estimated amount was reported or make an adjustment on the next campaign statement by showing the difference between the estimated amount and the actual amount in column (b), "Amount Incurred This Period." When reporting estimated amounts or corrections to estimated amounts, note that fact on Schedule F.

C. We have a contract to pay our campaign consultant \$1,000 per month. If the closing date of the campaign statement falls during the middle of the month, for example March 17, must we report an accrued expense for the period of March 1 through March 17?

No. When you have agreed in writing to pay a contractor a set amount at regular intervals, it is not necessary to report as an accrued expense the amount owed to the contractor if the reporting period closes before the end of the contract period. The payment will be reported on Schedule E of the campaign statement for the period in which the payment is made.

D. When an accrued expense is owed and there are subvendor payments, when are the subvendors reported? For example, if we report an accrued expense owed on a credit card and list the subvendors, must we reitemize the subvendors again on Schedules E and F when the accrued expense is paid?

No. It is not necessary to reitemize subvendors when payments are made on accrued expenses, or if an accrued expense is reported on more than one statement. In this example, the subvendors must be reported on the first statement disclosing the accrued expense owed to the credit card company. On subsequent statements, only the credit card company must be itemized.

N. Form 460 Schedule G - Payments Made by an Agent or Independent Contractor

Use Schedule G to report payments made on behalf of the committee by agents (such as campaign workers) and independent contractors (such as a consulting firm or an advertising agency). This schedule may be used in lieu of itemizing these amounts on Schedules E or F.

QUICK TIP: When reporting an expenditure made by an agent or independent contractor to an individual for conducting signature gathering, door-to-door solicitations, or canvassing, the committee and the agent or independent contractor are not required to report the name of the individual. See Regulation 18431(e).

Itemize payments of \$500 or more made by the agent or independent contractor. Provide the name, street address, city, state, and zip code of the payee. Do not use post office box numbers. Schedule G totals are not transferred to any other schedule or to the Summary Page.

QUICK TIP: Schedule G may be completed by the agent or independent contractor and provided to the committee, or it may be completed by the committee from information provided by the agent or independent contractor. Agents and independent contractors must provide the committee with the required payment information no later than three working days prior to the filing deadline of the campaign statement.

O. Form 460 Schedule H – Loans Made to Others

Schedule H is for reporting loans made by the committee. Generally, primarily formed ballot measure committees do not make loans to other committees or candidates. If a committee were to make such loans, it would likely become a general purpose recipient committee subject to different reporting obligations. See Regulation 18247.5 or contact the FPPC for assistance by sending an email to advice@fppc.ca.gov.

P. General Rules for Reporting Miscellaneous Increases to Cash on Schedule I

Report on Schedule I increases to the committee's cash position that are not monetary contributions, loans, or repayments of loans made to others.

Examples

- Proceeds, up to the fair market value, of items sold at a garage sale or auction.
- Refunds received on deposits, such as a telephone or room rental deposit or from over-payment of bills.
- Interest received or credited to a checking or savings account or other time deposit.
- Interest payments received on loans made to others.
- Receipts from the sale of committee assets.
- Receipt of earmarked funds when acting as an intermediary. (See Chapter 3.)

Uncashed Checks

If the committee writes a check that is never deposited or negotiated, report the amount of the uncashed check on Schedule I.

Decreases to Cash

All decreases to cash must be reported as expenditures on Schedule E or H.

R Form 450 (Recipient Committee Campaign Statement – Short Form)

The Form 450 may be filed as a preelection or semi-annual statement instead of the Form 460 if, during the reporting period, the committee has:

- No receipt (contribution, loan, refund, interest, etc.) from a single source of \$100 or more;
- No outstanding loans received or made; and
- No accrued expenses (unpaid bills).

QUICK TIP: If the committee began raising funds in connection with the qualification of a measure that extends into two calendar years, the period over which contributions are cumulated (for purposes of determining whether the committee has received \$100 from a single source) begins January 1 of the year the committee began raising funds and ends December 31 of the second calendar year.

S. Completing the Form 450 Cover Page

A Statement Covers Period

If this is the first report of the calendar year, the “from” date should be January 1. Otherwise, this date should be the day after the closing date of the most recently filed campaign statement.

B Date of Election

When filing a preelection statement in connection with an election, provide the date of the election.

1 Type of Recipient Committee

Check the box indicating that the committee is a ballot measure committee. Also mark the appropriate circle if the committee is primarily formed, and indicate if it is also controlled or sponsored.

2 Type of Statement

Check the appropriate box to indicate the type of statement being filed (e.g., semi-annual or preelection).

3 Committee and Treasurer Information

This entire section must be completed and should include the same information as provided on the committee's most recently filed Statement of Organization, Form 410. If the committee has not yet received an identification number from the Secretary of State, enter "pending" in the "I.D. Number" box.

4 Verification

The Form 450 is not considered filed if it is not signed. The committee treasurer or the assistant treasurer must review the completed Form 450 and sign the verification. In addition, if an officeholder/candidate or state ballot measure proponent controls the committee, they must also sign the statement. If two or three officeholders/candidates control the committee, each one must sign. If there are more than three officeholders/candidates controlling the committee, one may sign on behalf of the others. If the committee is sponsored and is reporting contributions received through the sponsor or made by the sponsor, the responsible officer of the sponsor must also complete the verification.

The Summary Page lists the totals of all contributions received and expenditures made during the period covered by the statement and the cumulative amounts of contributions and expenditures made during the calendar year. If the committee began raising funds in connection with the qualification of a ballot measure that extends into two calendar years, the period over which contributions and expenditures are cumulated begins January 1 of the year the committee began raising funds.

The Summary Page also includes the ending cash balance. Note: The figures on the Summary Page are representative, but not exact, from the chapter’s illustrations.

U. Completing Part 5 (Payments Made) of the Form 450

Please refer to the “General Rules” section in the instructions for completing Form 460.

For each payment of \$100 or more, provide:

1 Date

The date an expenditure is made is generally not required because expenditures are made in connection with the primarily formed ballot measure committee’s activity. The date is required if the expenditure is a contribution or an independent expenditure to support or oppose a candidate, other ballot measure, or committee.

2 Name and Address of Payee

For each payee or creditor of \$100 or more, enter the full name, street address, city, state, and zip code. If the payee is different than the vendor providing the goods and services (subvendor), also enter the subvendor's full name, street address, city, state, and zip code if the payment to the subvendor was \$500 or more. (See Chapter 9 for additional information about subvendor payments.)

3 Description of Payment

If the payment is a direct contribution to a candidate or committee, enter "monetary contribution." If the payment is for a nonmonetary contribution, enter "nonmonetary contribution" and describe the goods or services provided. If the payment is not a contribution, provide a brief description of the goods or services received by the committee.

QUICK TIP: If a primarily formed ballot measure committee makes contributions (including loans) to candidates or other committees or makes independent expenditures to support or oppose candidates, officeholders, or other ballot measures, it may qualify as a general purpose committee, which has different filing requirements. (See Regulation 18247.5.)

4 Candidate and Office, Measure and Jurisdiction, or Committee

If a total of \$100 or more is contributed or expended during a calendar year to support or oppose a single candidate, another ballot measure, or general purpose committee (e.g., a political party), disclose the name of the candidate and the office sought or held, the number or letter and jurisdiction (e.g., state, multi-county, county, city, special district, etc.) of the ballot measure, or the name of the general purpose committee. For each candidate or measure listed, indicate whether the payment was made to support or oppose the candidate or measure and check one of the boxes indicating whether the payment was a contribution or an independent expenditure.

5 Amount This Period

Provide the amount(s) of the payment(s).

6 Cumulative Amounts to Date

For each payment that is a contribution or an independent expenditure, report the cumulative amount contributed to or expended to support or oppose each itemized candidate, officeholder, ballot measure, or committee since January 1 of the current calendar year.

See Chapter 3 for information about contributions that must be aggregated when reporting the cumulative amounts to date.

V. Amending the Form 460 or Form 450

To change or provide information missing from a previously filed Form 460 or Form 450, complete a new Cover Page and check the “Amendment” box under “Type of Statement.” Also check the box showing the type of statement being amended (e.g., preelection, semi-annual) and enter the period covered by the statement being amended. Provide a brief explanation of the amendment and attach the schedule(s) being amended, including the Summary Page, if applicable. File the amendment with each of the filing officers that received the original filing. To amend a report filed electronically with the Secretary of State, a complete replacement filing is required.

WHEN & WHERE TO FILE FORM 460

This chapter reviews when and where committees file the Recipient Committee Campaign Statement (Form 460). All reports and statements filed under the Political Reform Act (“Act”) are public records available for public inspection. The Form 460 is the comprehensive report that displays all receipts and expenditures of a committee.

Note: The law provides that when committees have minimal activity, a shorter version of the campaign statement may be filed. A committee eligible to use the Recipient Committee Campaign Statement – Short Form (Form 450) or the Semi-Annual Statement of No Activity (Form 425) files reports at the same times and places.

A. General Information

Filing Schedules: Filing schedules for specific election dates are posted on the FPPC’s website. Local jurisdictions may also post filing schedules that include additional local reporting requirements. Local committees should contact their local filing officer as some local jurisdictions may require filings in addition to what is required by the Act. Except where noted, statements filed on paper must be hand-delivered or postmarked and sent by first-class mail by the due date.

Note: The committee treasurer is responsible for meeting all applicable filing deadlines. Filing officers are not required to send reminder notices of upcoming deadlines; however, they are required to notify committees that have missed a filing deadline.

Deadlines: Deadlines that fall on a Saturday, Sunday, or an official state holiday are extended to the next business day. There are no other provisions for extending a deadline.

QUICK TIP: Some local agencies require additional statements before and after an election. Local campaign ordinances are posted on the FPPC website.

Fines: Filing after a deadline may lead to late filing penalties of \$10 for each day the statement is late. A committee required to file a paper and electronic report is subject to a \$10/day fine for each report, resulting in a fine of \$20/day. Filing officers may waive fines pursuant to the agency's guidelines.

Failure to File: Local and state filing officers must refer committees to the FPPC or another enforcement agency if a committee fails to file a campaign statement. Penalties of up to \$5,000 per violation may be assessed. Committees fined by the FPPC enforcement division are listed on the FPPC website.

QUICK TIP: For information on filing Form 410, Statement of Organization, and Form 497, 24-Hour/10-Day Contribution Report, see Chapters 1 and 8. These forms are often filed before the Form 460.

B. Electronic Filing

State Committees: State ballot measure committees are required to file electronically with the Secretary of State. For detailed information on how to prepare online transmissions, contact the Secretary of State's office at www.sos.ca.gov. Once they receive contributions totaling \$25,000 or more, or make expenditures totaling \$25,000 or more. Until a committee has triggered the electronic filing requirements, only paper reports are required.

However, once electronic filing requirements have been triggered, **all** future reports must be filed electronically and most must also be filed on paper, including the Form 410 (Statement of Organization).

QUICK TIP: Most state committees must file the Form 460 in paper and electronic format.

Local Committees: Local committees should check with the local jurisdiction to determine whether electronic filing is required. Local agencies that institute electronic filing programs in accordance with Government Code Section 84615 may eliminate the requirement to file a paper copy of the Form 460.

Website Postings: The Secretary of State’s website displays campaign statements and reports filed by state ballot measure committees that file electronically with the Secretary of State. Some local agencies also post campaign statements and reports online, including those filed on paper, within 72 hours after the filing deadline of the statement or report.

No paper copy is required. File within 10 business days of receipt of contribution.

The illustration above shows a portion of an FPPC filing schedule.

Semi-Annual Statements

Primarily formed and general purpose ballot measure committees file a semi-annual statement for each half of the year. For the period January 1 - June 30, a semi-annual statement is due on or before July 31. For the period July 1 - December 31, a semi-annual statement is due on or before January 31 of the following year. A semi-annual statement may be filed prior to the deadline.

Quarterly Statements

Primarily Formed Ballot Measure Committees: Before a measure is voted upon, committees primarily formed to support or oppose the measure must file quarterly statements, in addition to semi-annual and preelection statements. Recall committees must also file quarterly statements.

Ex 10.1 - In March, a committee qualified a measure that would appear on the November ballot. The committee must file a quarterly statement due April 30 and a semi-annual statement due July 31. Preelection statements are required before the November election. In December, the committee closes its bank account and files a termination statement. No further campaign reports are due.

The statements are due on or before April 30, covering the period January 1 - March 31, and on or before October 31, covering July 1 - September 30. If a committee fails to qualify a measure for the ballot, or the measure does not otherwise appear on a ballot, the committee must file quarterly statements until it terminates. After an election, a quarterly statement is due only if the committee makes contributions or expenditures to support another measure.

General Purpose Ballot Measure Committees: General purpose ballot measure committees are not required to file quarterly reports.

Preelection Statements

Primarily Formed Ballot Measure Committees: The Act requires two preelection statements be filed before the election. The deadlines for preelection statements depend upon the election date. Committee treasurers must obtain a copy of the filing schedule for the particular election. The second preelection statements, when required to be filed on paper, must be personally delivered to the filing officer(s) on or before the filing deadline, or sent by guaranteed overnight delivery. Regular mail may not be used.

QUICK TIP: Primarily formed ballot measure committees must file their second preelection statement by personal delivery or guaranteed overnight delivery (or online transmission, if available).

General Purpose Ballot Measure Committees: The Act requires a preelection statement to be filed if the committee has activity of \$500 or more during specified time frames. Committee treasurers must obtain a copy of the filing schedule for the particular election.

State committees often file both an online and paper form.

Committees Qualifying a Measure for the Ballot

A committee that is circulating petitions for a measure to appear on a ballot must file the Form 460 campaign disclosure report. The committee must file semi-annual statements and quarterly statements until the measure is approved for the ballot. Once the measure is approved for the ballot, the committee must file preelection statements as a primarily formed ballot measure committee. If the qualification effort is unsuccessful, the committee must continue to file quarterly statements and semi-annual statements until it terminates.

QUICK TIP: See Chapter 8 for information related to 24-Hour/10-Day contribution reports (Form 497).

Monthly Statements – LAFCO Proposals

A committee primarily formed to support or oppose a LAFCO proposal must file monthly statements (instead of quarterly and semi-annual statements) from the date a petition application or resolution of application is filed until the measure is placed on the ballot. If a measure is not placed on the ballot, the committee must file monthly statements until it terminates. The first statement is due on the 15th of the month following the date the application was filed with LAFCO or the date the committee qualifies, whichever is later. It will cover contributions and expenditures beginning January 1 of the year the committee began raising funds through the last day of the calendar

month in which the application was filed or the committee qualifies. Subsequent statements are due on the 15th of each calendar month, covering the prior calendar month.

Ex 10.2 - In June, a water district submits a resolution of application to the county LAFCO to expand the district's functions. A group of citizens opposes the idea and begins collecting contributions to campaign against the expansion. In July of the same year, the group reaches the \$2,000 committee qualification threshold. The committee's first statement must be filed by August 15 and will cover the period of January 1 through July 31.

A company that is required to file monthly reports for LAFCO expenditures and also files FPPC campaign reports as a major donor should file separate campaign forms. One Form 461 would identify only the LAFCO expenditures and be filed pursuant to the LAFCO filing deadlines. The major donor would continue to file the Form 461 identifying both contributions and independent expenditures made in connection with LAFCO proceedings and political campaigns.

Candidate Controlled Ballot Measure Committees

Candidate on Ballot: When a candidate/officeholder is on the ballot for election and their election committee is filing preelection statements, all of their other controlled committees must also file preelection statements, including a candidate controlled ballot measure committee.

Measure on Ballot: Candidate election committees do not file preelection statements when only the measure is on the ballot.

Committees controlled by an officeholder or candidate to support their election to office (as well as state officeholder and legal defense committees) are not routinely required to file the quarterly reports required of a candidate's controlled primarily formed ballot measure committee. However, if the election committee contributes funds to the ballot measure committee, it will likely trigger special reports, including the Form 497. Reporting requirements are dependent upon the year of the election and the election date.

Amendments

Amendments should be filed as soon as practicable in the same locations as the original statement. If a semi-annual statement is filed early and additional activity occurs during the reporting period, an amendment must be filed before the semi-annual deadline. There are specific deadlines for filing amendments to report contributor information. (See Chapter 2.)

Faxing and Emailing Statements

Campaign statements that contain 30 pages or less may be faxed provided that the faxed copy of the campaign statement is the exact copy of the original version. The original document with an original signature must still be sent by first-class mail, guaranteed overnight delivery, or personal delivery within 24 hours of the filing deadline. Because the Form 497 does not require a signature, an original paper statement is not required.

Note: A filing officer may accept an email of a pdf version of a campaign report as a faxed statement. Contact the filing officer to determine if such a method of delivery is permitted.

Filers required to file a statement by paper with the Secretary of State may instead file the paper statement by email. All statements must be signed using a verified digital signature. Please access the Secretary of State's [website](#) for more information on how to file with a digital signature.

Multi-County Committees (Elections affecting more than one county)

Affected county with the largest number of registered voters

- Original & 1 Copy

Ex 10.3 - A measure will appear on the ballot in four southern California counties to provide bond funding for one multi-county transportation agency that operates in the four counties. Since the county with the largest number of registered voters is Los Angeles County, the committee must file the original and one copy of its reports with the Los Angeles County Registrar of Voters.

County Committees

County Clerk

- Original & 1 Copy

Committees formed to support or oppose a LAFCO proposal

County Clerk of the county in which the proposal may be voted upon. Once a proposal is listed on a ballot, file as a multi-county, county or city committee

- Original & 1 Copy
- The LAFCO may also require a copy

City Committees

ADDITIONAL REPORTS

Paid Spokespersons. Ballot measure committees have additional reporting forms related to advertisements. The Act requires more specific reporting when a committee engages in the following activities:

- Pays an individual to appear in an advertisement
- Produces an advertisement featuring a state candidate but not expressly supporting their election

The required forms to disclose these activities are reviewed in this chapter.

Independent Expenditures and Contributions. Ballot measure committees may also be required to file other reports if the committee engages in the following activities:

- Makes independent expenditures of \$1,000 or more
- Makes contributions of \$10,000 or more to elected state officeholders in odd-numbered years

This chapter only briefly describes the forms that may be required because primarily formed ballot measure committees and general purpose ballot measure committees, for the most part, will limit their expenditures to the measure(s) or issues the committee is formed to support or oppose. Each of the forms with detailed instructions is available on the FPPC's website.

Top Contributor Lists. A state primarily formed ballot measure committee that has raised \$1,000,000 or more for a measure must provide a current list of its top ten contributors of \$10,000 or more to the FPPC.

A. Ballot Measure Ad – Paid Spokesperson Report (Form 511)

When a committee pays an individual for their appearance in a ballot measure advertisement, the committee must file a Paid Spokesperson Report (Form 511) and include a disclosure on the ad in the following situations:

- **\$5,000 payment to an individual in an ad:** The committee makes expenditures totaling \$5,000 or more to an individual for their appearance in an advertisement to support or oppose the qualification, passage or defeat of a state or local ballot measure.
- **Any payment to an individual in an ad portraying a professional (e.g., nurse, doctor, firefighter, scientist, engineer, lawyer, etc.):** The committee makes expenditures of any amount to an individual for their appearance in an advertisement to support or oppose the qualification, passage or defeat of a state or local ballot measure that states or suggests that the individual is a member of an occupation that requires licensure, certification, or other specialized, documented training to engage in that occupation.

Ex 11.1 - In support of a measure, your committee hires a public relations firm to produce a television advertisement and a celebrity is paid \$5,000 or more to appear in the ad. Your committee must file the Form 511. In addition, the ad must state that the individual was paid to appear.

See Chapter 7 for additional information about the advertisement disclosure requirements.

When to File the Form 511

A committee that makes an expenditure identified above must file the Form 511 within 10 days. An expenditure is made on the date the payment is made or the date the services were received, whichever is earlier.

Where to File the Form 511

State Committees: File Form 511 with the Secretary of State. Committees required to E-file must also file a paper copy.

Filers required to file a statement by paper with the Secretary of State may instead file the paper statement by email. All statements must be signed using a verified digital signature. Please access the Secretary of State's [website](#) for more information on how to file with a digital signature.

Local Committees: File Form 511 in the same location the committee files its regular campaign statements (i.e., Form 460).

Completing the Form 511

Provide the committee's full name, phone number, street address, city, state, zip code, and identification number.

In the first column, provide the date the payments were made or the services were received, whichever is earlier. In the second column, indicate the name and address of the individual who was paid to appear in the advertisement. In addition, the occupation of a spokesperson is required when an expenditure of any amount is paid to an individual for their appearance in an advertisement that supports or opposes the qualification, passage, or defeat of a state or local ballot measure and the advertisement states or suggests that the individual is a member of an occupation that requires licensure, certification, or other specialized, documented training as a prerequisite to engage in that occupation.

In the third column, provide the name, number or letter, and jurisdiction of the ballot measure supported or opposed by the advertisement. Finally, in the last column, indicate the total amount of the expenditure and complete the verification.

Amendments to the Form 511

To amend a previously filed Form 511, file another Form 511. Check the “Amendment” box and give a brief description of the amendment. Enter the committee’s name and address, and disclose the amended information. Like the original, the amendment must be signed and dated. There is no deadline for filing amendments. However, amendments should be filed as soon as practicable. The amendment is filed in the same location(s) the original was filed.

B. Communications Identifying State Candidates (Form E-530)

A committee that spends \$50,000 or more for a communication disseminated during the 45 days before an election that clearly identifies a state candidate appearing on the ballot, but does not expressly advocate the election or defeat of that candidate, must file the Form E-530 electronically with the Secretary of State. The committee must report this activity on the Form E-530 within 48 hours of making the payment, or promising to make a payment, of \$50,000 or more. (See Chapters 3 and 6.)

QUICK TIP: A candidate is not considered “clearly identified” if the candidate’s name is required by the provisions of state or federal law to appear in the communication and the candidate is not singled out in the manner of display.

Contribution limits may apply if a committee, at the behest of a state candidate, makes a payment of \$50,000 or more for a communication featuring the state candidate 45 days before their election. Contact the FPPC for assistance.

Ex 11.2 - The Rails for California, A Committee for Proposition 10, decided to buy billboard space up and down Interstate 5 stating, “Thank You, Governor Grant, for Supporting Proposition 10.” The billboard space was rented for the 30 days prior to the next state election in which Governor Grant is running for reelection. The total cost for design, printing, placement, and space rental was \$65,000 and was paid on October 6. By October 8, the committee must file the Form E-530 electronically with the Secretary of State.

The Form E-530 must disclose the amount and date of the payment(s), and the name of and office sought by the candidate(s) identified in the communication. In addition, if \$5,000 or more was received or promised from a single source to pay for the communication, the name, address, occupation, and employer (if applicable) of the contributor, as well as the date and amount received or promised, must be reported. If the payment is made by a limited liability company (LLC) that has qualified as a committee, disclose the name of the LLC, as well as the full legal name of the LLC’s responsible officer as defined in Regulation 18402.2. If a committee receives \$5,000 or more from an LLC to pay for the communication, include: the name of the LLC and the full legal name of the LLC’s responsible officer (for an LLC that has qualified as an independent expenditure committee or major donor); the name of the LLC’s committee and the LLC’s principal officer (for an LLC that has qualified as a recipient committee); or, for an LLC that has not qualified as a committee, the name of the LLC and the full legal name of the individual primarily responsible for approving the contribution. If more than one individual shares in the primary responsibility of approving a contribution, at least one such individual must be identified.

The report must be verified by a written “electronic filing declaration” signed, dated, and verified on the same date the report is transmitted to the Secretary of State. This declaration must be retained in the committee’s records for five years following the date that the campaign report to which it relates is filed. The statement must include the following language:

“I have used all reasonable diligence in preparing this report and to the best of my knowledge the information contained herein is true and complete. I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct.”

C. Other Reports

As stated earlier, expenditures made by a primarily formed ballot measure committee or a general purpose ballot measure committee are usually limited to the measure(s) or issues the committee is formed to support or oppose. However, there may be times when a committee makes independent expenditures or contributions of \$10,000 or more, which would require the committee to file the following reports.

Independent Expenditure Reports

See Chapter 6 for guidance on the types of communications that are considered to be independent expenditures. A committee that makes independent expenditures must report the payments on the Form 460 (Recipient Committee Campaign Statement) and must file an additional reports, the Form 496 (24-Hour/10-Day Independent Expenditure Report).

A primarily formed ballot measure committee that is making expenditures on behalf of the measure for which it is formed is not making independent expenditures. This includes communications that ask voters to oppose a rival measure.

A general purpose ballot measure committee often makes contributions to primarily formed ballot measure committees that support the committee's issues. However, a general purpose ballot measure committee may also make a communication that is an independent expenditure, which would require the committee to file the reports listed below. The forms and instructions are on the FPPC's website.

The independent expenditure reports include:

- Verification of Independent Expenditures (Form 462)
- 24-Hour/10-Day Independent Expenditure Report (Form 496)

Special Odd-Year Contribution Report

Ballot measure committees generally limit expenditures to those related to the measure or issue for which it is formed. Nevertheless, if a committee makes contributions of \$10,000 or more to elected state officeholders in an odd-numbered year, it may be required to file a Special Odd-Year Report (Form 460). The form and instructions are available on the FPPC's website.

D. Form T10 – Top Ten Contributor List

A committee primarily formed to support or oppose a state ballot measure that receives \$1,000,000 or more, and has received contributions of \$10,000 or more from a single source, must file the Form T10 with the FPPC by email (T10@fppc.ca.gov).

File the Form T10:

- *Within two business days* of meeting or exceeding the \$1,000,000 threshold if the threshold is met within the 16-day period before the election, or
- *Within three business days* of meeting or exceeding the \$1,000,000 threshold if the threshold is met at any time other than during the 16-day period before the election.

Completing Form T10:

- **Part 1. Committee Information.** Enter the committee's name, ID number, date of submittal, report number (e.g., 1, 2), contact information, treasurer's name, and the date of election.
- **Part 2a. Measure(s) Supported or Opposed.** List the measure number(s), and mark support or oppose. If the ballot measure number has not yet been assigned, include the Attorney General's office tracking number.
- **Part 3. Reasons for Update.** Indicate the reason for an updated submission (e.g., new person qualified, ranking order changed).

- **Part 4. Top Contributors – \$10,000 or More.** Identify the contributor, type of committee (if applicable), ID number (if any), city, state and cumulative amount received beginning 12 months prior to the date the committee made its first expenditure to qualify, support, or oppose the measure and ending with the current date. In the **“Part 5 Completed”** Column, select “yes” if the contributor is a state recipient committee that has received \$50,000 or more from a single source. Otherwise, select “no.”
- **Part 5. State Recipient Committees – Top Two Contributors of \$50,000 or More.** Complete Part 5 when a state recipient committee is listed as a top 10 contributor and the state recipient committee has received contributions aggregating \$50,000 or more, from a single source, during the current two-year election period as displayed on the Secretary of State’s Cal-Access system: <http://cal-access.sos.ca.gov/>. List only the contributors’ names, not the amounts or addresses. Disclose the most recent contributor when two or more contributors of identical amounts qualify as the top two contributors.

Note: Update Part 5 when the state recipient committee makes additional contributions to the primarily formed committee completing the Form T10.

Subsequent Submissions:

File an updated Form T10 when any of the following occurs:

- A new person qualifies as a top 10 contributor.
- A person who is an existing top 10 contributor makes additional contributions of \$5,000 or more in the aggregate.
- The relative ranking order of the top 10 contributors changes.
- The reporting committee changes its name to add or delete a ballot measure.

Note: Part 5 is updated only if the state recipient committee makes additional contributions to the committee completing the Form T10.

The deadlines to file a subsequent submission are:

- Within *two business days* of the change if there are changes to the top 10 list within the 16-day period before the election.
- Within *three business days* of the change if there are changes to the top 10 list at any time other than during the 16-day period before the election.

Note: A primarily formed ballot measure committee that submits T10 reports during the state measure qualification period is not required to continue to file reports after the date it is determined that the state measure failed to qualify for the ballot.

AFTER THE ELECTION

Primarily Formed Ballot Measure Committees. A committee may terminate at any time, but a primarily formed ballot measure committee typically terminates soon after the election, unless the committee has debts and remains open to raise funds to pay the debts. A committee that remains open to pay its debts must continue to file semi-annual statements until it terminates.

If a committee chooses to remain open to support or oppose candidates or other measures, it must amend its Statement of Organization (Form 410) to reflect the change of committee type, if applicable, and to change the committee name since it is no longer primarily formed to support or oppose the previous ballot measure. If the committee remains primarily formed to support or oppose the qualification or passage of another ballot measure, it must file quarterly statements until the semi-annual period in which the committee must file preelection statements for that ballot measure begins.

General Purpose Ballot Measure Committees. A committee may terminate at any time, but a general purpose ballot measure committee often remains active through several elections. The committee must continue to file campaign statements as long as it remains open.

A. Leftover Funds

Local Ballot Measure Committees. A local ballot measure committee with funds left over after the election may spend the funds in accordance with the Act's "use of funds" provisions discussed in Chapter 5. The general rule is that the expenditure of campaign funds must be reasonably related to a political, legislative, or governmental purpose. For example, a local school bond measure committee may use leftover funds to hold a "thank you" luncheon for supporters or to make a donation to the school district. A ballot measure committee formed to support county land use measures may donate leftover funds to another committee that supports its goals. For further assistance, contact the FPPC at advice@fppc.ca.gov.

Statewide Ballot Measure Committees. California Attorney General Opinion Number 91-504 (75 Ops.Cal.Atty.Gen. 29) concluded that with respect to leftover campaign funds held by a statewide ballot measure committee after an election, the committee may:

1. Return the funds to contributors on a pro rata basis;
2. Return the funds only to contributors of a specified minimum amount;
3. Donate the funds to a nonprofit organization or a nonprofit, tax-exempt corporation;
4. Contribute the funds to another ballot measure committee, to a candidate committee, or to a political party;
5. Use the funds for educational or lobbying efforts with respect to the subject of the ballot measure, if the committee is established for purposes in addition to supporting the ballot measure; or
6. Retain the funds for use in a future ballot measure campaign on the same or related subjects.

State Candidate Controlled Ballot Measure Committees. When a state candidate controlled ballot measure committee is preparing to terminate, within 60 days prior to the date of its termination, the leftover funds may be disbursed as follows:

- Donations to a bona fide charity, educational, civic, religious or similar nonprofit organization, so long as there are no financial ties to the candidate, their family members, or the treasurer.
- Contributions to a political party committee, including a county central committee, so long as the funds are not used for a contribution to a candidate or for a communication that supports or opposes a candidate.
- Returning all or part of a contribution to contributor.

Committees may seek advice from the FPPC to determine if the final expenditures of a committee are permitted.

B. Termination

There are specific requirements that must be met before a committee may terminate. It is important to remember that the committee may not terminate if it still has funds. A committee may terminate with debt, as long as at the time of termination the committee neither has the ability nor foresees the ability to pay the debt. In most cases, there is no deadline by which a committee must terminate, but the committee must continue to file reports until it terminates. However, an elected officer who is the subject of a recall effort must terminate a committee established for the purpose of defeating the recall within 12 months after failure of a recall petition or the recall election. See Regulation 18531.5 for more information about recall elections.

A committee may terminate only if it:

- Has ceased receiving contributions or making expenditures;
- Has no remaining funds;
- Has filed all required campaign statements disclosing all reportable transactions, including the disposition of leftover funds; and
- Has eliminated all debts and loans, or has no intention or ability to discharge debts and loans.

Committees controlled by candidates for state elective office must disburse funds as described above. All committees are subject to certain expenditure restrictions which are outlined in Chapter 5.

How to Terminate

A committee must file a Form 410 and a final Form 460 or Form 450. On the Form 410, the “Termination” box must be checked. List the committee’s identification number and the date of termination; the date of termination is generally the date all funds have been expended.

Complete Section 1. The treasurer or assistant treasurer must sign the verification.

If it is a controlled committee, the controlling officeholder(s)/ candidate(s) or state ballot measure proponent(s) must also sign the verification.

Campaign disclosure Form 460 also must be filed showing that all funds have been expended and the committee has no cash on hand. Check the “Termination” box on the cover page.

Where to File

Form 410: All committees file the original Form 410 with the Secretary of State. A local committee must also file a copy with the local filing officer.

Form 460/450: State committees file with the Secretary of State and local committees file with the local filing officer. If a committee changed jurisdictions in the calendar year, reports are filed with both agencies.

Filers required to file a statement by paper with the Secretary of State may instead file the paper statement by email. All statements must be signed using a verified digital signature. Please access the Secretary of State’s [website](#) for more information on how to file with a digital signature.

Answering Your Questions

A. May our primarily formed ballot measure committee use campaign funds to host a victory party or to thank campaign workers?

Yes. This is a permissible use of leftover campaign funds.

B. May we terminate our committee even if we have outstanding debt owed to creditors?

Yes. The treasurer must declare that the committee does not have the ability to discharge debts, loans or other obligations.

C. Our committee wants to terminate. What may we do with the computer, cell phone and fax machine that were purchased?

Generally, the committee assets are treated in the same manner as monetary funds. A committee may sell the assets at fair market value. See discussion above on the proper use of funds.

D. Our committee is wrapping up its expenses and plans to terminate on or before December 31st. Will the committee have to pay next year's \$50 registration fee to the Secretary of State if the Forms 410/460 are not filed by December 31?

If a committee's termination date is on or before December 31st and the Form 410 Termination form is filed no later than January 15 of the following year, a \$50 registration fee will not be assessed. If the termination form is filed later, the Secretary of State has discretion on whether to assess the fee.

E. Our committee was primarily formed to support a measure which authorized the county to incrementally issue bonds for the purpose of improving the county libraries. The measure passed in November and we would like to terminate the committee. Is it permissible to donate the leftover funds to the county specifically to be used for library improvements?

Yes. Since the donation is related to the committee's purpose, this is permissible.

MULTIPURPOSE ORGANIZATIONS

This chapter describes the special reporting requirements for multipurpose organizations that make political expenditures in connection with state and local elections. Effective July 1, 2014, Government Code Section 84222 was added to the Political Reform Act (“Act”) to require multipurpose organizations making political expenditures to report the donors who are the sources of the funds used for political purposes.

As described in Chapter 1, generally any person or group that raises funds from others of \$2,000 or more to make expenditures in California must register as a committee (“recipient committee”) and file campaign reports under the Act. (Government Code Section 82013(a).) These political committees report all the contributions they receive and all their expenditures. In contrast, a multipurpose organization that qualifies as a recipient committee under Government Code Section 84222 (but not independently under Section 82013), must report only its political expenditures and the sources of those funds.

A multipurpose organization that qualifies as a recipient committee will be considered either a general purpose committee or a primarily formed committee, depending on the organization’s political expenditures. For example, if an organization’s only political expenditure is a contribution of more than \$50,000 made to a committee primarily formed to support a ballot measure, the organization will qualify as a primarily formed ballot measure committee and should use this campaign disclosure manual for guidance. An organization whose political expenditures support or oppose several different candidates and/or ballot measures will likely qualify as a general purpose committee and should use Campaign Disclosure Manual 4 for guidance.

Chapter 1 describes how a committee makes the determination as to whether it is a primarily formed committee or a general purpose committee. When making the determination as to which type of committee a multipurpose organization qualifies as, the organization includes only its payments made for contributions and independent expenditures in California.

A. What is a Multipurpose Organization?

A multipurpose organization typically receives donations or other payments (e.g., membership dues) for purposes other than making political expenditures in California. They nevertheless may, at times, use some of these funds to make political expenditures to support or oppose California state or local candidates or ballot measures.

For purposes of the Act, multipurpose organizations include:

- Nonprofit organizations with tax exempt status under 501(c)(3) to 501(c)(10) of the Internal Revenue Code
- Federal and out-of-state political action committees (PACs)
- Trade and professional associations
- Civic and religious organizations
- Fraternal societies
- Educational institutions

QUICK TIP: For purposes of Government Code Section 84222, a political committee that registers and files campaign reports with the Internal Revenue Service (and not the Federal Election Commission or a specific state) has the same registration and filing requirements as an out-of state PAC.

For purposes of the Act, multipurpose organizations do not include:

- Business entities
- Individuals
- Federal candidate controlled committees

Additionally, effective January 1, 2017, a publicly funded nonprofit organization that meets particular thresholds in making campaign contributions or expenditures, must register and report generally in the same manner as a multipurpose organization under the Act. (Government Code Section 84222.5.)

A “publicly funded nonprofit organization” is a nonprofit organization (other than an organization with Section 501(c)(3) tax-exempt status under the Internal Revenue Code) for which public resources from one or more local agencies account for more than 20% of the organization’s annual gross revenue in the current fiscal year or either of the previous two fiscal years.

Please contact the FPPC to obtain a copy of the Fact Sheet on Publicly Funded Nonprofits: Accounting and Reporting Political Activity for information specific to these entities.

B. When Does a Multipurpose Organization Qualify as a Recipient Committee?

The following multipurpose organizations that make contributions or expenditures to support or oppose state or local candidates or ballot measures in California must register as recipient committees and file campaign statements to disclose their political expenditures and the sources of funds used for those expenditures.

- **Calendar Year Filers.** Organizations that make contributions or expenditures in California totaling more than \$50,000 in a period of 12 months or more than \$100,000 in a period of four consecutive calendar years
- **Federal or out-of-state political committees** that make contributions or expenditures in California totaling at least \$2,000 in a calendar year

QUICK TIP: Some multipurpose organizations will qualify as general purpose committees instead of primarily formed committees. See Chapter 1 for additional information about how to determine whether the organization qualifies as a primarily formed committee or a general purpose committee. The end of this chapter contains several examples of different types of multipurpose organizations making political expenditures and the campaign reporting requirements for those organizations.

- Organizations that solicit and receive payments from donors totaling at least \$2,000 in a calendar year for the purpose of making contributions or expenditures in California
- Organizations that accept payments from donors totaling at least \$2,000 in a calendar year subject to a condition, agreement, or understanding with the donor that all or a portion of the payments may be used for making contributions or expenditures in California
- Organizations that have existing funds from a donor and a subsequent agreement or understanding is reached with the donor that all or a portion of the funds may be used to make contributions or expenditures totaling at least \$2,000 in a calendar year in California

Exception – Nondonor Funds: A multipurpose organization that uses only “nondonor funds” (e.g., investment income, interest income, capital gains, income from providing goods or services) to make contributions or expenditures will not qualify as a recipient committee; however, the organization may qualify as a “major donor committee” or an “independent expenditure committee.” In particular, an organization that makes contributions of \$10,000 or more from nondonor funds will qualify as a major donor committee. Similarly, an organization that makes independent expenditures of \$1,000 or more from nondonor funds will qualify as an independent expenditure committee. These committees have different reporting requirements and should refer to the applicable campaign disclosure manual. (See Campaign Disclosure Manuals 5 and 6.)

QUICK TIP: A multipurpose organization that uses only “nondonor funds” or whose spending does not exceed \$50,000/12 months or \$100,000/4 years from general funds to make contributions or independent expenditures will not qualify as a recipient committee; however, the organization may qualify as a “major donor committee” or an “independent expenditure committee.”

MPO activity not exceeding \$50,000/\$100,000: A multipurpose organization that makes contributions or independent expenditures that do not exceed \$50,000 per 12 months or \$100,000 per four years, and has not specifically solicited \$2,000 for political activity, is not required to register as a recipient committee and disclose donors. However, the multipurpose organization must still disclose these contributions or independent expenditures if it qualifies as a “major donor” or “independent expenditure committee,” as described above. (Section 84222(b).)

C. What are the Registration Requirements?

A multipurpose organization that meets any of the criteria described above must register as a California recipient committee by filing the Form 410 (Statement of Organization).

QUICK TIP: Certain multipurpose organizations that make donations to other multipurpose organizations may be required to file the Form 410 within three business days. See “Expedited Filing for Multipurpose Organization Contributors” (Section H).

When and Where to File the Form 410

The Form 410 (Statement of Organization) is filed with the Secretary of State; local committees must also file a copy with the local filing officer (i.e., city clerk or county elections office). Generally, the Form 410 must be filed within 10 days of qualifying as a committee; however, if a committee qualifies in the 16 days before an election, the Form 410 must be filed within 24 hours.

Filers required to file a report or statement by paper with the Secretary of State may instead file the paper report or statement by email. All statements must be signed using a verified digital signature. Please access the Secretary of State's [website](#) for more information on how to file with a digital signature.

Completing the Form 410

Chapter 1 should be reviewed for detailed instructions on completing the Form 410. The following additional rules apply to multipurpose organizations that qualify as ballot measure committees.

- **Committee Name and Description.** A multipurpose organization's committee name must be the full legal name of the organization. In addition, one of the following descriptions must be included on specified reporting forms:
 - A nonprofit organization must include after its name in parentheses "nonprofit 501(c)()," specifying the type of nonprofit organization from 501(c)(3) to 501(c)(10).
 - A federal or out-of-state political committee must include after its name in parentheses "Fed PAC ID #" or the two letter state abbreviation such as "TX PAC ID #."
 - Any other type of multipurpose organization must include after its name in parentheses "multipurpose organization" or "MPO."
- **Date Qualified as Committee.** The "date qualified" is the date the organization met the recipient committee thresholds as described above. For a calendar year filer that reactivates its recipient committee status in a subsequent calendar year, the "date qualified" is the date the committee qualified in the current calendar year. The amendment box should be marked and the committee identification number issued previously will be used.

- **Bank Account.** List the name and address of the financial institution where the organization’s bank account is located and the bank account number. If the organization has more than one bank account, only one account must be listed.
- **Type of Committee.** A multipurpose organization must identify itself as either a primarily formed committee or a general purpose committee. Complete the appropriate committee type section. See Regulation 18247.5 and page 3 of the Form 410 instructions for information about how to determine the committee type. In making this determination, the organization counts only its political contributions and expenditures made in California. If it is determined that the committee is a general purpose committee, refer to Campaign Disclosure Manual 4.

QUICK TIP: These descriptions must be included at the end of the committee’s name on the Statement of Organization (Form 410) and all other campaign statements (i.e., Form 460); however, the description is not required to be included in the committee’s name on advertisements and communications.

QUICK TIP: See Chapter 1 for information about how to determine if the organization qualifies as a primarily formed or general purpose ballot measure committee.

Ex 13.1 - The National Alliance of Widget Manufacturers used funds from its general membership dues account to make a single contribution of \$100,000 to a committee primarily formed to oppose a state ballot measure. The Alliance does not plan to make any other contributions or expenditures in California this calendar year. The Alliance qualifies as a primarily formed ballot measure committee and must file the Form 410. Even though the organization is a primarily formed committee, it must also complete the Brief Description of Activity field in the General Purpose Committee section and indicate that it is a committee that will automatically terminate at the end of the calendar year by including “CY” after the brief description of the organization’s activities. If it elects to remain open instead of automatically terminating at the end of the calendar year, it may state its intent to remain open on its initial Form 410 or an amended Form 410 filed prior to the end of the calendar year. The organization must also file the applicable campaign reports and meet the specified filing deadlines.

- **Description of Organization’s Political Activities.** On page 3 of the Form 410 in the “Provide Brief Description of Activity” field, a multipurpose organization, other than a federal or out-of-state PAC, must describe its mission or most significant activities and describe its political activities. This requirement may be met by referencing where the organization’s IRS Return of Organization Exempt from Income Tax form may be accessed. **Note:** Although the “Provide Brief Description of Activity” field is included in the General Purpose Committee section of the Form 410, a multipurpose organization that qualifies as a primarily formed ballot measure committee must also complete the description field.
- **Calendar Year Filer (“CY” designation).** A multipurpose organization that qualifies as a recipient committee because its political payments are more than \$50,000 in a period of 12 months or more than \$100,000 in a four consecutive calendar year period automatically terminates at the end of the calendar year in which it qualified. The organization must indicate its calendar year status by adding “CY” at the end of the description of the organization’s political activities. An organization may elect to remain registered as a committee

instead of terminating automatically by stating its intent to remain open on its initial Form 410 or on an amended Form 410 filed prior to the end of the calendar year.

- **Annual Committee Fees.** A multipurpose organization that qualifies as a recipient committee must pay the \$50 annual filing fee required of all recipient committees. See the Form 410 instructions for additional information.

Exception – Sponsor Reporting on PAC Reports: A membership organization that is the sponsor of a recipient committee is not required to register as a separate committee so long as the organization does not receive payments of \$10,000 or more in a calendar year from a single source. Such organizations may report contributions and expenditures on their sponsored committee’s campaign statement as described below. See Chapter 1 for additional information about sponsored committees.

D. What Campaign Statements are Required?

Generally, a multipurpose organization that qualifies as a recipient committee will have the same filing requirements as other recipient committees. The most commonly filed forms are briefly described below; however, depending on a committee’s activity, additional reports may be required. Check the FPPC filing schedule for the upcoming election for specific reporting periods and deadlines.

Form 460

The Form 460 is the main campaign disclosure report and provides the public with an overview of the organization’s activity, including contributions and expenditures, during a specified period. The Form 460 is filed semi-annually and, depending on the organization’s activity, may also be required as a preelection statement. See Chapter 9 for general information about completing the Form 460. Donor disclosure rules and other special reporting requirements for multipurpose organizations are described below. See Chapter 10 to determine when and where to file the Form 460.

24-Hour/10-Day Contribution Reports (Form 497)

During the 90 days before an election, or on the date of the election, if the organization makes contributions of \$1,000 or more to a candidate, ballot measure committee, or political party committee, it must file the Form 497 within 24 hours. See Chapter 8 for additional information about the Form 497, including when and where to file.

24-Hour/10-Day Independent Expenditure Reports (Form 496)

During the 90 days before an election, or on the date of the election, if the organization makes independent expenditures of \$1,000 or more to support or oppose a candidate or ballot measure, it must file the Form 496 (24-Hour/10-Day Independent Expenditure Report) within 24 hours. Review the information below to determine which donors must be disclosed as contributors on a campaign statement, including the Form 496. In addition, the organization must file Form 462 (Verification of Independent Expenditures). See Chapter 11 for additional information about independent expenditure reports.

E. Identifying Donors on Campaign Statements

Pursuant to Government Code Section 82222 and Regulation 18422, donors to the multipurpose organization are disclosed as contributors on a campaign statement as follows:

1. Donors Giving for Political Purposes – Itemize at \$100.

State the full amount given and identifying information for all donors who made payments to the organization specifically for political purposes in California. In addition, donors who knew that all or a portion of their payments may be used for political purposes in California and donors who reached a subsequent agreement or understanding with the committee that all or a portion of their payments may be used for political purposes in California must also be listed. These donors must be itemized if their payments total \$100 or more in a calendar year.

2. LIFO Donors – Itemize at \$1,000. Report donors using a “last in, first out” (LIFO) accounting method to identify donors when the funds described above do not cover the entire amount of the contribution or independent expenditure made by the organization. Identify donors to the general fund in reverse chronological order beginning with the most recent donor. Donor identification starts with the date the political expenditure was made. Each donor’s payment is included on the Form 460; however, *only donors of \$1,000 or more in a calendar year must be itemized*. Continue this method as far back as necessary until a sufficient number of donors have been identified as contributors to account for the contribution or independent expenditure.

QUICK TIP: Although contributors must be identified using LIFO within three or 10 days, the organization does not have to disclose the contributors until its next regular campaign statement (i.e., Form 460) is due. The contributors are not required to be disclosed on the Form 497.

Note: During the 90 days before an election, calendar year filers must identify contributors using the LIFO accounting method no later than three business days following the expenditure. At all other times, contributors must be identified within 10 business days. If the organization identifies a contributor of more than \$50,000 that is also a multipurpose organization, the organization must send a nonprofit filer notice to the contributing organization stating that it may be required to register and file expedited campaign statements disclosing its donors. (See Sections G and H below.)

3. Organization Itself. If these two classes of contributors do not account for the full balance of the group’s political expenditures, the organization will identify itself as a contributor of the remaining balance.

QUICK TIP: When disclosing a donor identified through LIFO as a contributor on a campaign statement, the date the political expenditure was made is the date used for the contribution received, so it may be helpful to note on the statement that the contributor was identified using LIFO.

When itemizing a contribution, report the name, street address, city, state and zip code of the contributor. If the contributor is an individual, also include the individual's occupation and the name of their employer. If the contributor is self-employed, provide the name of their business. If the contributor is not employed, enter "none." If the occupation and employer information cannot be obtained, the report must provide an explanation of the organization's attempts to obtain the information.

Exceptions:

Organizations need not identify the following payments received as "contributions":

- **Restricted Funds.** A donation from a donor that prohibits the use of the donation for political purposes or designates or restricts the donation for purposes other than contributions or expenditures.
- **Foundation Funds.** A grant from a private foundation as defined by Internal Revenue Code section 509(a) that does not constitute a taxable expenditure under Internal Revenue Code section 4945(d)(1) or (d)(2).
- **Funds received prior to July 1, 2014.** A donation to the general funds made before the legislation took effect, if the funds were not given or approved by the donor to be used on a candidate or ballot measure in California.

F. Special Reporting Requirements

Calendar Year Filers

A multipurpose organization that qualifies as a committee by making contributions or expenditures of more than \$50,000 in a period of 12 months or more than \$100,000 in a period of four consecutive calendar years, does not include on the reports it files for the year in which it qualifies as a committee, contributions or expenditures the organization made in a prior calendar year. (Section 84222(e)(3).) For example, the organization's campaign report filed in 2019, the year in which it qualifies as a committee, will not contain contributions or expenditures the organization made in 2018 or 2017. However, this provision does not limit an organization identifying donors by LIFO to those who gave in the current calendar year. Using LIFO, the organization may work through its donor list as far back as necessary to account for its political expenditures.

Description of Organization's Political Activities

On page 3 of the Form 410 in the "Provide Brief Description of Activity" field, a multipurpose organization, other than a federal or out-of-state PAC, must describe its mission or most significant activities and describe its political activities. Specifically, the description must include all activities undertaken for the purpose of directly or indirectly supporting or opposing state or local candidates for elective office or for qualifying, supporting or opposing a state or local ballot measure. This requirement may be met by referencing where the organization's IRS Return of Organization Exempt from Income Tax form may be accessed. (Gov. Code Section 84222(e)(1)(A); Regulation 18422(b)(2).)

Nondonor Funds

A multipurpose organization that makes contributions or expenditures using nondonor funds must describe the source of those nondonor funds on the organization's campaign report or statement, including both the type of nondonor funds used (as defined in Section 84222(c)(5)(B)), and the source of the nondonor funds, such as the name of the entity where an income producing investment is held, or the type of goods sold. (Regulation 18422(c)(4).)

Federal PACs Reporting Contributions Received

A federal PAC that is filing campaign reports with the Federal Election Commission (FEC) is not required to re-itemize contributors on Schedule A (Monetary Contributions Received) of the Form 460. A federal PAC should report its contributions received as follows:

- **Schedule A:** In the name of contributor field, make a statement that the contributors are itemized on the federal report and include the federal committee's name and identification number. For example, "Contributors Listed on the FEC report of ABC Corporation Political Action Committee, FEC ID# 010101010." If it is not possible to put this information on Schedule A, it may be included in a memo field instead.
- **Schedule A Summary:** Enter zero (0) on Line 1 (itemized contributions) and enter the total receipts from the FEC report on Line 2 (unitemized contributions).
- **Form 460 Summary Page:** The amount from Line 3 of the Schedule A Summary is carried over to Lines 1 and 5 of the overall Summary Page.

Federal PACs Reporting Expenditures Made

A federal PAC is required to itemize its California expenditures on Schedule E of the Form 460; however, it is not required to itemize contributions made and expenditures made to influence federal or out-of-state elections. A federal PAC should report its expenditures made as follows:

- **California Expenditures:** Itemize contributions and expenditures of \$100 or more made in California. Expenditures made for contributions and independent expenditures in California are also itemized on Schedule D.
- **Non-California Expenditures:** Add an entry in the "name and address" field for the non-California expenditures (e.g., "Non-CA expenditures") and include the lump sum total in the "amount paid" column.

- **Schedule E Summary:** Enter the total amount of California expenditures and non-California expenditures on Line 1 (itemized payments) of the Schedule E Summary. If expenditures of less than \$100 or more were made for contributions and expenditures in California, enter the lump sum total on Line 2 (unitemized payments). Line 3 is likely not applicable to federal PACs. Line 4 is the total of all expenditures made during the reporting period.
- **Form 460 Summary Page:** The amount from Line 4 of the Schedule E Summary is carried over to Lines 6 and 11 of the overall Summary Page.

QUICK TIP: Expenditures made for contributions and independent expenditures in California are itemized on Schedules D and E of the Form 460.

QUICK TIP: The totals from Line 3 of the Schedule A Summary and Line 4 of the Schedule E Summary are also entered on the appropriate lines of the overall Summary Page.

Out-of-State PACs Reporting Contributions Received

An out-of-state PAC should report its contributions received as follows:

- **Itemized Contributions Received:** Itemize contributions of \$100 or more in an amount equal to the PAC'S California activity and enter the total on Line 1 (itemized contributions) of the Schedule A Summary.
- **Unitemized Contributions Received:** Enter the total amount of all other contributions received on Line 2 (unitemized contributions) of the Schedule A Summary.
- **Form 460 Summary Page:** The amount from Line 3 of the Schedule A Summary is carried over to Lines 1 and 5 of the overall Summary Page.

QUICK TIP: A political committee that registers and files campaign reports (i.e., IRS Form 8872) with the Internal Revenue Service reports its contributions and expenditures in the same manner as an out-of-state PAC.

Out-of-State PACs Reporting Expenditures Made

An out-of-state PAC is required to itemize its California expenditures on Schedule E of the Form 460; however, it is not required to itemize contributions made and expenditures made to influence federal or out-of-state elections. An out-of-state PAC should report its expenditures made as follows:

- **California Expenditures:** Itemize contributions and expenditures of \$100 or more made in California. Expenditures made for contributions and independent expenditures in California are also itemized on Schedule D.
- **Non-California Expenditures:** Add an entry in the “name and address” field for the non-California expenditures (e.g., “Non-CA expenditures”) and include the lump sum total in the “amount paid” column.
- **Schedule E Summary:** Enter the total amount of California expenditures and non-California expenditures on Line 1 (itemized payments) of the Schedule E Summary. If expenditures of less than \$100 or more were made for contributions and expenditures in California, enter the lump sum total on Line 2 (unitemized payments). Line 3 is likely not applicable to out-of-state PACs. Line 4 is the total of all expenditures made during the reporting period.
- **Form 460 Summary Page:** The amount from Line 4 of the Schedule E Summary is carried over to Lines 6 and 11 of the overall Summary Page.

Sponsored Committees

A membership organization that is the sponsor of a recipient committee that makes all of its contributions and expenditures from funds derived from dues, assessments, fees and similar payments that do not exceed \$10,000 per calendar year from a single source may report its contributions and expenditures made from general funds on its committee's campaign statement. The sponsor uses the "last in, first out" (LIFO) accounting method and must itemize contributors that have donated \$1,000 or more to the general fund during the calendar year. If these contributors do not account for the full balance of the organization's expenditures, the organization must identify itself as a contributor of the remaining balance.

QUICK TIP: See Chapter 9 for additional rules related to a sponsor reporting its contributions and expenditures on its committee's campaign statement.

G. Notifying Major Donors

When a multipurpose organization uses the LIFO accounting method to identify donors, the organization is required to notify those donors that they may have filing obligations in the following situations:

- **Contributors of \$5,000 or more.** If a contributor of \$5,000 or more is identified using the LIFO accounting method, the organization must send a major donor notice to the contributor within two weeks informing them that they may be required to file campaign statements.
- **Contributors of \$10,000 or more in the 90 days before an election, including the date of the election.** Within 90 days of an election, including the date of the election, if a contributor of \$10,000 or more is identified using the LIFO accounting method, the organization must send a major donor notice to the contributor within one week informing them that they may be required to file campaign statements.

- **Expedited notice for contributors of more than \$50,000.** If a contributor of more than \$50,000 is identified using the LIFO accounting method, and the contributor is also a multipurpose organization, the recipient organization must send a nonprofit filer notice to the contributing organization stating that it may be required to register and file expedited campaign statements disclosing its donors (see “Expedited Filing” below). The notice must be provided within 24 hours during the 90-day period before an election and within ten business days outside that period.

QUICK TIP: See Chapter 3 for additional information about the requirement to notify contributors of potential filing obligations. A sample notice is also included.

Note: A donor to a multipurpose organization whom the organization identifies as a contributor using LIFO may be required to file major donor reports, but is not required to file 24-Hour/10-Day Contribution Reports (Form 497) for the original donation to the multipurpose organization, which may have occurred some time ago.

QUICK TIP: See the example related to expedited notice and expedited filing at the end of this chapter.

H. Expedited Filing for Multipurpose Organization Contributors

A multipurpose organization identified as a contributor by LIFO accounting that also qualifies as a recipient committee must register and file campaign statements of its own. The organization qualifies as a committee on the date it knows or has reason to know that it met the qualification thresholds by receiving notice from the recipient organization or being otherwise put on notice. The contributing organization must file a Statement of Organization (Form 410) and initial campaign statements within three business days following its committee qualification during the 90-day period before an election, and within 10 business days outside that period.

I. Recordkeeping

A multipurpose organization must maintain all records necessary to ensure its compliance with the registration and reporting requirements of Government Code Section 84222. Regulation 18422.1 provides that the basic recordkeeping requirements for all committees under Regulation 18401 similarly apply to multipurpose organizations. In addition, Regulation 18422.1 details specific forms of recordkeeping documentation required for multipurpose organizations, such as grant agreements and solicitations to donors. (Regulation 18422.1(b).) Regulation 18422.1 also requires multipurpose organizations that use nondonor funds for political activity in California to keep sufficient records to verify that such contributions or expenditures were in fact made using available nondonor funds. (Regulation 18422.1(c).)

J. Committee Termination

Calendar Year Filers

A multipurpose organization that qualifies as a recipient committee because its political expenditures were more than \$50,000 in a period of 12 months or more than \$100,000 in four consecutive calendar years automatically terminates on December 31 of the year in which it qualified. A year-end semi-annual statement is not required unless the organization has undisclosed contributions or expenditures to report, in which case termination occurs automatically upon filing the semi-annual statement due by January 31. An organization may elect to remain registered as a committee instead of terminating automatically by stating its intention to remain registered on its initial Form 410 or on an amended Form 410 filed prior to the end of the calendar year.

Other Multipurpose Organizations

Any other multipurpose organization that qualifies as a recipient committee terminates in the same manner as other recipient committees. A final Form 460 must be filed and a Form 410 termination statement must also be filed. See Chapter 12 for additional information, including the requirements that must be met in order for a committee to terminate.

K. Reporting Examples

- ◇ **PTA Contribution.** *A local Parent Teachers Association (PTA) provides educational services and receives its funds exclusively from parents. The parents do not designate their funds for political expenditures, and give amounts varying from \$50 to \$2,500/year. 30 days before a November general election, the PTA made a single contribution of \$85,000 to a state ballot measure committee. The PTA qualifies as a recipient committee and must file a Statement of Organization (Form 410) within 10 days. Within 24 hours of making the \$85,000 contribution, the Form 497 must be filed. Within three business days, the association must use the “last in, first out” (LIFO) accounting method to identify donors up to the \$85,000 in political expenditures. Donors of \$1,000 or more identified through LIFO are reported on the next campaign statement (Form 460) filed according to the filing schedule for primarily formed ballot measure committees, i.e., preelection report. The PTA is not required to file Form 497 for contributions received because these funds were not raised for political purposes. The PTA’s reporting obligations will terminate automatically at the end of the calendar year unless the PTA elects to stay registered. All forms are filed with the Secretary of State’s office.*

- ◇ **Union with Sponsored Committee.** *A union has a sponsored committee. One year, the union makes two contributions, \$25,000 and \$30,000, to a ballot measure committee from the union’s general dues account. The union is not required to register as a separate committee; it may report the contributions on its sponsored committee’s report as long as the union does not receive a dues payment of \$10,000 or more in a calendar year from a single donor. The sponsored committee’s report must identify the donors that account for the \$55,000 in political expenditures using the “last in, first out” (LIFO) accounting method. If any member made payments*

totaling \$1,000 or more, the member's name, address, occupation and employer must be disclosed. Alternatively, the union may establish a separate recipient committee and file a Statement of Organization (Form 410) and file its own campaign reports.

- ◇ **MPO Solicits Donations for Political Purposes.** *Citizens for Public Libraries is a multipurpose organization. One year, the organization sent a mailer to its members asking for \$200 for the sole purpose of supporting library bond measures. Once \$2,000 was received, the organization qualified as a recipient committee, and was required to file a Statement of Organization (Form 410), and begin filing recipient committee campaign reports disclosing the full amount of each contribution. If the organization's political expenditures do not exceed the amount of the contributions raised for the bond measures, donors to the organization's general fund are not identified on a campaign statement.*

- ◇ **Chamber of Commerce Contribution.** *A trade association of city businesses raises money for charitable events in the community. One year, the association makes a \$45,000 contribution to a committee formed to support a city ballot measure. The association had not raised the money for political purposes and did not reach an agreement with donors that their payments may be used for political purposes. Therefore, the association does not qualify as a recipient committee required to report donors; however, it qualifies as a major donor committee and must file the Form 461 to report the contribution. If the contribution was made in the 90 days before the election, including the date of the election, the Form 497 must also be filed.*

- ◇ **Environmental Organization Qualifies as Committee.** *Go Green is a multipurpose organization; its monthly dues payments range from \$500 to \$2,000 per member. In a non-election year, the organization made several contributions to qualify a state ballot measure totaling \$80,000 from its membership account. The organization must register as a*

committee once the contributions total more than \$50,000. The organization's political fundraising efforts raised \$20,000 in donor payments of \$400 each. On the campaign statement, each donor that made a \$400 contribution specifically for political purposes must be itemized. In order to account for the additional \$60,000, the organization must identify donors to its membership account using the "last in, first out" (LIFO) accounting method. A total of 100 donors were identified using LIFO to account for the \$60,000, but only donors whose payments totaled \$1,000 or more in a calendar year must be itemized on the campaign statement (Form 460).

- ◇ **Federal PAC.** A federal political action committee that files disclosure reports with the FEC made a single contribution in the amount of \$40,000 to a state ballot measure committee. The contribution was made four months before the election. The federal political action committee qualifies as a recipient committee and must file a Statement of Organization (Form 410) and a campaign statement (Form 460). The committee is not required to itemize contributors on the Form 460; it may instead disclose the total amount of contributions received on Line 2 (unitemized contributions) of the Schedule A Summary, make a statement on the report that its contributors are listed on its federal report, and include the federal committee's name and identification number. California expenditures must be itemized on the appropriate schedules (i.e., Schedules D, E, and F). All other expenditures are reported as a lump sum total as described earlier in the chapter.

- ◇ **Nondonor Funds.** A professional organization provides a variety of services to its members, including insurance services that result in income to the organization. The organization makes political expenditures from the income producing account (nondonor funds), not from its membership dues account. Therefore, the organization does not qualify as a recipient committee. The organization is required to file reports as a "major donor" or "independent expenditure" committee if it makes, in a single calendar year, \$10,000 in

contributions or \$1,000 in independent expenditures. On the Form 461, in a memo entry or in the “Description of Payment” field, the organization must briefly describe the source of nondonor funds used (e.g., interest income).

◇ **Nonprofit Makes Political Contributions under \$10,000.**

If a nonprofit or other multipurpose organization makes a contribution(s) of under \$10,000 in a 12-month period, it is not required to file campaign reports. For example, a local nonprofit organization, Friends of Creekside Park, makes a \$5,000 contribution to a regional open space ballot measure. The nonprofit organization does not have filing obligations under the Act. The group’s \$5,000 contribution is under the \$10,000 threshold for major donor filing and under the \$50,000/12 months threshold for a multipurpose organization qualifying as a recipient committee

◇ **Nonprofit Organization Making Independent Expenditures.**

Ten days before the June election, a nonprofit organization received \$10,000 from donors for a specific political campaign. Five days prior to the election, the organization makes a single independent expenditure of \$60,000 using the \$10,000 received specifically for political purposes and \$50,000 from the organization’s general membership dues account. The organization must file a Form 496 (24-Hour/10-Day Independent Expenditure Report) within 24 hours. Contributors of \$100 or more who donated specifically for the campaign must be itemized on the Form 496. Within three business days, the organization must use the “last in, first out” (LIFO) accounting method to identify donors up to the \$50,000 in political expenditures made from the general fund. If contributors of \$1,000 or more are identified, an amended Form 496 must be filed to disclose those contributors unless they were reported on the initial Form 496. The organization must also file campaign statements as required by the relevant filing schedule until the committee is terminated.

- ◇ **Nonprofit Association Using Funds Received from Another Nonprofit.** *A national nonprofit association made a \$5,000,000 contribution from its general treasury to a state ballot measure committee thirty days before the election. The national association must register as a recipient committee in California and file appropriate campaign statements. If the national association using the “last in, first out” (LIFO) accounting method identifies contributors of more than \$50,000 that are also nonprofit organizations, the national association must send a “nonprofit filer notice” to those nonprofit organizations within 24 hours.*

Each nonprofit organization that receives the notice must determine the source of the original payment to the national association. For example, if the payment was made from the nonprofit organization’s general membership dues, the nonprofit organization must file a Statement of Organization (Form 410) and a Recipient Committee Campaign Statement (Form 460) identifying its donors within three business days. If the nonprofit organization makes additional expenditures in California, those expenditures must also be reported.

Note: *The national association must send the “major donor notification” to each nonprofit organization identified by the LIFO accounting method as a donor of \$5,000 or more within two weeks. A nonprofit organization identified as a donor of \$10,000 or more must be notified within one week.*

Answering Your Questions

A. Our trade association has never before made a political expenditure; however, this year the association made a single contribution of \$45,000 to a committee primarily formed to support a county ballot measure. Is our association required to register as a recipient committee?

No. Since the contribution was not more than \$50,000, the association does not qualify as a recipient committee so long as the funds were not raised for political purposes and there was no agreement with the donors that their payments may be used for political purposes. The association does, however, qualify as a major donor committee and must file the applicable campaign reports and meet the specified filing deadlines.

B. Our organization provides a variety of services to its members, including insurance coverage which results in income to the organization. The organization makes its political expenditures from the income producing account (nondonor funds), not from its membership dues account. Is our organization required to register as a recipient committee?

No. Since nondonor funds are used, the organization does not qualify as a recipient committee. If the organization makes contributions of \$10,000 or more or independent expenditures of \$1,000 or more in a single calendar year, the organization will qualify as a major donor committee or an independent expenditure committee and must file the applicable campaign reports and meet the specified filing deadlines.

C. Our association receives its funds exclusively from its members. The members do not designate their funds for political purposes. This year, the association made a contribution of \$55,000 to a committee primarily formed to support a county ballot measure. The association will not make additional political expenditures this calendar year. Is our association required to register as a recipient committee?

Yes. The association must file the Form 410 and since its only contribution was to a county ballot measure committee, it must register as a county primarily formed ballot measure committee. In Part 4 of the Form 410, the committee will note that it is a calendar year filer (“CY”) and describe the organization’s mission or significant activities (a reference to its IRS tax form is permissible). The association must also file all applicable campaign reports and meet the specified filing deadlines. Unless the association elects to remain registered as a recipient committee, the committee will automatically terminate at the end of the calendar year.

D. Our federal political action committee (PAC) made a contribution of \$40,000 to a state ballot measure. Since the contribution was not more than \$50,000, is the PAC required to register as a California recipient committee?

Yes. A federal PAC that makes contributions or expenditures in California totaling \$2,000 or more in a calendar year must file the Form 410 and register as a California recipient committee.

E. Our union has a sponsored political action committee (PAC). This year the union made two contributions, \$25,000 and \$30,000, to a state ballot measure committee from the union’s general dues account. We are going to report the contributions on our sponsored committee’s report. When we identify members through the “last in, first out” (LIFO) accounting method for the \$55,000 in political expenditures, are we required to itemize members whose payments total \$100 or more?

No. When identifying sources of political expenditures using the “last in, first out” (LIFO) accounting method, you must only itemize members whose payments total \$1,000 or more in a calendar year. The sponsored PAC, however, must itemize payments that total \$100 or more in a calendar year when those payments are received specifically by the PAC.

F. Our federal political action committee (PAC) qualified as a California recipient committee. We file campaign reports with the Federal Election Commission (FEC) disclosing all contributions received and expenditures made. Are we required to re-itemize contributors on the Form 460?

No. A federal PAC that is filing campaign reports with the FEC is not required to re-itemize contributors on the Form 460, but the committee must disclose the total amount of contributions received, make a statement that its contributors are listed on its federal report, and include the federal committee’s name and identification number. The PAC must itemize its California expenditures on Schedules D and E of the Form 460 and provide a lump sum total of all other expenditures with a description such as, “non-California expenditures.”

G. Our association qualified as a recipient committee (calendar year filer) in May by making a contribution of \$65,000 to a ballot measure committee from the association's general funds. We reported the contribution made to the ballot measure committee and the donors identified as contributors by the "last in, first out" (LIFO) accounting method on the semi-annual Form 460 filed on July 31, covering the period of January 1 through June 30. If we make no further political expenditures this year and we did not elect to remain a registered committee, are we required to file a semi-annual Form 460 for the period of July 1 through December 31?

No. A year-end semi-annual statement is not required so long as the association does not have undisclosed contributions or expenditures to report. Your committee status will automatically terminate on December 31.

H. In order to determine if our organization qualifies as a calendar year filer, do we include contributions and expenditures made prior to the July 1, 2014 effective date for the new rules?

Yes. To determine if the threshold of more than \$50,000 or more than \$100,000 is met, the organization counts contributions and expenditures made going back 12 months or four calendar years, respectively.

- I. In 2019, our organization indicated “CY” on the Form 410 as it qualified as a calendar year filer by making a contribution of \$75,000 to a local ballot measure committee. After the election, we amended the Form 410 to state the committee’s intent to remain open and not automatically terminate at the end of 2019. Are we now subject to the same termination requirements as other non-CY committees?**

Yes. You must continue to file semi-annual statements and other reports that may be required based on your contributions and independent expenditures. In order to terminate, you must file a Form 410 termination statement and a final Form 460 in the same manner as a non-CY recipient committee.

APPENDIX – ABOUT THE POLITICAL REFORM ACT/ HOW TO GET HELP

The Political Reform Act of 1974

The Political Reform Act (the “Act”) was a voter-approved initiative on the 1974 primary election ballot. One of the major provisions of the Act requires the truthful and accurate disclosure of campaign contributions and expenditures during elections.

The Fair Political Practices Commission

The Fair Political Practices Commission (FPPC) is the independent, nonpartisan state agency authorized to implement, interpret, and enforce the provisions of the Act. A full-time chair is appointed by the Governor, and four part-time commissioners, one each appointed by the Controller, the Attorney General, the Secretary of State, and the Governor comprise the Commission. Each member serves a four-year term and no more than three members may be from the same political party. FPPC staff is comprised of five divisions: Executive, Administration and Technology, Enforcement, Legal, and External Affairs and Education.

Governing Statutes

The Political Reform Act is contained in Government Code Sections 81000 – 91014.

Regulations

Regulations interpreting the Political Reform Act are located at Title 2, Division 6 of the California Code of Regulations, beginning at Section 18110.

Opinions and Advice Letters

The FPPC periodically issues opinions interpreting provisions of the Act. The opinions are adopted at a public meeting, with opportunity for input from interested persons.

In addition, FPPC staff issues written advice letters as to the applicability of the Political Reform Act and regulations to a particular factual situation. Refer to the information on requesting written advice from the FPPC available on the FPPC website.

Visit the FPPC website to get copies of specific advice letters, sign up for RSS feeds, or to be put on mailing lists. The FPPC's website (www.fppc.ca.gov) contains a wealth of helpful information, including:

- The Act and its corresponding regulations
- Commission opinions
- Advice letters
- Notices of Commission meeting dates and agenda, supporting documentation for agenda items, and meeting summaries
- Forms required by the Act (also available at the FPPC's office, the Secretary of State's office, and many local clerks' offices)
- Manuals, fact sheets, and useful summaries of the law
- Enforcement closure letters
- Schedules of upcoming training opportunities.

Additional Campaign Manuals

Additional copies of this manual, and manuals for other types of campaign committees are available from the FPPC, the Secretary of State, and many city clerks or county registrars. Manuals are available for:

- State candidates and officeholders, and committees primarily formed to support or oppose state candidates
- Local candidates and officeholders, and committees primarily formed to support or oppose local candidates
- General purpose recipient committees (including PACs, sponsored committees, political party committees, and county central committees)
- Major donor and independent expenditure committees
- Slate mailer organizations

Local Ordinances

A city or county committee may be subject to additional reporting or other requirements, such as the requirement to file campaign reports electronically. There may be contribution limits, lower itemization thresholds, or an additional preelection statement, just to mention a few. A city or county campaign ordinance may never preempt state law.

Privacy Information Notice

Information required on all FPPC forms is used by the FPPC to administer and enforce the Political Reform Act (Government Code Sections 81000-91014 and California Code of Regulations Sections 18109-18997). All information required by these forms is mandated by the Political Reform Act. Failure to provide all of the information required by the Act is a violation subject to administrative, criminal, or civil prosecution. Campaign statements are filed with the Secretary of State and city and county filing officers, depending upon the type of committee filing. (See Chapter 10.)

Enforcement

The Fair Political Practices Commission, the Attorney General, county district attorneys, and elected city attorneys of charter cities have enforcement authority under the Act. Failure to provide all or any part of the information required by the Political Reform Act is a violation subject to:

- An administrative enforcement proceeding before the Fair Political Practices Commission;
- A criminal misdemeanor proceeding;
- A civil action; and
- Levying of late penalties by filing officers.

Penalties of up to \$5,000 per violation may be imposed for not filing campaign statements.
